Domination Basics Secrets Of The Alpha Male Book 1:

Domination Basics Drawk Kwast, 2010-12-13 This book shows a blatant disregard for social acceptability as it instructs readers toward one simple goal total domination It s egotistical sexist narcissistic and completely practical These are the secrets of the alpha male and throughout the centuries they have been the only real path to money women and power If you ve tried everything else it may be time to use what actually works Introduction In every generation there are two groups There are the masses For them the world is chaotic and painful They live most of their lives knowing something is wrong but not knowing how to fix it Their battle cry is one of weak mediocrity They are neither satisfied nor rested Their biggest fear is that they will die nothing more than the sum of their failures and frustrations There is another group They are the elite the Alphas They understand the universe as an equation They get it They are free in all the ways that others are not because they are free of fear Everything is in abundance for them They have the friends you want They have the jobs you want They have the cars you want parked in front of the houses you wish you owned They experience the life you want while surrounded by the women you want All the things you dream about they know how to get easier faster and smarter than you can At the end of every day they sleep with ease looking forward to the next day s adventures Which group are you a member of What if you had a choice This book will give you that choice Inside You Will Discover Part 1 Social Basics Being the envy of those around you How you choose to see yourself and those around you dictates how you assign value We are going to stack the deck in your favor by preventing you from sabotaging your own value and stopping you from over inflating the value of those around you With these skills you can thrive in any social environment Part 2 Business Basics Failure and other necessary ingredients for success This is your guide for maneuvering when things periodically and inevitably go wrong in the business world Where most men become paralyzed you will become stronger This is the art of building today s success out of yesterday s failures Part 3 Power Basics Understanding the source and nature of your power The source and nature of your power is no great secret yet most men will never understand these concepts because they expect complex answers By accepting the truths you didn t expect and taking action on a plan that is deceptively simple you will gain power far beyond what you thought possible

Power Communication Drawk Kwast, 2012-10-22 This book is the culmination of street smarts Neuro Linguistic Programming and evolutionary psychology combined with an overdose of testosterone For thousands of years the secrets within have been used by the world s most powerful men as they ignored the politically correct embraced their primal instinct and won battles through the obscene use of superior mental firepower From the boardroom to the bedroom these are the communication skills that will enable you to become the master of any domain situation or person Inside You Will Discover Part 1 Linguistics Gateway to the human mind Change your language and you change your thinking As you master language you take control of your unconscious thoughts You will then discover the power to influence the unconscious thoughts of others without them ever being aware of it Part 2 Paralinguistics Adding the power of emotion Words lacking

emotion are empty and powerless When you fill words with emotion you give them power As your words become more powerful you become more powerful Part 3 The Art of Physical Space Attention and compliance from a commanding presence Body language is a term used by those who will never possess more than a limited understanding of the concept A truly powerful man claims attention and compliance not only with his body but also through his masterful display of physical objects As you gain a full understanding of these concepts your influence will extend throughout your environment Part 4 Eye Contact Exploiting the window of the soul Move beyond your fears and you find the willpower to look directly at people as you talk with them You will then discover the power to truly see them There will be no mask emotional wall or power of deception strong enough to cloud your vision You will instantly understand people at the deepest level as you gain hypnotic power over them Part 5 Questions vs Statements Abandoning the unknown for the power of what is The masses being weak and confused search for answers by asking questions Leaders assume command by using statements to give the masses what they want You will learn how to know what others want without asking as they hand over power to the one person with all the answers you Part 6 Limited Sensory Communication Extending your influence beyond your reach As you harness the power of technology to communicate beyond the barrier of distance you discover a unique set of obstacles Where the power of most men fades you will learn quite literally the art of remote control Part 7 Humor The key to any lock In the hands of a master humor is one of communication's most devastating tools It has the power to dismantle defenses and turn combative people into instant allies You will discover that the only thing better than getting what you want is having people deliver it with a smile Part 8 Congruency Use of the unstoppable force Most men are crippled by doubt and indifference Their conflicting thoughts and actions wastefully scatter their energy They are their own worst enemy As you claim control of your own mind you find focus and efficiency combined with a state of constant action Achievement of your goals is no longer a question of if but when The more congruent you are the faster it will happen **Video Sourcebook Supplement**
