CAS. Curriculum Advisory Service Quarterly ,1975 *Antarctica* Jagadish Khadilkar,2017-07-31 The author spent one and half years as head of the country s first research station in Antarctica Dakshin Gangotri He discusses in details the frozen continent s unique environmental aspects the international presence world governance and the Indian Antarctic Programme IAP The book throws light on how perspectives and positions of leading countries represented in Antarctica such as the UK Australia New Zealand Argentina Chile US Russia China Japan Norway South Africa and India have shaped over the years Their strategic interests including those in the Arctic provide for an interesting kaleidoscope of factors with the potential for various global scenarios in the coming years The world will be surely and anxiously watching the developments in Antarctica in future According to the widely accepted geological theory of plate tectonics the Indian subcontinent was once a part of the supercontinent Gondwana so named after one of the tribes of central India along with Antarctica Africa Australia and South America However the general awareness about the continent in India is very poor The book in details traces the history of India s involvement in Antarctica its three permanent stations conducting valuable scientific research and efforts to make a presence among other nations in the continent It points out the country s total dependence on all its logistics needs by outsourcing which may prove to be detrimental to its influence and interests It would be interesting to see how India reacts to the positions of other nations in the changing global kaleidoscope and how it will gear itself to establish a truly influential Antarctic presence for safeguarding its own strategic interests India may do well to lay down a polar doctrine at the earliest **Early Bird - Late Bird** Norma Horrocks,2008-04 EARLY BIRD LATE BIRD is a fictional story about a

Gentoo penguin family based on information collected from an expedition to Antarctica on the Russian scientific ship Akademik Sergey Vavilov in 1995. Passengers from 12 countries traveled to the fascinating continent during the Christmas season which is summer in the Southern Hemisphere. They did research before and after the expedition and attended lectures, labs, and slide presentations about the continent and its inhabitants, mainly Gentoo, Chinstrap, Adelie, Macaroni, Rockhopper, and Magellanic penguins. The book is recommended as a picture chapter book for all average to above average readers and a read-to book for youngsters who love penguins. My hope is that parents will add to their own knowledge of penguin life in Antarctica and enjoy with their youngsters. **School Library Journal**, 2007 *Science Books & Films*, 1979
