Oulton, 2022-02-15 In the first hundred years of the UK rail network the seaside figures as a nerve centre managing and making visible the period's complex interplay between health death gender and sexuality This monograph discusses around 130 novels of the railway age to show how the seaside infiltrates a diverse range of literature subverting the boundaries between high and low literary culture The seaside holiday galvanises innovative literary forms including early twentieth century holiday crime and romance fiction which has its origins in the sensational strategies of mid nineteenth century authors Where reading takes place is at least as important as what is read and case studies on literary Brighton and Dickensian Kent explore the occasionally fraught relationship between seaside towns and the metropolis as London visitors are represented in and are the target audience for literary accounts of the seaside holiday The act of reading by the sea is itself overdetermined and problematic a dilemma that is managed in part through the development of text free literary tourism in the late nineteenth century Deploying strategies from literary criticism histories of reading libraries and the book and literary tourism this book recovers seaside reading as both a literary sub genre and a deeply contested mode of engagement **Confessions of an English Opium-Eater and Other Writings** Thomas De Quincey, 2013-02-14 I took it

and in an hour oh Heavens what a revulsion what an upheaving from its lowest depths of the inner spirit what an apocalypse of the world within me Thomas De Quincey's Confessions of an English Opium Eater 1821 launched a fascination with drug use and abuse that has continued from his day to ours In the Confessions De Quincey invents recreational drug taking but he also details both the lurid nightmares that beset him in the depths of his addiction as well as his humiliateingly futile attempts to renounce the drug Suspiria de Profundis centres on the deep afflictions of De Quincey's childhood and examines the powerful and often paradoxical relationship between drugs and human creativity In The English Mail Coach the tragedies of De Quincey's past are played out with horrifying repetitiveness against a backdrop of Britain as a Protestant and an imperial power This edition presents De Quincey's finest essays in impassioned autobiography together with three appendices that are highlighted by a wealth of manuscript material related to the three main texts ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further

The Female Philosopher and Her Afterlives Deborah Weiss, 2017-11-17 This book argues that the female philosopher a literary figure brought into existence by Mary Wollstonecraft's *A Vindication of the Rights of Woman* embodied the transformations of feminist thought during the transition from the Enlightenment to the Romantic period By imagining a series of alternate lives and afterlives for the female philosopher women authors of the early Romantic period used the resources of the novel to evaluate Wollstonecraft's ideas and legacy This book examines how these writers' opinions converged on such issues as progress education and ungendered virtues and how they diverged on a fundamental question connected to Wollstonecraft's life and feminist thought whether the enlightened intellectual woman should live according to her own principles or sacrifice moral autonomy in the interest of pragmatic accommodation to societal expectations
