Los últimos días del África salvaje Amador Guallar, 2023-05-04 Lo que queda de la vida salvaje de África está desapareciendo a pasos agigantados ante nuestros ojos Pronto será demasiado tarde para muchas de las especies amenazadas por la caza furtiva y la destrucción de sus hábitats naturales tanto por la acción humana como por el cambio climático Esta es una historia de personas que luchan en las reservas y parques naturales para proteger la biodiversidad de sus tierras de personas que lo dejan todo por amor a la fauna de rinocerontes heridos de bala de elefantes buscando justicia venganza o chimpancés con la mirada rota Un libro de crónicas escrito sobre el terreno observando e incluso tocando leones buscando pangolines salvajes cuyos cuerpos alcanzan cifras millonarias en el mercado negro un viaje por lo que queda del África ancestral que nos vio nacer como especie Un viaje conociendo a leyendas del conservacionismo aprendiendo el arte de cazar al cazador furtivo con unidades paramilitares privadas andando por la cuna de la civilización y agujereando cuernos de rinoceronte para implantarles transmisores Y también un viaje hacia el futuro incierto observando el cambio climático que sufre la fauna en Namibia las secuelas asesinas en el cuerno de África o la destrucción de los hábitats que facilitan la expansión de virus como el Ébola por Uganda

A lo largo de la historia los medios de comunicaci n han desempe ñado un papel crucial no solo como observadores sino tambi n como actores fundamentales en los momentos decisivos que han marcado al mundo Al mirar hacia atr s podemos ver que las trincheras de los enfrentamientos los debates ideol gicos y las transformaciones sociales no solo se encuentran en los campos de batalla tampoco en las esferas pol ticas o en los escenarios econ micos sino que tambi n se reflejan en las p ginas de los peri dicos las pantallas de la televisi n y los dispositivos que usamos a diario Desde sus formas m s rudimentarias hasta las tecnolog as m s avanzadas los medios de comunicaci n han sido espejos y motores de los cambios que han definido pocas enteras Este volumen no se enfoca nicamente en c mo las palabras y las im genes han sido utilizadas para construir realidades M s bien ilustra c mo estos medios en momentos clave han transformado la manera en que las sociedades perciben y procesan los eventos hist ricos No se trata simplemente de documentar el pasado sino de entender c mo los mensajes transmitidos han influido en el curso de los acontecimientos y en la formaci n de las estructuras sociales que hoy conocemos La obra que tiene en sus manos presenta pues una reflexi n profunda sobre c mo la comunicaci n ha sido una herramienta poderosa en la difusi n de ideas Cada cap tulo elaborado por j venes historiadores y expertos en el campo aborda un caso concreto desentra ñando el modo en que los discursos y las estrategias medi ticas han dado forma a las narrativas hist ricas influyendo en la percepci n p blica y la memoria colectiva Los autores se sumergen en episodios que van desde los primeros panfletos impresos hasta las campa as medi ticas en redes sociales analizando el impacto duradero que ese cuarto poder determinante ha tenido en las decisiones pol ticas las corrientes culturales y las din micas sociales La presente aportaci n se aleja tambi n de los enfoques cronol gicos convencionales Por su parte ofrece una mirada fresca y renovada sobre la historia de la comunicaci n en donde los autores han adoptado enfoques innovadores desafiando las metodolog as tradicionales y abriendo nuevos caminos de investigaci n En sus p ginas las plataformas informativas son mucho m s que veh culos pasivos Son fuerzas activas que moldean nuestra interpretaci n de los hechos redefiniendo el pasado y proyectando sus efectos hacia el futuro As este libro invita al lector a recorrer no solo los caminos trazados por los medios a lo largo de la historia Propone observarlos como mucho m s que simples emisores de informaci n como arquitectos de realidades forjadores de im genes y creadores de escenarios que han moldeado el presente pero tambi n los horizontes del futuro Es en sus textos en las im genes que nos han acompa ado durante siglos es donde se escribe la historia de las sociedades no como una cr nica est tica sino como un relato vivo en continuo cambio que sigue redefini ndose siempre en construcci n siempre en disputa

Abstract Throughout history the media have played a crucial role not only as observers but also as key actors in the decisive moments that have shaped the world

Looking back we can see that the trenches of conflict ideological debates and social transformations are not only found on battlefields in political spheres or economic arenas but also reflected in the pages of newspapers on television screens and in the devices we use daily From their most rudimentary forms to the most advanced technologies the media have been both mirrors and engines of the changes that have defined entire eras This volume does not solely focus on how words and images have been used to construct realities Instead it illustrates how these media at key moments have transformed the way societies perceive and process historical events It is not merely about documenting the past but understanding how transmitted messages have influenced the course of events and shaped the social structures we know today The work in your hands presents a deep reflection on how communication has been a powerful tool in the dissemination of ideas Each chapter crafted by young historians and experts in the field addresses a specific case unraveling how media discourses and strategies have shaped historical narratives influencing public perception and collective memory The authors delve into episodes ranging from the earliest printed pamphlets to media campaigns on social networks analyzing the lasting impact that this decisive fourth power has had on political decisions cultural trends and social dynamics This contribution also moves away from conventional chronological approaches Instead it offers a fresh and renewed perspective on the history of communication where the authors have adopted innovative approaches challenging traditional methodologies and opening new research pathways In its pages informational platforms are much more than passive vehicles They are active forces shaping our interpretation of events redefining the past and projecting their effects into the future Thus this book invites the reader to travel not only through the paths traced by the media throughout history It proposes observing them as much more than simple information transmitters as architects of realities image creators and scenario builders who have shaped the present and also the horizons of the future It is in their texts in the images that have accompanied us for centuries that the history of societies is written not as a static chronicle but as a living narrative in constant flux continuously redefining itself always under construction always contested

Despu s de cinco meses de guerra al llegar la Navidad de 1914 soldados de uno y otro bando se alzaron por encima de sus trincheras y salieron al encuentro del enemigo desarmados Sucedi en muchos lugares del Frente Occidental desde las proximidades de Nieuport en el Mar del Norte hasta Guebwiller cerca de la frontera Suiza sin previo concierto espont neamente y al mismo tiempo Aunque no fue la primera tregua de Navidad de la historia nunca antes se hab a producido una como aquella Nunca hab a ocurrido nada de la magnitud la duraci n o el potencial de cambio de las cosas como cuando ces el fuego repentinamente en la v spera de Navidad de 1914 S Weintraub La Tregua de 1914 es una gran historia de la Navidad que se compone de muchas peque as historias de fraternidad y buena voluntad Extra amente la Tregua de Navidad nunca ha sido contada en toda su

extraordinaria dimensión. Cientos de testimonios de soldados británicos, franceses, belgas y alemanes que cantaron, bebieron, jugaron, intercambiaron objetos y direcciones para cuando terminara la guerra y hasta se abrazaron y cientos de fragmentos de diarios de guerra e historias regimentales de uno y otro bando que sin censura alguna lacónicamente contaron esos mismos hechos conforman el material que ha servido a Ivar N ez para confeccionar este relato **Páginas americanas** Filiberto de Oliveira Cézar, 1894 Obra completa Miguel Hernández, 1992 **Revista militar** Círculo Militar (Buenos Aires, Argentina), 1919 El caso Manuel Samuel Cuadrado Merchán, 2021-10-28 Manuel un personaje que encarna por su fechoría el mal, el egoísmo. Por qué decide poner tierra por medio, mejor dicho agua y escapar a su destino. Fue un capricho más de su personalidad voluble e inmadura o por el contrario quiso demostrar y demostrarse a sí mismo que era dueño de su destino y por lo tanto su decisión fue un acto consciente de rebeldía. Su actitud la de un rebelde que se niega a aceptar una existencia impuesta desde las más hipercritas convenciones sociales y religiosas de la época, ser a su coartada moral. Incluso puede que no se escapara sino que simplemente no volvió. Rebelde y culpable a la vez. Su viaje al Oeste argentino como un pionero más en aquella época mítica de la emigración de principios del siglo XX cuando la Argentina era una tierra de promisión lo convierte en un hombre solitario y enigmático que ocultaba un pasado ignominioso y pasa sus días viajando de acá para allá. Manuel, el enigma de su existencia en Argentina, de su muerte se quedaría sin resolver 1967 y 1968 - Vol. 12 - Historia Paraguaya Carlos Peris, 2023-07-05 1967 y 1968 Vol. 12 Historia Paraguaya **El mayor de los milagros por premio de un santo cielo y santos corporales de Daroca** Antonio Tello de Meneses, 1700 **El último heredero** A. C. Caballero, 2018-06-18 Eduardo es un profesor de un instituto de Madrid con una vida corriente y una familia a la que adora. En el funeral de su hermano Fernando, muerto en un desafortunado accidente de tráfico, un desconocido le entrega un extraño mensaje encriptado. Desde ese instante la apacible vida de Eduardo empieza a complicarse y el profesor se ve envuelto en una espiral de asesinatos, claves secretas y misterios a los que tendrá que enfrentarse con la ayuda de un joven policía y un alumno tan introvertido como inteligente **¡No pasarán!** Mario Amorós, 2021-09-10 Un hilo rojo que atraviesa todo el siglo XX, la vida de la comunista más universal. Todo el país vibra de indignación ante esos desalmados que quieren por el fuego y el terror sumir a la España democrática y popular en un infierno de terror. Pero no pasará. Aquel legendario llamamiento por radio del 19 de julio de 1936 convirtió a Dolores Ibarruri, la sazón diputada del Frente Popular por Asturias, en el símbolo universal de la resistencia republicana frente al fascismo. Nacida en el corazón de la cuenca minera vizcaína y militante del Partido Comunista de España desde su fundación, ahora hace justo un siglo es en el crisol y la tragedia de la guerra civil cuando se forja el mito de Pasionaria. Tras la amarga derrota de 1939, conocer un largo exilio de cuatro décadas, principalmente en la Unión Soviética. Asume la secretaría general del PCE en plena guerra mundial, en la que su hijo Rubén, oficial del Ejército Rojo, muere en la batalla de Stalingrado. Retornada a España en 1977, la imagen de Dolores Ibarruri, el brazo de Rafael Alberti en el Congreso de los Diputados, constituye una de las estampas más icónicas de la Transición. Fallecida

en Madrid el 12 de noviembre de 1989 apenas tres días después de la caída del Muro de Berlín su vida es un hilo rojo que atraviesa todo el siglo XX. A partir de una documentación excepcional y en buena parte inédita como es el caso del archivo personal de Dolores Ibarruri Mario Amorós ha escrito un relato biográfico riguroso y sobre todo necesario de una de las grandes figuras del movimiento obrero y comunista internacional de una personalidad esencial para comprender la historia de la España contemporánea **Revista militar** ,1923 **Malvinas: El Ocaso de un Sueño** Enrique Stel,2022-04-18

Malvinas El Ocaso de un Sueño es un libro donde se entremezclan experiencias personales del autor con una denodada investigación centrada en fuentes primarias y reflexiones analíticas del contexto en el cual se inserta el conflicto de las Islas Malvinas Georgias y Sandwich del Sur. Enrique Stel abunda en relatos cargados de detalles en particular las operaciones llevadas a cabo por la Compañía de Comandos 602 a la que pertenecía. Otros que hacen a cuestiones relativas al conflicto en general son apoyados con imágenes de documentos originales que le dan un valor de excepcional fuente primaria. Es interesante cómo intenta desmitificar temas que fueron ampliamente difundidos en su momento con un claro objetivo desmalvinizador como por ejemplo los chicos de la guerra, el hambre y la falta de comida, las torturas, los gurkhas, los fusilamientos, los hijos de los generales, el tratamiento sobre el hundimiento del crucero ARA General Belgrano, la supuesta participación activa de la Unión Soviética entre otras cuestiones que son poco o nada abordadas por otros autores. Además evidencia su condición de soldado profesional cuando menciona o recuerda al lector las obligaciones dimanantes de los Convenios de Ginebra de 1949 pilares del Derecho Internacional Humanitario aplicable en situaciones de conflictos armados internos e internacionales. Ese profesionalismo es irrefutable cuando se refiere a los combatientes ingleses. El Ocaso de un Sueño es un legado del autor a la sociedad argentina un cúmulo de sentimientos, datos, históricos, testimonios, anécdotas, reflexiones con rigor académico que sin lugar a dudas deja al lector con una orfandad de sentimientos que le permite llegar a los lugares más ocultos del escritor haciéndose partícipe de la infinita gama de emociones por la que transita y dejando entrever que aún hoy sigue luchando otras batallas.
