**Encountering Kali** Rachel Fell McDermott, Jeffrey J. Kripal, 2003-05-05 The editors have assembled a South Asian History of Religions dream team and the result is a book that captures the sexy gory power of the dark goddess who is the most exciting of all Hindu deities and perhaps the most controversial and notorious of all deities Academically profound and theoretically subtle these essays are also vivid and juicy Wendy Doniger author of *The Bedtrick Tales of Sex and Masquerade* If any subject ever called for a book of many parts it is Kali These original and provocative essays well chosen and thoughtfully organized point to all sides of the Goddess s character The result is a sharp and challenging book the essential starting point for a new century of encountering Kali John Stratton Hawley Ann Whitney Olin Professor of Religion Columbia University and co editor of *Devi Goddesses of India* *Gothic Peregrinations* Agnieszka Lowczanin, Katarzyna Malecka, 2018-07-06 For over two hundred years the Gothic has remained fixed in the European and American imaginations steadily securing its position as a global cultural mode in recent decades The globalization of Gothic studies has resulted in the proliferation of new critical concepts and a growing academic interest in the genre Yet despite its longevity unprecedented expansion and accusations of prescriptiveness the Gothic remains elusive and without a straightforward definition *Gothic Peregrinations The Unexplored and Re explored Territories* looks at Gothic productions largely marginalized in the studies of the genre including the European absorption of and response to the Gothic This collection of essays identifies landmarks and ley lines in the insufficiently probed territories of Gothic scholarship and sets out to explore its unmapped regions This volume not only examines Gothic peregrinations from a geographical perspective but also investigates how the genre has been at odds with strict demarcation of generic boundaries Analyzing texts which come from outside the Gothic canon yet prove to be deeply indebted to it like bereavement memoirs stories produced by and about factory girls of Massachusetts and the Mattel Monster High franchise this volume illuminates the previously unexplored fields in Gothic studies The chapters in this volume reveal the truly transnational expansion of the Gothic and the importance of exchange exchange now seen not only as crucial to the genre s gestation or vital to the processes of globalization but also to legitimizing Gothic studies in the global world **Sacred Places of Goddess** Karen Tate, 2005-11-01 Uncovering the past through the lens of sacred travel this travel book includes both academic and popular religious perspectives and is filled with photographs of both famous and lesser known locales from every corner of the world Each site specific explanation of the significance of Goddess today and in centuries past deftly combines current trends academic theories and historical insights From the Middle East to Europe Africa and the Americas the images of feminine divinity presented in this work are as uniform in their beauty as they are diverse in cultural tradition For each location be it the shrines in Kyoto and Kamakura or the sites worshipping the Virgin Mary in Bolivia France Trinidad and the Saut D Eau Waterfalls of Haiti this book provides a history of each site in conjunction with the photography *Echoes of the Tambaran* Paul Roscoe, David Lipset, 2011-10-01 In

the Sepik Basin of Papua New Guinea ritual culture was dominated by the Tambaran a male tutelary spirit that acted as a social and intellectual guardian or patron to those under its aegis as they made their way through life To Melanesian scholarship the cultural and psychological anthropologist Donald F Tuzin was something of a Tambaran a figure whose brilliant and fine grained ethnographic project in the Arapesh village of Ilahita was immensely influential within and beyond New Guinea anthropology Tuzin died in 2007 at the age of 61 In his memory the editors of this collection commissioned a set of original and thought provoking essays from eminent and accomplished anthropologists who knew and were influenced by his work They are echoes of the Tambaran The anthology begins with a biographical sketch of Tuzin s life and scholarship It is divided into four sections each of which focuses loosely around one of his preoccupations The first concerns warfare history the male cult and changing masculinity all in Melanesia The second addresses the relationship between actor and structure Here the ethnographic focus momentarily shifts to the Caribbean before turning back to Papua new Guinea in essays that examine uncanny phenomena narratives about childhood and messianic promises The third part goes on to offer comparative and psychoanalytic perspectives on the subject in Fiji Bali the Amazon as well as Melanesia Appropriately the last section concludes with essays on Tuzin s fieldwork style and his distinctive authorial voice

**Life Beyond Survival** Katharina Thurnheer,2014-06-15 At the heart of this in

depth ethnographic study lie the daily life situations of tsunami survivors in war torn eastern Sri Lanka Each chapter is built around the empirical themes derived from the stories and recollections of Tamil women and their families during their stay in relief camps anticipating relocation The specifics of the socio cultural context are firmly embedded in the discussions Ten years after the tsunami this publication offers a timely contribution to a better understanding of what it means to cope with the combined effects of disaster war and international aid in this matri focal region of the island *Challenging the NGOs* Tamsin Bradley, 2006-04-28 The image of Third World Woman victimhood is one that runs through discourses in Western feminism the fields of gender and development and also the activities of NGOs Tamsin Bradley deconstructs this through her exploration of the relationships between NGOs and the people they target using a unique multi disciplinary perspective that examines the interfaces between anthropology development and religion She argues that dominant approaches in development practice see women as a singular and weak other a focus for pity and compassion which obscures the complexities of diverse communities and the ability to respond to real needs Bradley s extensive fieldwork on grassroots NGOs in rural Indian Rajasthan and their Western donor organisations and combines it with her compelling critique of development theory and practice which she finds often caught in a macro system unable to connect with social realities This leads her to a new and unique methodology one rooted in a more honest responsive and inclusive approach to encourage development workers to listen to the needs of those they seek to help Dharma and Halacha Ithamar Theodor, Yudit Kornberg Greenberg, 2018-08-15 In recent decades there has been a rising interest among scholars of Hinduism and Judaism in engaging in the comparative studies of these ancient traditions Academic interests have also been inspired by the rise of interreligious dialogue by the respective religious leaders Dharma and Halacha Comparative Studies in Hindu Jewish Philosophy and Religion represents a significant contribution to this emerging field offering an examination of a wide range of topics and a rich diversity of perspectives and methodologies within each tradition and underscoring significant affinities in textual practices ritual purity sacrifice ethics and theology Dharma refers to a Hindu term indicating law duty religion morality justice and order and the collective body of Dharma is called Dharma shastra Halacha is the Hebrew term designating the Jewish spiritual path comprising the collective body of Jewish religious laws ethics and rituals Although there are strong parallels between Hinduism and Judaism in topics such as textual practices and mystical experience the link between these two religious systems i e Dharma and Halacha is especially compelling and provides a framework for the comparative study of these two traditions The book begins with an introduction to Hindu Jewish comparative studies and recent interreligious encounters Part I of the book titled Ritual and Sacrifice encompasses the themes of sacrifice holiness and worship Part II titled Ethics is devoted to comparing ethical systems in both traditions highlighting the manifold ways in which the sacred is embodied in the mundane Part III of the book titled Theology addresses common themes and phenomena in spiritual leadership as well as textual metaphors for mystical and visionary experiences in Hinduism and Judaism The

*The Feminist Uncanny in Theory and Art Practice* Alexandra M. Kokoli, 2016-08-11 The Feminist Uncanny in Theory and Art Practice investigates the widely debated deeply flawed yet influential concept of the uncanny through the lens of feminist theory and contemporary art practice Not merely a subversive strategy but a cipher of the fraught but fertile dialogue between feminism and psychoanalysis the uncanny makes an ideal vehicle for an arrangement marked by ambivalence and acts as a constant reminder that feminism and psychoanalysis are never quite at home with one another The Feminist Uncanny begins by charting the uncanniness of femininity in foundational psychoanalytic texts by Ernst Jentsch Sigmund Freud Jacques Lacan and Mladen Dolar and contextually introduces a range of feminist responses and appropriations by Hélène Cixous Julia Kristeva and Sarah Kofman among others The book also offers thematically organised interpretations of famous artworks and practices informed by feminism including Judy Chicago's Dinner Party Faith Ringgold's story quilts and Susan Hiller's paraconceptualism as well as less well known practice such as the Women's Postal Art Even Feministo and the photomontages of Maud Sulter Dead lexicalised metaphors unhomely domesticity identity and disidentification and the tension between family stories and art's histories are examined in and from the perspective of different artistic and critical practices illustrating different aspects of the feminist uncanny Through a partisan yet comprehensive critical review of the fascinating concept of the uncanny The Feminist Uncanny in Theory and Art Practice proposes a new concept the feminist uncanny which it upholds as one of the most enduring legacies of the Women's Liberation Movement in contemporary art theory and practice

Inventing and Reinventing the Goddess Sree Padma, 2014-07-03 Popular religion in village India is overwhelmingly dominated by goddess worship Goddesses can be nationally well known like Durga or Kali or they can be an obscure deity who is only known in a particular rural locale The origins of a goddess can be both ancient with many transitions or amalgamations with other cults having occurred along the way and very recent While some have tribal

origins others sprout up overnight due to a vivid dream **Inventing and Reinventing the Goddess Contemporary Iterations of Hindu Divinities on the Move** looks at the nature of how and why goddesses are invented and reinvented historically in India and how social hierarchy gender differences and modernity play roles in these emerging religious phenomena **Sociology of South Asia** Smitha Radhakrishnan, Gowri Vijayakumar, 2022-06-02 This edited volume moves the study of South Asia to the center of sociological analysis bringing together recent scholarship across sites in India Sri Lanka Nepal and Pakistan as well as in Ethiopia and the USA This book situates the project of decolonizing the discipline within a rich transnational intellectual legacy and reveals how South Asia offers a uniquely generative site from which to rethink sociological practice Recognizing local and global influences at their specific sites the contributing authors highlight the historical ravages of colonialism and imperialism modernization projects of the postcolonial era and the kaleidoscopic ways in which gender caste class and sexuality structure everyday life under neoliberalism today The sociology of South Asia centers the voices and experiences of those marginalized by local and global systems of power in order to produce knowledge that advances interconnected projects of liberation The Authority of Female Speech in Indian Goddess Traditions Anway Mukhopadhyay, 2020-08-27 Contemporary debates on mansplaining foreground the authority enjoyed by male speech and highlight the way it projects listening as the responsibility of the dominated and speech as the privilege of the dominant What mansplaining denies systematically is the right of women to speak and be heard as much as men This book excavates numerous instances of the authority of female speech from Indian goddess traditions and relates them to the contemporary gender debates especially to the issues of mansplaining and womansplaining These traditions present a paradigm of female speech that compels its male audience to reframe the configurations of masculinity This tradition of authoritative female speech forms a continuum even though there are many points of disjuncture as well as conjuncture between the Vedic Upanishadic puranic and tantric figurations of the Goddess as an authoritative speaker The book underlines the Goddess's role as the spiritual mentor of her devotee exemplified in the Devi Gitas and re-situates the female gurus in Hinduism within the traditions that find in Devi's speech ultimate spiritual authority Moreover it explores whether the figure of Devi as Womansplainer can encourage a more dialogic structure of gender relations in today's world where female voices are still often undervalued **Shame 4.0** Claude-Hélène Mayer, Elisabeth Vanderheiden, Paul T.
