when Hopps became the director of Washington's Corcoran Gallery of Art at age thirty four the New York Times hailed him as the most gifted museum man on the West Coast and in the field of contemporary art possibly in the nation He was also arguably the most unpredictable an eccentric genius who was chronically late His staff at the Corcoran had a button made that said WALTER HOPPS WILL BE HERE IN TWENTY MINUTES Erratic in his work habits he was never erratic in his commitment to art Hopps died in 2005 after decades at the Menil Collection of art in Houston for which he was the founding director A few years before that he began work on this book With an introduction by legendary Pop artist Ed Ruscha The Dream Colony is a vivid personal surprising irreverent and enlightening account of his life and of some of the greatest artistic minds of the twentieth century

Festival, Culture, and Identity in Lübeck Erika L. Briesacher, 2022-11-28 In this study Erika L. Briesacher argues that festivals in Lübeck Germany spanning 1920 to 1960 demonstrate interlocking economic social and cultural factors that contribute to local national and international identity formation Focusing on institutional records as well as public discourse and material artifacts the author traces the mobilization of Nordic as a distinctly German identity during the Weimar Nazi and early Cold War eras highlighting particular ways participants included and excluded racial religious and other cultural identities in their own imagined community Focusing on the festival as both a site of participation and consumption the author assesses two postwar periods as well as the legacy of the Holocaust in a northwest German town

Modern Art at the Berlin Wall Claudia Mesch, 2009-03-30 At the height of the Cold War art produced in divided Germany contested the cultural demarcation of East and West Here Claudia Mesch shows how a wide group of artists struggled to take visual art beyond the crude separations of the Iron Curtain and to transcend the first global cultural divide of the twentieth century Artists in Berlin produced artworks including painting performance and film that engaged critically with imposed national and global identities and with issues of memory and trauma Around the Berlin Wall presents a new picture of the Cold War border between East and West as a dynamic and international cultural space and is essential for all those interested in art history modernism the Cold War and the cultural history of the twentieth century

Marking Modern Movement Susan Funkenstein, 2020-10-26 Imagine yourself in Weimar Germany you are visually inundated with depictions of dance Perusing a women's magazine you find photograph after photograph of leggy revue starlets clad in sequins and feathers coquettishly smiling at you When you attend an art exhibition you encounter Otto Dix's six foot tall triptych Metropolis featuring Charleston dancers in the latest luxurious fashions or Emil Nolde's watercolors of Mary Wigman with their luminous blues and purples evoking her choreographies mystery and expressivity Invited to the Bauhaus you participate in the Metallic Festival and witness the school's transformation into a humorous shiny technological total work of art you costume yourself by strapping a metal plate to your head admire your reflection in the tin balls hanging from the ceiling and dance the Bauhaus signature step in which you vigorously hop and stomp late into the night Yet behind the razzle dazzle of these depictions and experiences was one far more complex involving issues of gender and the body during a

tumultuous period in history Germany's first democracy 1918-1933 Rather than mere titillation the images copiously illustrated and analyzed in *Marking Modern Movement* illuminate how visual artists and dancers befriended one another and collaborated together In many ways because of these bonds artists and dancers forged a new path in which images revealed artists' deep understanding of dance their dynamic engagement with popular culture and out of that a possibility of representing women dancers as cultural authorities to be respected Through six case studies *Marking Modern Movement* explores how and why these complex dynamics occurred in ways specific to their historical moment Extensively illustrated and with color plates *Marking Modern Movement* is a clearly written book accessible to general readers and undergraduates Coming at a time of a growing number of major art museums showcasing large scale exhibitions on images of dance the audience exists for a substantial general public interest in this topic Conversing across German studies art history dance studies gender studies and popular culture studies *Marking Modern Movement* is intended to engage readers coming from a wide range of perspectives and interests
