# Double Cross The Code Of The Catholic Church

**The Princeton Review**

## **Double Cross The Code Of The Catholic Church:**

*Double Cross* David Ranan, 2007-04 Unlike Dan Brown's *The Da Vinci Code* David Ranan's well researched *Double Cross* The Code of the Catholic Church is a fact based across the board analysis of the Catholic Church His conclusions are not less startling The book reflects on whether there is a systemic fault at the heart of the Church and considers the paradox between her message of love and her history of violence Ranan's insightful analysis explains why the modern Church has such difficulty in reversing her teachings on such fundamental questions as birth control abortions the Jews and other shibboleths He explains why the Church has even today failed to give anything more than a half hearted apology for Galileo's trial and why she has for so long covered up sexual abuse by her priests This compelling book will be of interest to anyone whose life is or was affected by the Church as well as Catholics and non Catholics who are interested in the power of religion and who wonder about the ability of the Church to change

*Presbyterianism*, **Love Rewired** David Kavanagh, 2016-02-22 *Love Rewired* is a fascinating examination of how developments in brain science can be employed to improve our relationships The author uses extensive case studies from his work as a therapist combined with his vast knowledge of brain science to answer some fundamental questions that intrigue us all such as What happens in our brain when we argue Where do our habits come from Do men and women have different brains Do our brains cause affairs Is sex really addictive Can brain science make us better parents Why do we stay in bad relationships Why do people change after marriage Can you really change someone you love About the Author David Kavanagh is a dating coach and registered family therapist His advice has appeared in magazines such as *Stellar U* and *FHM* and newspapers such as the *Irish Independent* *Irish Examiner* and *Sunday Business Post* On the BBC hit TV show *You're Not the Man I Married* he helped six married couples regain their spark He has appeared on *The Ryan Tubridy Show* as a dating expert and can often be heard on *Newstalk* BBC Radio Northern Ireland and *Spin fm* He manages a team of relationship consultants who prepare engaged couples for marriage and runs mindfulness programmes in Ireland and the UK He also consults for *Synaptic Potential* one of Europe's leading neuroscience training organisations

higher profile The number of faith schools is increasingly and religious points of view are being aired more frequently in the  
media As religion s profile rises those who reject religion including humanists often find themselves misunderstood and  
occasionally misrepresented Stephen Law explores how humanism uses science and reason to make sense of the world  
looking at how it encourages individual moral responsibility and shows that life can have meaning without religion  
Challenging some of the common misconceptions he seeks to dispute the claims that atheism and humanism are faith  
positions and that without God there can be no morality and our lives are left without purpose Looking at the history of  
humanism and its development as a philosophical alternative he examines the arguments for and against the existence of God  
and explores the role humanism plays in moral and secular societies as well as in moral and religious education Using  
humanism to determine the meaning of life he shows that there is a positive alternative to traditional religious belief ABOUT
