Encounter Chuck Davis, 2013-05-13 What now Followers of Jesus often have this question looming over their mind and heart but Pastor Chuck Davis provides clarifying answers and guidance in his book *Authority Encounter* through biblical verses that will help readers understand their authority and deepen their understanding of the kingdom of God We live in a world rooted in power and followers of Christ are challenged daily by the powers that seek to interrupt or trample their success While followers are empowered through the Holy Spirit this power is only operational as they function out of their God given authority and so everything they need is already at their disposal It is Davis that brings to light how to immerse oneself in what it means to be positioned in Christ and how to actively appropriate one s authority in both attitude and action *The Politics of Nonassimilation* David Verbeeten, 2017-05-15 Over the course of the twentieth century Eastern European Jews in the United States developed a left wing political tradition Their political preferences went against a fairly broad correlation between upward mobility and increased conservatism or Republican partisanship Many scholars have sought to explain this phenomenon by invoking antisemitism an early working class experience or a desire to integrate into a universal social order

In this original study David Verbeeten instead focuses on the ways in which left wing ideologies and movements helped to mediate and preserve Jewish identity in the context of modern tendencies toward bourgeois assimilation and ethnic dissolution Verbeeten pursues this line of inquiry through case studies that highlight the political activities and aspirations of three generations of American Jews The life of Alexander Bittelman provides a lens to examine the first generation Born in Ukraine in 1892 Bittelman moved to New York City in 1912 and went on to become a founder of the American Communist Party after World War I Verbeeten explores the second generation by way of the American Jewish Congress which came together in 1918 and launched significant campaigns against discrimination within civil society before during and especially after World War II Finally he considers the third generation in relation to the activist group New Jewish Agenda which operated from 1980 to 1992 and was known for its advocacy of progressive causes and its criticism of particular Israeli governments and policies By focusing on individuals and organizations that have not previously been subjects of extensive investigation Verbeeten contributes original research to the fields of American Jewish intellectual and radical history His insightful study will appeal to specialists and general readers interested in those areas Stairway to Success Evelyn

A Chance Encounter Mia Ford, Brenda Ford, 2019-12-10 It just takes one chance encounter to find your someone special Women I had sworn them off my life And then she crashes into me Those wide green eyes and the embarrassment in them one look at her and time comes to a standstill And then she runs away I never thought I would ever see her again But later in my office the same green eyes meet mine I try to resist but my heart rules over my mind And soon I taste the first amazing kiss Can I keep myself from falling in love again especially when I know she is a single mom and men don't hold a place in her life

Science Fiction and the Imitation of the Sacred Richard Grigg, 2018-06-14 This book examines science fiction's relationship to religion and the sacred through the lens of significant books films and television shows It provides a clear account of the larger cultural and philosophical significance of science fiction and explores its potential sacrality in today's secular world by analyzing material such as Ray Bradbury's classic novel *The Martian Chronicles* films *The Abyss* and *2001 A Space Odyssey* and also the *Star Trek* universe Richard Grigg argues that science fiction is born of nostalgia for a truly Other reality that is no longer available to us and that the most accurate way to see the relationship between science fiction and traditional approaches to the sacred is as an imitation of true sacrality this he suggests is the best option in a secular age He demonstrates this by setting forth five definitions of the sacred and then in consecutive chapters investigating particular works of science fiction and showing just how they incarnate those definitions *Science Fiction and the Imitation of the Sacred* also considers the qualifiers that suggest that science fiction can only imitate the sacred not genuinely replicate it and assesses the implications of this investigation for our understanding of secularity and science fiction

My Life in Jewish Renewal , My Story Gobinathan U.K. Raman, 2024-03-04 Time can never erase sweet memories Though they age as the years roll on they remain fresh in hearts and minds enthralled by each reminiscence Cherished memories give rise to yearnings to relive the past impossible though it may be Yet in all their futility they serve as a fountain of unmistakable warmth In this account of his childhood Gobi fondly recalls his events and experiences growing up in a rubber plantation Born into a large family with his parents working as rubber tappers his early

days were marked by poverty Yet in an unassuming way he learned to enjoy and cherish every single one of those days Simplicity and gratitude coloured the lenses through which he viewed his world then And he is no different today Gobi grew up in Negeri Sembilan at Kirby Estate located along the trunk road connecting Seremban and Nilai He attended Kirby Tamil School and St Paul s Institution He is a graduate of University Malaya and spent a large part of his work life with an MNC He is semi retired and currently engages in minor entrepreneurial interests in addition to community related activities This is his maiden foray into publishing

Body and Affect in the Intercultural Encounter Devisch, Rene, 2017-01-17 The volume draws from Ren Devisch s encounters with groups in southsaharan Africa primarily The author had the privilege to immerse himself around the clock in the Yakaphones activities and thoughts in southwest DR Congo from 1972 to 1974 and intermittently in Kinshasa s shanty towns from 1986 to 2003 The author first examines what sparked his choice to come to Congo and then to pursue research among the Yakaphones in the borderland with Angola He then invites us to follow the trajectory of his plural anthropological view on today s multicentric world It leads us to his praise for honorary doctor Jean Marc Ela s work He then examines the proletarian outbursts of violence that rocked Congo s major cities in 1991 and 1993 These can be read as a settling of scores with the disillusioning colonial and missionary modernisation along with president Mobutu s millenarian Popular Movement of the Revolution Furthermore after considering the morose reduction of a major Yaka dancing mask into a mere museum bound curio in Antwerp the book unravels the Yakaphones perspectives on spirits and sorcery s threat It also analyses their commitment to classical Bantu African healing cults along with their parallel consulting physicians and healers By sharing the Yakaphones life world the analysis highlights their body group world weave interlaced by the principle of co resonance A phenomenological and perspectivist look unfolds the local actors views thereby disclosing the Bantu African genius and setting for a major reversal of perspectives Indeed seeing here from there allows the author to uncover some alienating dynamics at work in his native Belgian Flemish speaking culture To better grasp the realm of life beyond the speakable and factual reasoning the approach occasionally turns to the later Lacan s focus on the unconscious desire the body and its affects The book addresses students and researchers in the humanities and more broadly all those immersed in the heat of the encounter with the culturally different
