G. Ballard David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world The Empires of I G Ballard is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled with notions of national identity and speculated upon the social and psychological implications of the post war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard's full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on crime The Empires of I G Ballard offers a fresh perspective on the fiction of I G Ballard The Empires of I G Ballard An Imagined Geography offers a sustained and highly convincing analysis of the imperial and post imperial histories and networks that shape and energise Ballard's fictional and non fictional writings To what extent can Ballard be considered an international writer What happens to our understanding of his post war science fictions when they are opened up to the language and logics of post colonialism And what creative and critical roles do the spectres of empire play in Ballard's visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a person of the world who d witnessed extremes of human experience and remained the outsider observing life from his home in Shepperton 1930s Shanghai Paris of the East was a mix of international sophistication and violence unfettered capitalism and acute poverty American cars martinis and Coca Cola a place marked by death and war It had a profound influence on my father and his imagination Dr Paddy's fascinating book explores my father's fiction within an international context and offers a profound reading of a man who always kept his eyes and mind open to the world Fay Ballard "The Real Thing" William

The Lost Continent of Mu James Churchward,1926 Behind The Curtain 2 Marc Levitre,2012-06 In Behind the Curtain 2 author Marc LeVitre pulls back the curtain once again to reveal the Truth as seen in mainstream movies These films have been chosen because they have impacted LeVitre on a spiritual level He delves into such themes as coming of age dealing with the cruel world sports the despicable and Disney LeVitre also analyzes film that should have been in the first book but were not because they were then too complicated or were not on his radar and he adds to and or corrects comments made in the first book LeVitre in most cases ties films to Scripture However his Holy Spirit again has led him to explore areas of his life in a few instances The author had believed the first book would be the last for about a week Then God inundated him with

what appears in this volume Since the beginning LeVitre a pastor s son has been looking for the moral of the story and by doing so has been entertained but more importantly has been enlightened LeVitre has been proud to call New Hampshire home since 1968 J.G. Ballard Andrjez Gasiorek,2024-07-30 This book offers a comprehensive account of the work of J G Ballard regarded by several critics as one of the most significant fiction writers of recent times Ballard s early science fiction writing earned him plaudits as one of the most innovative and individual voices in the field but his development as a writer has taken him far beyond the confines of any single genre This book traces Ballard s career from his early science fiction short stories and novels to his most recent work particularly his timely reflections on the role of violence in contemporary social life It argues that Ballard s writing is characterised by a distinctive vision of the post war world and its possible futures and suggests that his far reaching analyses of the present age make him one of the indispensable commentators of our time
