

DON TROIANI'S
SOLDIERS OF THE
AMERICAN REVOLUTION

Don Troianis Soldiers Of The American Revolution

John C. Fredriksen

Don Troiani's Soldiers Of The American Revolution:

Don Troiani's Soldiers of the American Revolution, 2007 Vibrant color paintings illustrate soldiers and battles of the war Color photos of seldom seen period artifacts such as uniforms weapons and other equipment In this collection renowned artist Don Troiani teams up with leading artifact historian James L Kochan to present the American Revolution as it has existed only in our imaginations in living color From Bunker Hill to Yorktown from Washington to Cornwallis from the Minute Men to the Black Watch these pages are packed with scenes of grand action and great characters recreated in the vivid blues and reds that defined the Revolutionary era Troiani's depictions of these legendary fire and drum soldiers are based on firsthand accounts and wherever possible surviving artifacts Scores of color photographs of these objects many of them from private collections and seen here for the very first time accompany the paintings Items range from muskets and beautifully ornate swords to more unique pieces such as badges with unit insignia or patriotic slogans and Baron von Steuben's liquor chest More than just a glimpse into a world long past this is the closest the modern reader can get to experiencing the Revolutionary War firsthand [Don Troiani's Black Soldiers in America's Wars: 1754-1865](#) John U. Rees, 2025-01-21 Using a masterful combination of artistry and accuracy Don Troiani has dedicated his career to transforming our understanding of the military soldier Don now turns his talents to capturing the under recognized African American soldiers as they fought in the French and Indian War the War of Independence the War of 1812 and the American Civil War Don's battle paintings figure studies and artifact collection are teamed with historian John Rees's insightful text This long needed work combines Troiani's magnificent art the dramatic battle paintings and authentically illustrated uniformed soldier studies with Rees's introductory chapters on the four wars Using primary sources Rees gives a true picture of the contributions of the many Black soldiers over the 100 year history Together Troiani and Rees provide the most comprehensive authoritative and well researched study of the Black soldier in early America [Don Troiani's Soldiers in America, 1754-1865](#) Don Troiani, Earl J. Coates, James L. Kochan, James Kochan, 1998 Combines Troiani's artwork depicting military uniforms with photographs of artifacts and the written commentary by Coates and Kochan **Don Troiani's Regiments and Uniforms of the Civil War** Don Troiani, 2002 In the world of historical painting Don Troiani stands alone universally acclaimed for the accuracy drama and sensitivity of his depictions of America's past His Civil War paintings and limited edition prints hang in the finest collections in the country and are noted by collectors from around the world Now in *Don Troiani's Regiments and Uniforms of the Civil War* the artist turns his brush to one of the most colourful and captivating aspects of Civil War history the individual units that earned their reputations on the battlefield and the distinctive uniforms they wore In addition to 130 paintings of battle scenes and individual figures the book also includes more than 250 full colour photographs of the uniforms the soldiers wore and the accoutrements they carried Supporting the illustrations is text by two of the leading military artefact experts Taken together it makes for one of the most comprehensive books on Civil War uniforms ever undertaken

John Haslet's World David Price, 2020-11-03 This is the story of Colonel John Haslet an Irish immigrant to the American colonies who made the ultimate sacrifice while fighting for his adopted country During this pivotal moment in America's war for independence against Great Britain a newborn nation struggled to survive against a militarily superior force deployed by a mighty empire This is also a chronicle of the inspirational leadership and service of the Delaware Regiment that Haslet formed and guided told as part of a more wide ranging narrative about the 1776 campaign of Washington's army That battered but resilient force faced the prospect of total defeat in the winter of 1776-1777 as the quest for American independence hung in the balance

Don Troiani's Campaign to Saratoga-1777 Eric Schnitzer, Don Troiani, 2023-06-14 An artistic rendering of a key campaign in the American Revolution along with historical narrative brings this first United States victory to life The Battles of Saratoga are cited as the turning point in the Revolutionary War Beginning when the armies prepared to face off in June 1777 through the surrender of the British Army in October the battles of the Northern Campaign were significant to the outcome of the War and the fight for independence As a result of the Saratoga battles the patriots gained confidence the French entered the war and the British plan to win the war quickly was put to an end Master historical painter Don Troiani and historian Eric Schnitzer combine their talents in this new book on Saratoga the Revolutionary War campaign This magnificently illustrated history features many new artworks previously unpublished eyewitness accounts photographs of important artifacts and a solid detailed historical narrative including background on the campaigns leading up to Saratoga

George Washington's Surprise Attack Phillip Thomas Tucker, 2016-08-23 Extensively researched and superbly argued in Tucker's compelling narrative this in depth examination of George Washington's military miracle at the Battle of Trenton unquestionably confirms the vital importance of that stunning victory Jerry D Morelock PhD editor in chief at Armchair General Like many historical events the American Revolution is sometimes overlooked ignored or minimized by historians because of common shrouding in romantic myth or interference from stubborn stereotypes Here historian Phillip Thomas Tucker provides an in depth look at the events of the Battle of Trenton weeding out fiction and legend and presenting new insights and analysis Stories from many forgotten individuals of the war including officers and soldiers from both sides bring to life the Continental Army's desperate circumstances and shocking victory Myths that Tucker debunks include the Hessians slovenly drunkenness Washington acting alone in creating the attack strategy and Rall's incompetence as a leader largely contributing to his troops defeat By exploring the forgotten aspects of one of America's most famous battles revealing Trenton's story proves to be even more fascinating In the end America's founding was nothing short of miraculous and no chapter of America's story was more miraculous than Washington's improbable success at the battle of Trenton where America's fate was decided to almost everyone's amazement on a dark snowy morning Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American

Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home *The Saratoga Campaign* William A. & Donald W. Linebaugh Griswold, Donald W. Linebaugh, 2016-05-03 The battles of Saratoga proved to be a turning point in the Revolutionary War when British forces under the command of General John Burgoyne surrendered to American forces led by General Horatio Gates The Saratoga Campaign provides a new and greatly expanded understanding of the battles of Saratoga by drawing on the work of scholars in a broad range of academic disciplines Presenting years of research by material culture scholars archaeologists historians museum curators military experts and geophysicists this definitive volume explores these important Revolutionary War battles and their aftermath adding a physical and tangible dimension to the story of the Saratoga campaign Presenting the latest hands on research The Saratoga Campaign is an original and multifaceted contribution to our understanding of this critical event in America's birth **George Washington Versus the Continental Army** Michael S. McGurty, 2023-10-24 The Revolutionary War was nearing its end in early 1783 In his Hudson Highlands stronghold General Washington kept a wary eye on the British force in New York City 60 miles away His army owed months of back pay and his officers frustrated by the negotiations over their promised pension chafed under martial authority A nationalist faction in Congress seized upon this discontent to instigate the Newburgh Conspiracy a plot by Continental Army officers to menace civil officials who opposed the Impost a 5% tax on imports to be collected by the central government to satisfy the nation's debts The army by this time a formidable force of seasoned veterans was provoked into threatening the very liberties it had fought to defend This book examines this last major crisis of the Revolution when Washington stood between his men and the American people Liberty The Museum of the American Revolution The Museum of the American Revolution, 2021-10-14 Using a masterful combination of artistry and accuracy New York Times nationally renowned historical artist Don Troiani has dedicated much of his career to transforming the modern understanding of what the Revolutionary War truly looked like His research based paintings capture the reality and drama of crucial moments such as the 1775 Battle of Bunker Hill General Washington's daring 1776 attack on Trenton and the American and French victory at Yorktown in 1781 *Liberty* Don Troiani's Paintings of the Revolutionary War the book that serves as catalog for the exhibit of Troiani's work at the Museum of the American Revolution highlights the most pivotal events of America's fight for independence and reveals Troiani's research based artistic process For the first time in a museum this special exhibition brings together over forty of Troiani's original Revolutionary War paintings and pairs them with forty artifacts from his personal collection that of the Museum and several private collectors <https://www.amrevmuseum.org/exhibits/liberty-or-death> don troiani's paintings of the revolutionary war The exhibit and the book unveil Troiani's latest canvas a painting of the young African American sailor and Philadelphian James Forten witnessing Black and Native American troops in the ranks of

the Continental Army as they march past Independence Hall on their way to Yorktown Virginia The painting was commissioned in 2019 by the Museum with funding provided by the Washington Rochambeau Revolutionary Route National Historic Trail of the National Park Service The exhibit will be open from October 16 2021 to September 5 2022 **Winning the Ten Crucial Days** David Price,2025-04-15 A new narrative of the Ten Crucial Days winter campaign of 1776 1777 with a focus on how leadership geography weather artillery and contingency reversed the tide of the war The Ten Crucial Days winter campaign of 1776 77 is one of the most storied in the annals of military history David Price examines this pivotal moment in the American War of Independence through an interpretive framework that focuses on five key factors leadership geography weather artillery and contingency His narrative differs from earlier works on the subject that are largely a chronological account of this period The Ten Crucial Days were the canvas on which a masterpiece of bold and enterprising leadership was painted It may have borne George Washington's signature but the brushes were furnished by the officers and common soldiers he commanded and the coloration made vibrant by the hues from various contributing factors the quality of decision making on both sides of the conflict the nature of the terrain the effects of weather the roar of cannon fire and the vagaries of fortune The confluence of these overlapping factors seemingly conspired to frustrate British designs at a critical moment in their effort to overpower the American rebellion Although each was important in its own right their aggregate influence on the course of events reflected the mutually reinforcing nature of these elements Leadership that met the moment when combined with the auspicious effects of favorable geography weather that accommodated the needs of an army the adept use of numerically superior artillery and fortuitous developments that fall under the rubric of contingency won the Ten Crucial Days and propelled the Revolutionary cause into a lengthy war of attrition that eventuated in American independence The Traitor's Homecoming Matthew E. Reardon,2024-08-15 Almost everyone is familiar with the name of at least one Revolutionary War battle Some like Lexington and Concord Bunker Hill Saratoga and Yorktown are household names Others are less well known but readily recognized when mentioned An engagement in Connecticut during the war's seventh year commanded by one of history's most infamous military names is not among them Matthew E Reardon has set out to rectify that oversight with The Traitor's Homecoming Benedict Arnold's Raid on New London Connecticut September 4 13 1781 By 1781 the war in North America had reached a stalemate That changed during the summer when the combined Franco American armies of Generals George Washington and Jean Baptiste comte de Rochambeau deceived British General Sir Henry Clinton into believing they were about to lay siege to New York City In fact they were moving south toward Yorktown Virginia in a bid to trap Lord Cornwallis's British army against the sea Clinton fell for the deception and dispatched former American general Benedict Arnold to attack New London Clinton hoped to destroy the privateers operating out of its harbor and derail militia reinforcements and supplies heading from Connecticut to the allied armies outside New York City Situated in southeastern Connecticut New London was the center of the state's wartime naval activities State and

Continental naval vessels operated out of its harbor which doubled as a haven for American privateers Arnold landed on September 6 and in a textbook operation defeated local militia took possession of the town harbor and forts and set New London's waterfront ablaze But that is not how it is remembered The Connecticut governor's vicious propaganda campaign against the British and Arnold who was already infamous for his treachery created a narrative of partial truths and embellishments that persist to this day As such most of the attention remains on the bloody fighting and supposed massacre at Fort Griswold There is much more to the story The Traitor's Homecoming uses dozens of newly discovered British and American primary sources to weave a balanced military study of an often forgotten and misunderstood campaign Indeed Reardon achieves a major reinterpretation of the battle while dismantling its myths Thirteen original maps and numerous illustrations and modern photographs flesh out this provocative and groundbreaking study The United States Army John C. Fredriksen, 2010-03-11 This book offers a detailed timeline of the key events in the history of the U S Army from the American Revolutionary War to today's ongoing conflicts in Afghanistan and Iraq The United States Army A Chronology 1775 to the Present captures the full sweep of the U S Army's place in our nation's history Its series of concise yet highly informative entries cover all important events involving American ground troops both successes and failures in wartime and in peace from the American Revolutionary War to the present In a basic chronological format anchored to specific dates The United States Army reports on all significant military engagements major conflicts and isolated actions but goes well beyond the battlefield to include significant political and administrative changes affecting the military notable events in the careers of generals and soldiers significant military texts the foundation of noted schools of instruction and military minutiae such as pay scales and creation of a general staff Coverage also extends beyond the regular army to include auxiliaries from the colonial militias to today's National Guard Reserves Army Aviation and Special Forces Don Troiani's Soldiers in America, 1754-1865, 2008-10 This sweeping tour through America's military past provides a fascinating glimpse into the life of the soldier of the colonial wars the American Revolution the War of 1812 the Mexican War and the Civil War Featuring Don Troiani's meticulously crafted full color scenes of grand action and great characters including Bushy Run George Washington the Battle of Cowpens Stonewall Jackson Emmitsburg Road and Hampton's Duel Supporting nearly 200 photos of rare equipment and uniforms from Troiani's personal collection is text that analyzes and evaluates the arms and accouterments of the different periods using firsthand accounts to describe military fashion in Europe and America *How the Irish Won the American Revolution* Phillip Thomas Tucker, 2015-10-06 When the Continental Congress decided to declare independence from the British empire in 1776 ten percent of the population of their fledgling country were from Ireland By 1790 close to 500 000 Irish citizens had immigrated to America They were very active in the American Revolution both on the battlefields and off and yet their stories are not well known The important contributions of the Irish on military political and economic levels have been long overlooked and ignored by generations of historians However new evidence has revealed that

Washington's Continental Army consisted of a far larger percentage of Irish soldiers than previously thought between 40 and 50 percent who fought during some of the most important battles of the American Revolution. Romanticized versions of this historical period tend to focus on the upper class figures that had the biggest roles in America's struggle for liberty. But these adaptations neglect the impact of European and Irish ideals as well as citizens on the formation of the revolution. Irish contributors such as John Barry the colonies' foremost naval officer, Henry Knox an artillery officer and future Secretary of War, Richard Montgomery America's first war hero and martyr, and Charles Thomson a radical organizer and Secretary to the Continental Congress were all instrumental in carrying out the vision for a free country. Without their timely and disproportionate assistance, America almost certainly would have lost the desperate fight for its existence.

Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history. Books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Partisans, Guerillas, and Irregulars Steven D. Smith, Clarence R. Geier, 2019-06-25

Essays that explore the growing field of conflict archaeology. Within the last twenty years, the archaeology of conflict has emerged as a valuable subdiscipline within anthropology, contributing greatly to our knowledge and understanding of human conflict on a global scale. Although archaeologists have clearly demonstrated their utility in the study of large scale battles and sites of conventional warfare such as camps and forts, conflicts involving asymmetric guerilla or irregular warfare are largely missing from the historical record.

Partisans, Guerillas, and Irregulars: Historical Archaeology of Asymmetric Warfare presents recent examples of how historical archaeology can contribute to a better understanding of asymmetric warfare. The volume introduces readers to this growing study and to its historic importance. Contributors illustrate how the wide range of traditional and new methods and techniques of historiography and archaeology can be applied to expose critical actions, sacrifices, and accomplishments of competing groups representing opposing philosophies and ways of life which are otherwise lost in time. The case studies offered cover significant events in American and world history including the French and Indian War, the American Revolution, Indian wars in the Southeast and Southwest, the Civil War, Reconstruction, Prohibition, and World War II. All such examples used here took place at a local or regional level and several were singular events within a much larger and more complex historic movement. While retained in local memory or tradition and despite their potential importance, they are poorly and incompletely addressed in the historic record. Furthermore, these conflicts took place between groups of significantly different cultural and military traditions and capabilities, most taking on a David vs Goliath character, further shaping the definition of asymmetric warfare.

From Trenton to Yorktown John R. Maass, 2025-02-13

Published to coincide with the 250th anniversary, this

sweeping narrative is an astute exploration of the five critical military events that changed the outcome of the Revolutionary war For eight grueling years American and British military forces struggled in a bloody war over colonial independence This conflict also ensnared Native American warriors and the armies and navies of France Spain the Dutch Republic and several German principalities From frozen Canada to tropical Florida and as far west as the Mississippi River the Revolutionary War included hundreds of campaigns battles and skirmishes on land and sea in which soldiers and sailors fought and died for causes crowns and comrades In this masterful yet accessible narrative of America s fight for liberty John R Maass identifies the five decisive events that secured independence for the 13 hard pressed but determined colonies These include not only the obvious military victories such as Trenton Princeton and Yorktown but also the leadership and reforms that ensured Washington s forces were capable of enduring the harsh conditions of the winter of 1778 Similarly King Louis XVI s decision to supply Continental troops during the Saratoga Campaign with desperately needed soldiers arms money and fleets is also detailed as a key factor These turning points not all of them triumphs on the battlefield delivered a victory for the new United States By challenging conventional interpretations of what ensures victory in warfare From Trenton to Yorktown offers a fresh perspective on the Revolutionary War *Excavating the Sutlers' House* David R. Starbuck,2010 A presentation of new and classic artifacts from the remains of a sutlers house and other military sites along the Hudson River and Lake George lavishly illustrated in full color **Defending Fort Stanwix** William L. Kidder,2024-11-15 In *Defending Fort Stanwix* William L Kidder tells the dramatic story of the fort that never surrendered and the crucial role it played in the American War for Independence After a series of military defeats over the winter of 1776 1777 British military leaders developed a bold plan to gain control of the Hudson River and divide New England from the rest of the colonies Three armies would converge on Albany one under Lieutenant General John Burgoyne moving south from Quebec one under General William Howe moving north from New York City and a third under Lieutenant Colonel Barrimore St Leger cutting east from Lake Ontario along the Mohawk River Fort Stanwix lay directly on the path of St Leger s force making it a key defensive position for the Continental Army By delaying St Leger s troops and forcing a retreat the garrison s stand at Fort Stanwix contributed to Burgoyne s surrender at the Battles of Saratoga a month later a major turning point in the course of the war Kidder offers an engaging account of life in and around the fort in the months leading up to the siege detailing the lives of soldiers and their families civilians and the Haudenosaunee peoples with a focus on both the mundane aspects of military life and the courageous actions that earned distinction *Defending Fort Stanwix* relates the stories of local men and women both white and Indian who helped with the fort s defense before during and after the siege and showcases an exciting overlooked story of bravery and cooperation on New York s frontier during the American Revolution **American Loyalist Troops 1775-84** René Chartrand,2013-01-20 To celebrate the 450th title in the Men at Arms series this book examines in much more depth than previously the units and the uniforms of a still controversial army the many thousands of American colonists who chose to

fight for King George during the Revolution As well as the better known corps from the Atlantic seaboard the author covers the units raised for service against the Spanish in the Floridas the Caribbean islands and Central America The text is illustrated with portraits photographs of rare surviving artefacts and with color reconstructions by Gerry Embleton the respected expert on 18th century American forces whose work was recently exhibited in the Smithsonian Institute

This is likewise one of the factors by obtaining the soft documents of this **Don Troianis Soldiers Of The American Revolution** by online.
