The Cambridge Companion to Ralph Waldo Emerson Joel Porte (ed), Sandra Morris, 1999-04-28 A collection of newly commissioned essays provides a critical introduction to pastor and poet Ralph Waldo Emerson Emerson for the Twenty-first Century Barry Tharaud, 2010 While previous collections of Emerson essays have tended to be a sort of stock taking or retrospective look at Emerson scholarship this collection follows a more prospective trajectory for Emerson studies based on the recent increase in global perspectives in nearly all fields of humanistic studies **Special Section, European Shakespeares** Graham Bradshaw, Tom Bishop, 2008 This eighth volume of The Shakespearean International Yearbook presents a special section on European Shakespeares which highlights how the inclusion of Shakespeare in European culture

has been not only a European but also a world affair Contributors to this issue come from Europe North America South Africa and India In addition to the section on European Shakespeares essays in this volume consider issues of character and the genre of romance and other topics

Approaches to Teaching the Works of Ralph Waldo Emerson Mark C. Long, Sean Ross Meehan, 2018-08-01 A leader of the transcendentalist movement and one of the country's first public intellectuals Ralph Waldo Emerson has been a long standing presence in American literature courses Today he is remembered for his essays but in the nineteenth century he was also known as a poet and orator who engaged with issues such as religion nature education and abolition This volume presents strategies for placing Emerson in the context of his time for illuminating his rhetorical techniques and for tracing his influence into the present day and around the world Part 1 Materials offers guidance for selecting classroom editions and information on Emerson's life contexts and reception Part 2 Approaches provides suggestions for teaching Emerson's works in a variety of courses not only literature but also creative writing religion digital humanities media studies and environmental studies The essays in this section address Emerson's most frequently anthologized works such as Nature and Self Reliance along with other texts including sermons lectures journals and poems

Useful Objects Reed Gochberg, 2021 Useful Objects examines the cultural history of nineteenth century American museums through the eyes of writers visitors and collectors Throughout this period museums gradually transformed from encyclopedic cabinets to more specialized public institutions These changes prompted wider debates about how museums determine what objects to select preserve and display and who gets to decide Drawing on a wide range of archival materials and accounts in fiction guidebooks and periodicals this text shows how the challenges facing nineteenth century museums continue to resonate in debates about their role in American culture today

Placing John Haines James Perrin Warren, 2017-02-15 John Haines arrived in Alaska fresh out of the Navy in 1947 and established a homestead seventy miles southeast of Fairbanks He stayed there nearly twenty five years learning to live off the country hunting trapping fishing gathering berries and growing vegetables Those years formed him as a writer the interior of Alaska and especially its boreal forest marking his poetry and prose and helping him find his unique voice Placing John Haines the first book length study of his work tells the story of those years but also of his later itinerant life as his success as a writer led him to hold fellowships and teach at universities across the country James Perrin Warren draws out the contradictions inherent in that biography that this poet so indelibly associated with place and authentic belonging spent decades in motion and also sets Haines's work in the context of contemporaries like Robert Bly Donald Hall and his close friend Wendell Berry The resulting portrait shows us a poet who was regularly reinventing himself and thereby generating creative tension that fueled his unforgettable work A major study of a sadly neglected master Placing John Haines puts his achievement in compelling context

Poetic Memory Uta Gosmann, 2012 How do poems remember What kinds of memory do poems register that factual chronological accounts of the past are oblivious to What is the self created by such practices of memory To answer these questions Uta Gosmann

introduces a general theory of poetic memory a manner of thinking that eschews simple minded notions of linearity and accuracy in order to uncover the human subject s intricate relationship to a past that it cannot fully know Gosmann explores poetic memory in the work of Sylvia Plath Susan Howe Ellen Hinsey and Louise Gl ck four American poets writing in a wide range of styles and discussed here for the first time together Drawing on psychoanalysis memory studies and thinkers from Nietzsche and Benjamin to Halbwachs and Kristeva Gosmann uses these demanding poets to articulate an alternative non empirical model of the self in poetry

The Shakespearean International Yearbook Graham Bradshaw, Tom Bishop, 2017-05-15 This eighth volume of *The Shakespearean International Yearbook* presents a special section on European Shakespeares proceeding from the claim that Shakespeare's literary craft was not just native English or British but was filtered and fashioned through a Renaissance awareness that needs to be recognized as European and that has had effects and afterlives across the Continent. Guest editors Ton Hoenselaars and Clara Calvo have constructed this section to highlight both how the spread of Shakespeare throughout Europe has brought together the energies of a wide variety of European cultures across several centuries and how the inclusion of Shakespeare in European culture has been not only a European but also a world affair. *The Shakespearean International Yearbook* continues to provide an annual survey of important issues and developments in contemporary Shakespeare studies. Contributors to this issue come from the US and the UK, Spain, Switzerland, and South Africa, Canada, The Netherlands, India, Portugal, Greece, France, and Hungary. In addition to the section on European Shakespeares, this volume includes essays on the genre of romance, issues of character, and other topics.

Kantian Conceptual Geography Nathaniel Jason Goldberg, 2015 This is a work in Kantian conceptual geography. It explores issues in analytic epistemology, philosophy of language, and metaphysics in particular by appealing to theses drawn from Immanuel Kant's *Critique of Pure Reason*. Those issues include the nature of the subjective, objective, and empirical; potential scopes of the subjective; what can and cannot be said about a subject-independent reality; analyticity, syntheticity, apriority, and aposteriority; constitutive principles, acquisitive principles, and empirical claims; meaning, indeterminacy, and incommensurability; logically possible versus subjectively empirical worlds; and the nature of empirical truth. Part One introduces two theses drawn from the *Critique*. The first, Empirical Dualism, concerns the subjective, objective, and empirical. The second, Subjective Principlism, concerns principles that might bear on the empirical. Part Two examines work of

influential analytic philosophers to reveal how conceptually expansive the territory formed by Empirical Dualism and Subjective Principlism is Part Three defends that territory by defending Empirical Dualism and Subjective Principlism themselves Part Four discloses two new lands within the territory that have so far remained uncharted The first is a Kantian account of meaning which is shown to be superior to other accounts of meaning in the analytic literature The second are Kantian thoughts on truth which illuminate the nature of empirical truth itself Finally Part Five shows how engaging in Kantian conceptual geography enriches epistemology philosophy of language and metaphysics generally
