Emerging Viruses Aids And Ebola Nature Accident Or Intentional:

Emerging Viruses Leonard G. Horowitz, 1997 Horowitz public health author presents thoroughly researched information in his exploration into the origins of the HIV and Ebola viruses His bias toward the theory that HIV was introduced into the general population by vaccine experiments conducted in New York City and Africa is apparent He generalizes from this thesis that the AIDS epidemic may have been deliberately deployed as a genocide tactic as part of the CIA foreign policy activity in Central Africa The volume is characteristic of a conspiracy genre and as such presents its facts with an eye toward a predisposed conclusion Annotation copyright by Book News Inc Portland OR Emerging Viruses Leonard G.

Jerome R. Corsi, 2008-08-05 In this thoroughly researched and documented book the 1 New York Times bestselling co author of *Unfit for Command* Swift Boat Veterans Speak Out Against John Kerry explains why the extreme leftism of an Obama presidency would leave the United States weakened diminished and divided why Obama must be defeated and how he can be Barack Obama stepped onto the national political stage when the then Illinois State senator addressed the 2004 Democratic National Convention Soon after Obama was elected to the U S Senate author Jerome Corsi began researching Obama's personal and political background Scrupulously sourced with more than 600 footnotes *The Obama Nation* is the result of that research By tracing Obama's career and influences from his early years in Hawaii and Indonesia the beginnings of his

political career in Chicago his voting record in the Illinois legislature his religious training and his adoption of Christianity through to his recent involvement in Kenyan politics his political advisors and fundraising associates and his meteoric campaign for president Jerome Corsi shows that an Obama presidency would in his words be a repeat of the failed extremist politics that have characterized and plagued Democratic Party politics since the late 1960s In this stunning and comprehensive new book the reader will learn about Obama s extensive connections with Islam and radical politics from his father and step father s Islamic backgrounds to his Communist and socialist mentors in Hawaii and Chicago to his long term and close associations with former Weather Underground heroes William Ayers and Bernadette Dohrn associations much closer than heretofore revealed by the press Barack and Michelle s 20 year long religious affiliation with the black liberation theology of former Trinity United Church of Christ Reverend Jeremiah Wright whose sermons have always been steeped in a rage first expressed by Franz Fanon Stokely Carmichael and Malcolm X a rage that Corsi shows has deep meaning for Obama Obama s continuing connections with Kenya the homeland of his father through his support for the candidacy of Raila Odinga the radical socialist presidential contender who came to power amid Islamist violence and church burnings Obama s involvement in the slum landlord empire of the Chicago political fixer Tony Rezko who helped to bankroll Obama s initial campaigns and to purchase of Barack and Michelle s dream home property The background and techniques of the Obama campaign s cult of personality including the derivation of the words hope and change Obama s far left domestic policy his controversial votes on abortion his history of opposition to the Second Amendment his determination to raise capital gains taxes his impractical plan to achieve universal health care and his radical plan to tax Americans to fund a global poverty reduction program Obama s na ve anti war anti nuclear foreign policy predicated on the reduction of the military the eradication of nuclear weapons and an overconfidence in the power of his personality as if belief in change alone could somehow transform international politics achieve nuclear weapons disarmament and withdrawal from Iraq without adverse consequences for us for the Iraqis or for Israel Meticulously researched and documented The Obama Nation is the definitive source for information on why and how Barack Obama must be defeated not by invective and general attacks but by detailed arguments that are well researched and fact based

Conspiracy Culture Dr Peter Knight,Peter Knight,2013-04-15 Conspiracy theories are everywhere in post war American culture From postmodern novels to The X Files and from gangsta rap to feminist polemic there is a widespread suspicion that sinister forces are conspiring to take control of our national destiny our minds and even our bodies Conspiracy explanations can no longer be dismissed as the paranoid delusions of far right crackpots Indeed they have become a necessary response to a risky and increasingly globalized world in which everything is connected but nothing adds up Peter Knight provides an engaging and cogent analysis of the development of conspiracy culture from 1960s countercultural suspicions about the authorities to the 1990s where a paranoid attitude is both routine and ironic Conspiracy Culture analyses conspiracy narratives about familiar topics like the Kennedy assassination alien abduction body horror AIDS crack cocaine the New World Order as well as more unusual ones like the conspiracies of patriarchy and white supremacy Conspiracy Culture shows how Americans have come to distrust not only the narratives of the authorities but even the authority of narrative itself to explain What Is Really Going On From the complexities of Thomas Pynchon s novels to the endless mysteries of The X Files Knight argues that contemporary conspiracy culture is marked by an infinite regress of suspicion Trust no one because we have met the enemy and it is us
