Conservative Parties, the Right, and Democracy in Latin America Kevin J. Middlebrook, 2003-05-01 Under what conditions do political institutions develop that are capable of promoting economic and social elites accommodation to democracy The importance of this question for research on regime change and democracy in Latin America lies in two established political facts alliances between upper class groups and the armed forces have historically been a major cause of military intervention in the region and countries with electorally viable national conservative parties have experienced significantly longer periods of democratic governance since the 1920s and 1930s than have countries with weak conservative parties The contributors to this book examine the relationship between the Right and democracy in Argentina Brazil Chile Colombia El Salvador Peru and Venezuela during the 1980s and 1990s The authors focus particularly on the challenges that democratization may pose to upper class groups the political role of conservative parties and their electoral performance during these two crucial decades and the relationships among conservative party strength or weakness different modes of elite interest representation and economic and social elites support for political democracy The volume includes a statistical appendix with data on conservative parties electoral performance in national elections during the 1980s and 1990s in these seven countries Contributors Atilio A Bor n Universidad de Buenos Aires Catherine M Conaghan Queen s University Michael Coppedge University of Notre Dame John C Dugas Kalamazoo College Manuel Antonio Garret n Universidad de Chile Scott Mainwaring University of Notre Dame Rachel Meneguello Universidade de Campinas Kevin J Middlebrook University of California San Diego Timothy J Power Florida International University Elisabeth J Wood New York University

The Last Survivor Ferran Gallego, Francisco Morente, 2018-09-01 This book proposes an interpretation of Francoism as

the Spanish variant of fascism Unlike Italian fascism and Nazism the Franco regime survived the Second World War and continued its existence until the death of dictator Francisco Franco Francoism was therefore the Last Survivor of the fascisms of the interwar period And indeed this designation applies equally to Franco The work begins with an analysis of the historical identity of Spanish fascism constituted in the process of fascistization of the Spanish right during the crisis of the Second Republic and consolidated in the formation of the fascist single party and the New State during the civil war Subsequent chapter contributions focus on various cultural and social projects the university political cultural journals the Labor University Service local policies and social insurance that sought to socialize Spaniards in the political principles of the Franco regime and thereby to strengthen social cohesion around it Francoism faced varying degrees of non compliance and outright hostility expressed as different forms of cultural opposition to the Franco regime especially in the years of its maturity decades of the fifties and sixties from Spaniards both inside Spain and in exile Such opposition is explored in the context of how the regime reacted via the social cultural and economic inducements at its disposal The editors and contributors are widely published in the field of Spain of the Second Republic the civil war and the Franco dictatorship Research material is drawn from primary archival sources and provides new information and new interpretations on Spanish politics culture and society during the dictatorship *Situación latinoamericana* ,1993 **Geriatría** Carlos d'Hyver,Luis Miguel Gutiérrez Robledo,Clemente Humberto Zúñiga Gil,2024-06-13 Geriatr a 5a ed est dedicada para que los estudiantes de la licenciatura de medicina tengan nociones b sicas sobre la geriatr a a los m dicos generales para que no se olviden de las caracter sticas y desaf os que implica la atenci n de los adultos mayores A los m dicos residentes de geriatr a les recuerda y apoya en el estudio y comprensi n de los s ndromes geri tricos de la importancia de una valoraci n geri trica integral el concepto de trabajo en equipo y la multidisciplinariedad que se requiere en la atenci n de este grupo poblacional Para enfermeras rehabilitadores y todo el equipo de salud existen cap tulos que les ayudar n a entender actuar y mejorar su labor en beneficio de los adultos mayores No nos hemos olvidado de aquellos que ense an o investigan Geriatr a en su quinta edici n contiene una secci n espec fica sobre la ense anza e investigaci n Los conocimientos de una amplia gama de profesores m dicos rehabilitadores investigadores educadores enfermeras se han unido para darle al lector una amplia gama de conocimientos en el rea de geriatr a Geriatr a es un libro que facilita el aprendizaje y consolidaci n de informaci n del rea geri trica gerontol gica Los invitamos a leerla aprender y mantenerla como una gu a tanto de aprendizaje como de consulta en sus actividades diarias **ABC, Madrid** ,1979 *CUENTOS HISTORIAS & RELATOS TOMO II* A.J.Ortega,2014-04-27 Algunos escritores interesados en descubrir la historia de los primeros cuentos nos relatan c mo los cuentistas fueron personajes iluminados por la ficci n creada en su imaginaci n y narrada oralmente porque no era cosa rara en las primeras pocas debido a que muchos de ellos ten an la condici n de ser analfabetas solo que tambi n ten an el don de la palabra cuya fuerza y tradici n se dice que tiene m s de cuatro mil a os de haber existido tiempo suficiente para que los cuentos pudieran haber viajado en

sus múltiples versiones desde el Oriente para el resto del mundo. Los cuentos nos hacen conocer las historias que tienen todas las culturas en las que las acciones humanas del bien y del mal se hacen presentes una vez son definidas por el hombre en sus códigos de conducta que también las rodean de las fantasías que tuvieron las vidas de poderosos reyes llenos de riquezas que utilizaron para afianzar su poder y para premiar las virtudes de los súbditos a los que hacían felices donados bienes que les causaban grandes alegrías. Pero el sentido de la justicia que enriquece era muy diferente como lo llega a ser el cruel castigo a la maldad del ambicioso. En el intermedio de estos extremos aparece el cuento con los resultados donde triunfa el amor de una hermosa princesa que termina enamorada del bello pero humilde joven que salva la vida de su padre que es el Rey quien agradece el favor permitiendo que su hija despose a su salvador para que ella sea feliz y para que el afortunado joven participe de ese bien por quedarse por siempre a su lado. Muchas veces si no en todas el cuento es la fantasía que se nutre de la ficción que en forma maestra da una lección a la sociedad con un motivo que tiene tinte moral. Otra forma de cuento es la auténtica narrativa que aparece en la idea literaria para registrar momentos en que la historia de los pueblos solo puede describirse de cierta manera oculta para evitar los peligros que dejan la constancia de hechos que solo el escritor puede mimetizar como testigo de su época y que describe de tal forma que el lector la recuerda siempre. En fin el cuento las historias breves y los relatos se nutren unos de otros para desarrollar una narrativa interesada en destacar brevemente momentos estelares en que la humanidad muestra las acciones de los hombres en todas sus versiones destacando vicisitudes y logros que se describen como sentimientos que se interpretan como retos extraordinarios de triunfo sobre las desgracias cuyas características son que siempre terminan bien. En ello se representa la virtud del escritor para contar con hermosas palabras poéticas el fin deseado de la justicia cumpliendo la tarea que corresponde al bien dentro del marco de una ficción asombrosa capaz de transformarse en muchas lecciones para que el cuento la historia o el relato sirvan de ejemplo para que la humanidad corrija sus defectos y no se olvide nunca que el bien siempre triunfa sobre el mal.

Die spanische extreme Rechte zwischen Metapolitik und Politik Fabian Altemöller, 2017. Die Vertreter der Nueva Derecha einer Adaption der französischen Nouvelle Droite versuchen ihr Weltbild in der Zivilgesellschaft zu verbreiten ohne dass dieses den Anschein erweckt rechtsradikal zu sein. Wie passen jedoch die Konzepte des Paganismus oder des Ethnopluralismus der Nouvelle Droite mit den großen Pfeilern der spanischen Rechten wie Katholizismus und Nationalstaat zueinander. Erfolgt eine Anpassung an die spanischen Gegebenheiten. Ist auch hier von einem spanischen Sonderweg zu sprechen.
