Empowerment The Politics Of Alternative Development:

Empowerment John Friedmann,1990 **Empowerment** John Friedmann,1992-01-01 Poverty is seen in this volume as a form of social political and psychological disempowerment The alternative development set out by the author seeks to restore initiative to disempowered sectors *World Trade Organization* Amrita Shahabadi,2007 *Alternative Development* Cathrine Brun,Piers Blaikie,2016-03-23 This book brings together a collection of essays that discuss alternative development and its relevance for local global processes of marginalization and change in the Global South Alternative development questions who the producers of development knowledges and practices are and aims at decentring development and geographical knowledge from the Anglo American centre and the Global North It involves resistance to dominant political economic processes in order to further the possibilities for non exploitative and just forms of development By discussing how to unravel marginalization and voice change through alternative methods actors and concepts the book provides useful guidance on understanding the relationship between theory and practice The main strength of the book is that it calls for a central role for alternative development in the current development discourse most notably related to justice rights globalization forced migration conflict and climate change The book provides new ways of engaging with alternative development thinking and making development alternatives relevant *Empowerment* John Friedmann,1992-07-27 Two thirds of the population of the world are poor and their number is growing in the first as well as in the third world despite billions of dollars of aid The economic development policies of the last two decades and the theory which gave rise to them have been discredited The rich are disillusioned apprehensive or uninterested while the poor are embittered and without hope the victims and agents of ignorance instability and environmental degradation The need for radical rethinking is urgent this book makes an important contribution towards that end John Friedmann argues that poverty should be seen not merely in material terms but as social political and psychological powerlessness He presents the case for an alternative development committed to empowering the poor in their own communities and to mobilizing them for political participation on a wider scale In contrast to centralized development policies devised and implemented at the national and international level alternative development restores the initiative to those in need on the grounds that unless people have an active role in directing their own destinies long term progress will not be achieved The author takes the household as the strategic starting point stressing its moral political and economic potential as a source of continuity and as a location for production From this basis he propounds a politics of emancipation that would enable the disempowered poor to assert their rights Empowerment provides a morally informed theoretical framework for a development policy that meets the needs of its recipients rather than of its makers **The Politics of Development Co-operation** Lisa Aubrey,2002-11 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **The Politics of Inclusion and Empowerment** J. Andersen,B. Siim,2004-04-20 Globalization poses new challenges for the modern welfare state and democracies One

controversial issue is how struggles for economic equality are linked with struggles for recognition of difference according to gender ethnicity and sexuality *The Politics of Inclusion and Empowerment* examines the political and academic debates about the inclusion or exclusion of women and marginalized social groups from different policy contexts The focus is on the different class and gender regimes influencing the interplay of political civil and social citizenship at different levels of politics *Empowerment Through Economic Transformation* Meshack M. Khosa,2001 This the third title in a trilogy studying transformation in post apartheid South Africa follows on two studies published in 2000 *Infrastructure mandates for change and empowerment through service delivery* **Participatory Urban Governance** Edgar A. Pieterse,2000

Insurgencies: Essays in Planning Theory John Friedmann,2011-01-10 This collection of Friedmann s most important and influential essays tells a coherent and compelling story about how the evolution of thinking about planning over several decades has helped to shape its practice An ideal text for the study of planning theory and history each of the chapters is introduced by a brief essay to establish its context and importance and is followed by a series of study questions to help focus classroom discussions as well as suggested readings **Experiencing Citizenship** Richard M. Battistoni,William E.

Hudson,2023-07-03 This practical guide is intended for faculty and service learning directors combining the how to information and rigorous intellectual framework that teachers seek What distinguishes this volume is that the contributors are writing for their peers They discuss how service learning can be implemented within political science and what this discipline contributes to the pedagogy of service learning The book offers both theoretical background and practical pedagogical chapters which describe the design implementation and outcomes of political science service learning programs as well as annotated bibliographies program descriptions and course syllabi *Globalization and the Politics of Resistance*

B. Gills,2000-04-07 The paradox of globalization is that it both weakens and activates social forces of resistance This book establishes the centrality of the political in our understanding of globalization and explores the new strategies of resistance emerging on local national regional and global scales Its impressively wide ranging set of contributors engage in re thinking what practices now constitute viable political strategies in the world economy focusing on popular responses to neoliberal globalization and the rearticulation of society politics and the state **Development Discourse and Global History** Aram

Ziai,2015-08-27 The manner in which people have been talking and writing about development and the rules according to which they have done so have evolved over time *Development Discourse and Global History* uses the archaeological and genealogical methods of Michel Foucault to trace the origins of development discourse back to late colonialism and notes the significant discontinuities that led to the establishment of a new discourse and its accompanying industry This book goes on to describe the contestations appropriations and transformations of the concept It shows how some of the trends in development discourse since the crisis of the 1980s the emphasis on participation and ownership sustainable development and free markets are incompatible with the original rules and thus lead to serious contradictions The Eurocentric

authoritarian and depoliticizing elements in development discourse are uncovered whilst still recognizing its progressive appropriations The author concludes by analysing the old and new features of development discourse which can be found in the debate on Sustainable Development Goals and discussing the contribution of discourse analysis to development studies This book is aimed at researchers and students in development studies global history and discourse analysis as well as an interdisciplinary audience from international relations political science sociology geography anthropology language and literary studies The Open Access version of this book available at <http://www.taylorfrancis.com/books/9781315753782> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

International Encyclopedia of Human Geography, 2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen

Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context **The Politics of NGOs in Indonesia**

Bob S. Hadiwinata, 2003-08-29 This book deals with two major issues how Indonesian NGOs survived under Suharto's authoritarian rule and how NGOs contributed to the promotion of democracy in the post Suharto era If NGOs are to change from development to movement in democratic post Suharto Indonesia they must adjust not only their management and working style but also their very ideology This comprehensive study will be an important book for scholars interested in Asian studies Indonesian politics and development studies Non-Governmental Organizations and Development David Lewis, Nazneen Kanji, 2009-09-10 Non governmental organizations NGOs are high profile actors in the field of international development both as providers of services to vulnerable individuals and communities and as campaigning policy advocates This book provides a critical introduction to the wide ranging topic of NGOs and development Written by two authors with more than twenty years experience of research and practice in the field the book combines a critical overview of the main research literature with a set of up to date theoretical and practical insights drawn from experience in Asia Europe Africa and elsewhere It highlights the importance of NGOs in development but it also engages fully with the criticisms that the increased profile of NGOs in development now attracts Non Governmental Organizations and Development begins with a discussion of the wide diversity of NGOs and their roles and locates their recent rise to prominence within broader histories of struggle as well as within the ideological context of neo liberalism It then moves on to analyze how interest in NGOs has both reflected and informed wider theoretical trends and debates within development studies before analyzing NGOs and their practices using a broad range of short case studies of successful and unsuccessful interventions David Lewis and Nazneen Kanji then moves on to describe the ways in which NGOs are increasingly important in relation to ideas and debates about civil society globalization and the changing ideas and practices of international aid The book argues that NGOs are now central to development theory and practice and are likely to remain important actors in development in the years to come In order to appreciate the issues raised by their increasing diversity and complexity the authors conclude that it is necessary to deploy a historically and theoretically informed perspective This critical overview will be useful to students of development studies at undergraduate and masters levels as well as to more general readers and practitioners The format of

the book includes figures photographs and case studies as well as reader material in the form of summary points and questions Despite the growing importance of the topic no single short up to date book exists that sets out the main issues in the form of a clearly written academically informed text until now The Management of Non-Governmental Development Organizations David Lewis,2004-08-02 Exploring the newly emerging field of the management of Non Governmental Organizations NGOs working in developing countries this informative book draws upon current research in non profit management development administration and business management Key issues covered include the changing global and local contexts of development co operation management technologies such as empowerment and stakeholder analysis structural issues such as accountability governance and participation learning and diversity dealing with complexity and uncertainty Illustrated throughout with examples drawn from the author s own research and consultancy experience this important text develops a model of NGO management which reveals the distinctive organizational challenges they face

Children and Adolescent's Experiences of Violence and Abuse at Home Julie C. Taylor,Elizabeth A. Bates,2023-12-20 Children and Adolescent s Experiences of Violence and Abuse at Home is a unique book that explores some of the main controversies and challenges within the field The book is organised into three sections the first covering work that has focused on the experiences of living in DV settings as a child or young person the second offers overviews of the impact of child victimisation and the final section is about working with children in practice and service based settings It includes extensive reviews of the literature empirical research and practice observations all of which provide compelling evidence of a need to change how we construct victims and design services It provides evidence for the need to work sensitively inclusively and responsively around issues of victim identification support and prevention Moreover the evidence urges us to include children s and adult victim survivor s experiences and contributions in the creation of services Concluding with a series of recommendations for both future research and ways in which we can help use the research findings to inform practice it is a must read for researchers practitioners and educators working with children and young people within the field of domestic violence and abuse It will also be of interest and value to policy makers who are reviewing legislation and those involved in commissioning psychological services and victim services that work with child and adolescent victims **The Handbook of Community Practice** Marie Weil,Michael S. Reisch,Mary L. Ohmer,2013 Written by some of the most influential scholars in the field this Handbook covers community development organizing planning and social change as well as key issues fields of practice and global approaches
