Richard Swedberg

Essays On Entrepreneurs Innovations Business Cycles And The Evolution Of Capitalism

Joseph A. Schumpeter

Essays On Entrepreneurs Innovations Business Cycles And The Evolution Of Capitalism:

Essays Joseph Alois Schumpeter, 1989 In addition to the major themes of his life the place of the entrepreneur in economic development the risks and rewards of innovation business cycles and why they occur and the evolution of capitalism in Europe and America the essays contain statements on how Schumpeter viewed his own development They discuss how he looked at Marxism and how he feared that economics was in danger of becoming too ideological Several of the essays are classics In this new edition Schumpeter's Essays can finally be read with the enjoyment and enlightenment they deserve The volume is alive to the basic issues of our time

Essays Joseph A. Schumpeter, 2017 Ordinarily the word essays is invoked at great risk by authors and publishers alike But in the case of this special collection by Joseph A Schumpeter the great Austrian economist who finally settled at Harvard the scholarly world knows this particular volume as his Essays For a less pious younger generation a subtitle has been added describing what these essays are about In addition to the major themes of Schumpeter's life the place of the entrepreneur in economic development the risks and rewards of innovation business cycles and why they occur and the evolution of capitalism in Europe and America the Essays contain statements on how Schumpeter viewed his own development they discuss how he looked at Marxism and how he feared that economics was in danger of becoming too ideological Several of the Essays are classics This is the case for The Creative Response in Economic History in which Schumpeter makes a plea for the close cooperation between economic theory and economic history Another is Science and Ideology which constitutes Schumpeter's presidential address before the American Economic Association Finally there is the intriguing preface to the Japanese translation of Theory of Economic Development in which Schumpeter names Walras and Marx as his two great predecessors Even those who treasure the original publication were irritated by the remarkably poor quality of much of the book which reproduced everything from typewriter script to nearly unreadable reduced double columns These lapses have been corrected in this new edition Here Schumpeter's Essays can finally be read with the enjoyment no less than enlightenment they deserve The volume is alive to the basic issues of our time The reader can look forward to intellectual insight and stimuli of the highest order Provided by publisher

Joseph A. Schumpeter John Medearis, 2013-02-07 Joseph Schumpeter 1883 1950 was one of the foremost economic thinkers of the twentieth century Today Schumpeter is most well known for his idea of creative destruction This is the notion that a market economy is simultaneously creative and destructive and therein lies the process of renewal that is central to the endurance and also the unpopularity of capitalism Schumpeter's work also contains one of the most important conservative critiques of mass democracy Schumpeter argued that mass democracy had totalitarian tendencies and was likely to degenerate into the tyranny of the popular

Ethicmentality - Ethics in Capitalist Economy, Business, and Society Michela Betta, 2016-05-06 Ethicmentality is an innovative book It blends ethics with mentality to capture the interdependence of ethical life and social life creatively The book is also innovative because of the way this interdependence is explored By focusing on practical

ethical behavior in today's economy business and society Michela Betta has advanced an understanding of ethics freed from the burden of moral theory By introducing a new type of analysis this book also contributes to methodological innovation Familiar issues are revisited through the notion of ethicmentality Capitalist economy is presented in terms of a mentality embedded in society culture and politics Government is revealed as mentality about how to govern economically through market freedom rather than human rights The rise of the financial economy is described as challenging the traditional capitalist mentality of equal opportunities A money mentality around debts and owing is perceived as having replaced credit and owning and the rise of corporation managers as having destroyed the old mentality of ownership Ethicmentality shows the potential of constructive critique from economic business and society perspectives It also breaches traditional limits by developing the idea of ethical capital and entrepreneurial ethics Ethical thinking is infused with the Aristotelian notion of virtues and moderation to reflect about modern work Ethicmentality helps us see the complexity of social and personal life Given the pervasive nature of mentality and ethics focus on individual deliberation ethicmentality represents their productive combination a new blend for ethical and social analysis

The Contribution of Joseph A. Schumpeter to Economics

Richard Arena, Cécile Dangel-Hagnauer, 2002-04-18 This collection constitutes an examination of Schumpeter's legacy that is wider than any yet attempted This book is essential reading for historians of economists and historians alike

Innovation

Diffusion in the New Economy Barbara Jones, Bob Miller, 2007-01-11 This book gives an overview of the theories of Tacit Knowledge and explains how this relates to a background of philosophical neurological and pedagogic literature

Political Economy, Public Policy and Monetary Economics Richard M. Ebeling, 2009-12-30 As a defender of free market liberalism and a leading opponent of socialism this volume places Ludwig von Mises' views on political economy public policy and monetary economics in the historical context of his time

How Social Forces Impact the Economy Steven Pressman, 2020-06-02

Social forces are important determinants of how people behave how economies work at the macroeconomic level and the effectiveness of economic policies However this dimension is generally overlooked in mainstream economics *How Social Forces Impact the Economy* demonstrates that a broader conception of social economics provides for a better understanding of how economies work as a whole This book argues that adopting a truly social approach to economics opens the door to studying how people form preferences and how they learn by taking cues from others about how to behave and what to consume Each chapter contributor works to highlight the breadth of new insights and possibilities that emerge from a fuller understanding of social economics Part I focuses on microeconomics bringing individual behaviors and individual entrepreneurs into a more social context Part II focuses on macroeconomic topics such as how money and quasi monies like Bitcoins are social how money developed as a social institution and how social forces matter for economic development Finally Part III looks at the consequences of considering social factors when it comes to policy environmental policy industrial policy and policies promoting greater equality This book is invaluable reading to anyone interested in the relationship

between economics and sociology how social forces affect policy effectiveness human behavior and the overall economy

Organizational Entrepreneurship, Politics and the Political Carine Farias, Pablo Fernandez, Daniel Hjorth, Robin Holt, 2020-12-17 Entrepreneurship as the creation of new organizations has globally become an appealing call for individuals and governments alike Too often still it is simply associated with the idea of enterprise thus sustaining a pervasive politics of homo economicus agents living a measured life in competition based individuality Organizational Entrepreneurship Politics and the Political disconnects entrepreneurship from the politics of enterprise to more fully explore its potential to resist the economic and ethical demand of the enterprise to be instrumentally innovative and instead to disrupt and disturb the established order As such entrepreneurship is seen as inevitably political it is a constant attempt at declassifying existing structures and institutions de normalizing practices and sensemaking to make room for and initiate the new The chapters invite the readers to revisit key concepts in entrepreneurship studies opportunity motivation identity experimentation creative destruction and experimentation by approaching them through a political process lens This book offers a new conceptual repertoire and vocabulary that reconnects entrepreneurship studies with the socio political dimensions of organization creation opening up multiple possibilities for understanding and questioning the meanings and effects of entrepreneurship in society Combining philosophical reflections with organizational and processual perspectives this book will be of interest to academics students and researchers in the areas of business social and political entrepreneurship organization studies and management The chapters in this book were originally published as a special issue of the Entrepreneurship and Regional Development Entrepreneurship in China Dr Keming Yang, 2012-12-28 The emergence of China as a major world economy is of great importance to the global political economy and to international business There has been much research on the macro level of institutional reform but little detailed work on the grassroots level of entrepreneurship in China This innovative book addresses this gap by investigating how an economic system dominated by central plans communist ideologies and suppressing bureaucracies could generate such energy from the bottom of society fuelling the country's economic growth Keming Yang's theory of entrepreneurship is based on two interrelated concepts double entrepreneurship and institutional holes He argues that the two concepts bridge a gap between the neo classical institutionalism of economic development and entrepreneurship studies that emphasize individual choice The rigorous theoretical framework is supported by substantial empirical research offering statistical analyses of survey data as well as detailed case studies This timely book will appeal to an interdisciplinary readership in sociology economics business studies and Chinese and Asian Studies **Joseph Alois Schumpeter** Jürgen G. Backhaus, 2006-04-11 Joseph Alois Schumpeter is arguably the most important economist of the 20th century Most readers are familiar with his Theory of Economic Development and his classic Capitalism Socialism and Democracy Less well known are his seminal works published before he left Europe for the United States in 1942 In particular for the first time the missing Chapter Seven of his Theory of Economic

Development has been published in this volume It tries to put Economic Development into the broader context of culture law and policy Many of his earlier writings display a similar integrative approach and are therefore often treated as sociological writings As Capitalism Socialism and Democracy shows he did not dissociate the different social sciences in his own mind but rather strove to keep the unity of the social sciences Entrepreneurship style and vision are the unifying concepts of his work

Capitalism on Edge Albena Azmanova,2020-01-14 The wake of the financial crisis has inspired hopes for dramatic change and stirred visions of capitalism's terminal collapse Yet capitalism is not on its deathbed utopia is not in our future and revolution is not in the cards In Capitalism on Edge Albena Azmanova demonstrates that radical progressive change is still attainable but it must come from an unexpected direction Azmanova's new critique of capitalism focuses on the competitive pursuit of profit rather than on forms of ownership and patterns of wealth distribution She contends that neoliberal capitalism has mutated into a new form precarity capitalism marked by the emergence of a precarious multitude Widespread economic insecurity ails the 99 percent across differences in income education and professional occupation it is the underlying cause of such diverse hardships as work related stress and chronic unemployment In response Azmanova calls for forging a broad alliance of strange bedfellows whose discontent would challenge not only capitalism's unfair outcomes but also the drive for profit at its core To achieve this synthesis progressive forces need to go beyond the old ideological certitudes of on the left fighting inequality and on the right increasing competition Azmanova details reforms that would enable a dramatic transformation of the current system without a revolutionary break An iconoclastic critique of left orthodoxy Capitalism on Edge confronts the intellectual and political impasses of our time to discern a new path of emancipation

Prophet of Innovation Thomas K. McCraw,2010-03-30 Schumpeter made his mark as the prophet of incessant change Drawing on all of Schumpeter's writings including many intimate diaries and letters never before used this biography paints the full portrait of a magnetic figure who aspired to become the world's greatest economist lover and horseman and admitted to failure only with the horses

Advances in Cultural Entrepreneurship Christi Lockwood,Jean-François Soublière,2022-04-18 With contributions from some of the field's leading scholars this volume aims to further expand the agenda and scope of cultural entrepreneurship research by broadening what culture encompasses and what entrepreneurship entails

Essays on the Nature of Commerce in General Richard Cantillon, Richard Cantillon is one of the key figures in the early history of economics He was certainly not the first to think about economic problems but he was the first to have clear insight into the way the economy functions as a system He was arguably the first to structure a theory of how the economy works In this sense he could be called the first real economist Today his ideas on population determination of prices wages and interest the role of the entrepreneur banking and the influence of money supply on the economy are increasingly quoted and appreciated This is a translation of the *essai sur la nature du commerce en general* his only surviving work It was circulated in manuscript form for many years after his death and was extremely influential albeit

not well known at least throughout the eighteenth century *Essays on the Nature of Commerce in General* shaped the development of economics through its formative influence on François Quesnay and Adam Smith It is a cornerstone upon which all subsequent economic theory has been built Transaction is proud to breathe new life into this classic work as part of its distinguished series in economic theory and history In his new introduction Anthony Brewer showcases Cantillon the prophetic thinker for a new generation of readers This volume's broad based appeal and great cultural import can no longer afford to be overlooked Students of economic theory intellectual historians and sociologists will find this volume indispensable Richard Cantillon 1680-1734 Little is known about Cantillon except that he was Irish and turned briefly from a successful banking career mainly in France to write one of the most outstanding works in the history of the subject

Anthony A Brewer is professor of the history of economics at the University of Bristol He is on the editorial advisory board of the scholarly journal *History of Political Economy* and has held visiting posts at Duke University and Chuo University Tokyo He is the author of *Richard Cantillon Pioneer of Economic Theory* *Marxist Theories of Imperialism A Critical Survey* and *A Guide to Marx's Capital*

Nordisk Films Kompagni 1906-1924 Isak Thorsen, 2017-10-01 This comprehensive study of the Danish film company demonstrates how it became one of the most important innovators of the silent era Established in 1906 Nordisk Films Kompagni's rise and fall is one of the most dramatic stories of the early film industry Based on archival research primarily in the company's surviving business archives this volume describes and analyzes how Nordisk Films became one of the leading players in the world market and why the company failed to maintain this position Isak Thorsen examines Nordisk Film as a business and organization from its establishment in 1906 until 1924 when founder Ole Olsen stepped back He covers a wide range of topics including the competitive advantages Nordisk Film gained in reorganizing the production to multiple reel films around 1910 the company's highly efficient film production which anticipated the departmentalized organization of Hollywood Nordisk Film's aggressive expansion strategy in Germany Central Europe and Russia during the First World War and the grand plans for taking control of UFA in association with the American Famous Players in the post war years

Elgar Companion to Neo-Schumpeterian Economics Horst Hanusch, Andreas Pyka, 2007 The *Elgar Companion to Neo-Schumpeterian Economics* is a cutting edge collection of specially commissioned contributions highlighting not only the broad scope but also the common ground between all branches of this prolific and fast developing field of economics For 25 years economists have been investigating industrial dynamics under the heading of neo-Schumpeterian economics which has itself become a mature and widely acknowledged discipline in the fields of innovation knowledge growth and development economics The *Elgar Companion to Neo-Schumpeterian Economics* surveys the achievements of the most visible scholars in this area The contributions to the *Companion* give both a brief survey on the various fields of neo-Schumpeterian economics as well as insights into recent research at the scientific frontiers The book also illustrates the potential of neo-Schumpeterian economics to overcome its so far self-imposed restriction to the domains

of technology driven industry dynamics and to become a comprehensive approach in economics suited for the analysis of development processes in all economic domains Integrating both the public sector and financial markets the book focusses on the co evolutionary processes between the different domains As a roadmap for the development of a comprehensive neo Schumpeterian theory the Companion will be an invaluable source of reference for researchers in the fields of industrial dynamics and economic growth and academics and scholars of economics generally PhD students will find the Companion an indispensable general introduction to the field of neo Schumpeterian economics It will also appeal to politicians and consultants engaged in national and international policy as the Companion deals with the highly important and ever topical phenomena of economic development

The Politics and Aesthetics of Entrepreneurship Daniel Hjorth,Chris Steyaert,2010-01-01 Stylish bold fiery and full of zest this book could well have been called Embodying Entrepreneurship for perhaps the first time we have a cultured scholarly in the flesh treatment of entrepreneurial life Ranging from striptease to de Sade the aboriginal to Christo and the grotesque to the sublime *The Politics and Aesthetics of Entrepreneurship* is a tantalizing and critically refreshing work throughout This one could easily become the bad boy book of entrepreneurial studies given how strongly it challenges slaps existing entrepreneurship studies Daved Barry Universidade Nova de Lisboa Portugal Daniel Hjorth and Chris Steyaert make a unique contribution to management education Their ability to illustrate complex ideas through theatre and visual media is outstanding and much appreciated by a wide audience This book is no exception Their insights into the nature of entrepreneurship are fresh and original Their style of presentation is both rich and rewarding This is a book to surprise you and it will Heather H pfl University of Essex UK the four books comprising the series would certainly be a valuable addition to any entrepreneurship library However each book also stands alone as an individual purchase Lorraine Warren International Journal of Entrepreneurial Behaviour and Research This fourth book in the New Movements in Entrepreneurship series focuses on the politics and aesthetics of entrepreneurial processes in order to shed light on entrepreneurial creation itself Presenting original empirical material the eminent contributors examine control and entrepreneurship in various organizational contexts They go on to demonstrate how control can be exercised entrepreneurially how art brings an entrepreneurial force into society and how entrepreneurship operates by aesthetic moves The need to move beyond the traditional focus on the economic and business implications of entrepreneurship is also discussed as is the relevance of political and aesthetic theory to our understanding of entrepreneurship as a creative force The book provides entrepreneurship studies with a new language that in itself is an aesthetic effort with political implications resulting in new theoretical empirical and practical possibilities It will prove a fascinating read for students academics and researchers with an interest in entrepreneurship and management and creativity and aesthetics

Financial Strategies in Competitive Markets Hasan Dinçer,Serhat Yüksel,2021-04-13 As globalization continues to rapidly evolve economic borders between countries have practically disappeared One effect is that nowadays companies can access new markets by

investing in other countries This offers an important advantage especially for international and large scale companies However one result is the increased market competition Small scale local firms and SMEs have to compete with international firms and corporations that have significantly more resources This competitive environment jeopardizes the sustainability of the smaller companies which often are driven out of business by the more powerful global players This book discusses financial strategies for small and middle size companies to increase their competitiveness in the global markets *The Wiley-Blackwell Companion to Major Social Theorists* George Ritzer, Jeffrey Stepnisky, 2011-03-31 Reflecting emerging research and ongoing reassessments of social theory The Wiley Blackwell Companion to Major Social Theorists offers significant updates and revisions to the original Blackwell Companion published a decade ago Volume 1 Features updates and revisions to all essays from original volume plus the addition of 11 new authors Includes six new essays featuring coverage of theorists not included in original volume Ibn Khaldun de Tocqueville Schumpeter Mannheim Veblen and Adorno Supplemented with comprehensive bibliographies on primary and secondary sources with a brief reader s guide accompanying each essay Addresses continuing relevance of most theories and their importance to contemporary scholarship Volume 2 Features updates and revisions to all essays from original volume plus the addition of 16 new authors Includes 11 new essays featuring coverage of theorists not included in original volume including Deleuze Bauman Smith Luhmann Agamben and others Supplemented with comprehensive bibliographies on primary and secondary sources with a brief reader s guide accompanying each essay Essays placed in social and historical context to allow readers to see how theorists have responded to pressing contemporary social and political issues
