Mavis Maclean, Rachel Treloar

Domestic Violence And Protecting Children New Thinking And Approaches:

Domestic Violence and Protecting Children Cathy Humphreys, Nicky Stanley, 2015-08-21 In this volume the authors present an overview of the innovative work taking place in relation to domestic violence and child protection This book looks at new prevention initiatives and how interventions for children exposed to domestic violence have been developed It shows how services for abusive fathers have evolved and provides discussion and critique of a number of new initiatives in the field of interagency risk assessment With international perspectives and examples drawn from social care health care and voluntary sectors this book brings together established ideas with recent thinking to provide an authoritative summary of current domestic violence and child protection practice As a valuable source of guidance on how to work safely with children living with domestic violence this is a key reference for social workers health professionals and policy makers

The Routledge International Handbook of Domestic Violence and Abuse John Devaney, Caroline Bradbury-Jones, Rebecca J. Macy, Carolina Øverlien, Stephanie Holt, 2021-03-18 This book makes an important contribution to the international understanding of domestic violence and shares the latest knowledge of what causes and sustains domestic violence between intimate partners as well as the effectiveness of responses in working with adult and child victims and those who act abusively towards their partners Drawing upon a wide range of contemporary research from across the globe it recognises that domestic violence is both universal but also shaped by local cultures and contexts Divided into seven parts Introduction Theoretical perspectives on domestic violence and abuse Domestic violence and abuse across the life course Manifestations of domestic violence and abuse Responding to domestic violence and abuse Researching domestic violence and abuse Concluding thoughts It will be of interest to all academics and students working in social work allied health sociology criminology and gender studies as well as policy professionals looking for new approaches to the subject

The Routledge Handbook of Global Child Welfare Pat Dolan, Nick Frost, 2017-02-17 In the context of the increasing global movement of people and a growing evidence base for differing outcomes in child welfare Routledge Handbook of Global Child Welfare provides a compelling account of child welfare grounded in the latest theory policy and practice Drawing on eminent international expertise the book offers a coherent and comprehensive overview of the policies systems and practices that can deliver the best outcomes for children It considers the challenges faced by children globally and the difference families services and professionals can make This ambitious and far reaching handbook is essential reading for everyone working to make the world a better and safer place for children

The SAGE Handbook of Domestic Violence Todd K. Shackelford, 2020-12-02 The field of Domestic Violence research has expanded considerably in the past decade and now includes work conducted by researchers in many different disciplines notably political science public health law psychology sociology criminology anthropology family studies and medicine The SAGE Handbook of Domestic Violence provides a rich overview of the most important theoretical and empirical work in the field organized by relationship type The handbook

addresses three major areas of research on domestic violence Violence against partners Violence against children Violence against other family members This Handbook is a unique and timely publication and a long awaited valuable resource for the vast amount of Domestic Violence research centres and individual researchers across the globe

Family Group Conferences in Social Work Deanna Edwards,Kate Parkinson,2018-06-27 Family group conferences FGCs are a strengths based approach to social work practice empowering families to take responsibility for decision making It is a cost effective service which is currently used by the majority of local authorities This collection discusses the origins and theoretical underpinnings of family led decision making and brings together the current research on the efficacy and limitations of FGCs into a single text This insightful book also covers topics such as the use of FGCs in different areas of children and families social work uses case studies to illustrate current practice and explores whether FGCs should become a mainstream function of children and families social work

Criminal Psychology David Rowlands,David Canter,2024-09-05 This carefully revised third edition of Criminal Psychology offers a vital up to date account of the wide range of psychological contributions to the understanding of criminals and crime its investigation the legal processes of dealing with offenders and helping victims The book provides insights into cognitive developmental and social theories of a diverse range of crimes including domestic abuse burglary fraud rape murder and terrorism It also discusses the psychological contributions to policing criminal investigations and court processes and gives consideration to securing reliable testimony and rehabilitation in prisons The third edition complements the topics established in earlier editions with the addition of current and emerging issues in the study of criminal psychology including cybercrime new forms of fraud and developments in organised crime as well as the future of crimes and their psychology The well illustrated text is packed with pedagogical features that bring this fascinating subject to life including boxes highlighting key topics descriptions of research methods further reading and suggested essay titles Offering a comprehensive accessible contemporary introduction the book shows that many aspects of psychology are essential for understanding criminals and their actions the investigation of crime and court procedures This is the ideal text for students across psychology criminology socio legal studies and law as well as everyone who wishes to gain an overview of criminal psychology

After the Cradle Falls Melissa Jonson-Reid,Brett Drake,2018 This book integrates examples from folklore songs and news articles with strong attention to empirical research to create an accessible and engaging work intended to provoke the reader to think about how to address the issue of child abuse and neglect in America

Research Handbook on Family Justice Systems Mavis Maclean,Rachel Treloar,2023-05-09 Bringing together current research from a diverse range of jurisdictions on family law the Research Handbook on Family Justice Systems addresses the aims and boundaries of family justice systems Delineating the common purpose of family law to achieve fairness for groups of people who live or have lived together this Research Handbook is concerned with the rules referred to as family law but also with the institutions comprising the operating system

Criminal Psychology David Canter,2017-05-02 This thoroughly

updated and revised new edition provides an essential overview of a full range of psychological contributions to the understanding of crime and the processes of dealing with offenders and helping their victims From the cognitive developmental and social processes that influence a diverse range of crimes including burglary fraud rape and murder to the challenges faced by the police and courts in investigating crime or securing reliable testimony the text is packed with pedagogical features that bring this fascinating subject to life These include boxes highlighting key topics or issues around research methods further reading and suggested essay titles Also including chapters on rehabilitation in prisons and the psychology of victims the text examines hot topics such as gang membership and terrorism as well as discussing how psychology may better understand criminals and criminal behaviour in the future It builds to a comprehensive and accessible introduction to the field It will be ideal for students across psychology criminology and socio legal studies and law

Out of Control Natalie Collins, 2019-04-26 All of us will be familiar with supporting friends family and colleagues through the ups and downs of relationships But could some of the more difficult times of argument and conflict be more than general relationship issues Is there something more sinister going on Over the course of a lifetime 30% of women and 16% of men will be subjected to abuse by a partner yet so many of us are unsure exactly what constitutes domestic abuse and wouldn't know how to react if we or one of our friends or family found ourselves in a relationship with an abuser Natalie Collins is the perfect guide to lead you through this subject amassing over a decade's experience leading workshops raising awareness and capturing national media attention in her work against domestic abuse Highly readable invaluable insightful and steeped in theological insight Natalie starts right from the basics exploring what domestic abuse is why it is perpetrated and the impact it has on children and adults Filled with case studies including Natalie's own story this book offers much needed advice on how we can address domestic abuse both as individuals and as a church community

Developments Erica Burman, 2020-07-28 How does developmental psychology connect with what used to be called the developing world What do cultural representations indicate about the contemporary politics of childhood How is concern about child sexual exploitation linked to wider securitization anxieties In other words what is the political economy of childhood and how is this affectively organized This new edition of Developments Child Image Nation fully updated is a key conceptual intervention and resource reflecting further on the contexts and frameworks that tie children to national and international agendas A companion volume to Burman's Deconstructing Developmental Psychology third edition 2017 this volume helps explain why questions around children and childhood including their safety welfare their interests abilities sexualities and their violence have so preoccupied the late twentieth and twenty first centuries showing how the frames for these concerns have extended beyond their Euro US contexts of origination In this completely revised edition Burman explores changing debates and contexts offering resources for interpreting continuities and shifts in the complex terrain connecting children and development Through reflection on an increasingly globalised marketised world that prolongs previous colonial and gendered dynamics in

new and even more insidious ways *Developments* analyses the conceptual paradigms shaping how we think about and work with children and recommends strategies for changing them Drawing in particular on feminist and post development literatures as well as original and detailed engagement with social theory it illustrates how and why reconceptualising notions of individual and human development including those informing models of children s rights and interests is needed to foster more just and equitable forms of professional practice with children and their families Burman offers an important contribution to a set of urgent debates engaging theory and method policy and practice across all the disciplines that work with or lay claim to children s interests A persuasive set of arguments about childhood culture and professional practice *Developments* is an invaluable resource to teachers and students in psychology childhood studies and education as well as researchers in gender studies

Child Abuse and Neglect India Bryce,Yolande Robinson,Wayne Petherick,2019-02-02 *Child Abuse and Neglect Forensic Issues in Evidence Impact and Management* provides an overview of all aspects of child abuse and neglect approaching the topic from several viewpoints First child abuse is considered from both victimization and offending perspectives and although empirical scholarship informs much of the content there is applied material from international experts and practitioners in the field from policing to child safety and intelligence The content is presented to align with university semester timetables in three parts including 1 Typologies methods and platforms for abuse 2 Impacts and prevention and 3 Issues surrounding recognition and management of child abuse This book fills a void in the available university level classroom targeted literature promoting the inclusion of child abuse as a standalone subject within university curricula As such readership includes undergraduate and postgraduate students teachers and wider scholarship as well as practitioners including those from psychology criminology criminal justice and law enforcement Presents an up to date approach that tackles child abuse from several viewpoints Includes typologies risk and protective factors recognition responses biopsychosocial outcomes public policy prevention institutional abuse children and corrections treatment and management and myths and fallacies Provides information on significant advances in knowledge areas such as disclosure the neurological effects of child abuse and neuroplasticity and online and virtual child abuse

Safeguarding in Social Work Practice Charlotte Chisnell,Caroline Kelly,2019-03-11 This book brings together common safeguarding themes and knowledge across social work with children young people and adults to help social workers understand safeguarding across different contexts and age groups

The Routledge International Handbook of Feminisms in Social Work Carolyn Noble,Shahana Rasool,Linda Harms-Smith,Gianinna Muñoz-Arce,Donna Baines,2024-06-03 This handbook highlights innovative and affect driven feminist dialogues that inspire social work practice education and research across the globe The editors have gathered the many at times silenced feminist voices and their allies together in this book which reflects current and contested feminist landscapes through 52 chapters from leading feminist social work scholars from the many branches and movements of feminist thought and practice The breadth and width of this collection encompasses work from diverse

socio political contexts across the globe including Central and South America Africa Asia the Middle East Europe North America Aotearoa New Zealand and Australia The book is divided into six parts as follows Decoloniality Indigeneity and Radical Theorising Feminist Social Work in Fields of Practice Academy and Feminist Research The Politics of Care Allyship Profeminisms and Queer Perspectives Social Movements Engaging with the Environment and the More than Human The above sections present the diverse feminisms that have influenced social work which provides a range of engaging informative and thought provoking chapters These chapters highlight that feminists still face the battle of working towards ending gender based violence discrimination exploitation and oppression and therefore it is urgent that we feature the many contemporary examples of activism resistance best practice and opportunities to emphasise the different ways feminisms remain central to social work knowledge and practice It will be of interest to all scholars and students of social work and related disciplinary areas including the social and human sciences global and social politics and policy human rights environmental and sustainability programmes citizenship and women s studies

The Child's World, Third Edition Jan Horwath, Dendy Platt, 2018-12-06 Fully updated edition of THE bestselling book on assessing children in need and their families Comprehensive and multidisciplinary it covers all aspects of assessment from early help through to child protection Explores implications of recent legislation and the very latest issues for practice

Collaborating Against Child Abuse Susanna Johansson, Kari Stefansen, Elisiv Bakketeig, Anna Kaldal, 2017-10-18 This book is open access under a CC BY 4.0 license This edited collection explores the background and implementation of the Nordic Barnahus or Children s House model recognised as one of the most important reforms related to children who are the victims of crime in the Nordic region This book discusses both its potential to affect change and the challenges facing it The model was introduced as a response to a growing recognition of the need for more integrated and child centred services for children exposed to violence and sexual abuse In the Barnahus structure different professions work together to ensure that victimized children receive help and treatment and that their legal rights are met This original study is organised into four broad themes child friendliness support and treatment the forensic child investigative interview children s rights perspectives and interagency collaboration and professional autonomy Each themed section includes in depth chapters from different Nordic countries outlining and analysing the practice and outcomes of the collaborative work engaged in by Barnahus from different perspectives The introductory and concluding chapters offer a comparative lens useful for policy and practice implementation within the Nordic welfare state context and beyond ensuring this book has global academic and practical appeal

Social Policy for Social Work, Social Care and the Caring Professions Steve J Hothersall, Janine Bolger, 2020-11-29 This revised second edition analyses social policy in Scotland since devolution in 1999 and reflects the nascent and distinctively Scottish policy agenda Along with updated chapters there are two new inclusions a chapter analysing post devolution Scotland and a chapter on the likely impacts of Brexit on and within Scotland Providing diagrams tables and a range of activities the book

maintains an innovative and pedagogic emphasis to introduce students to a wealth of materials ideas and practical responses to the increasingly complex and diverse situations faced by social workers and other professionals Part 1 of the book looks at what social policy is how and why it is made and highlights the importance of the relationship between social policy and the law Part 2 refers to specific themes of social exclusion poverty and more visible for this revised edition austerity considering their complex and multidimensional forms and discussing the range of policies currently extant that aim to combat such disadvantage Part 3 provides a comprehensive overview of policy for practice considering concepts of health inequality mental health older people disability children and families education substance use criminal justice asylum and immigration and homelessness This book will be of interest to undergraduate and postgraduate students as well as post qualified professionals seeking to understand the complexities of the social policy landscape in Scotland and its influence on social work and related forms of professional practice

Interventions against child abuse and violence against women

Carol Hagemann-White,Liz Kelly,Thomas Meysen,2019-10-28 This book offers insights and perspectives from a study of Cultural Encounters in Intervention Against Violence CEINAV in four EU countries Seeking a deeper understanding of the underpinnings of intervention practices in Germany Portugal Slovenia and the United Kingdom the team explored variations in institutional structures and traditions of law policing and social welfare Theories of structural inequality and ethics are discussed and translated into practice

Dimensions of Human Behavior

Elizabeth D. Hutchison,2018-09-05 Dimensions of Human Behavior The Changing Life Course presents a current and comprehensive examination of human behavior across time using a multidimensional framework Author Elizabeth D Hutchison explores both the predictable and unpredictable changes that can affect human behavior through all the major developmental stages of the life course from conception to very late adulthood Aligned with the 2015 curriculum guidelines set forth by the Council on Social Work Education CSWE the Sixth Edition has been substantially updated with contemporary issues related to gender and sexuality race and ethnicity and social class and disability across the lifespan
