Stress, Trauma, and Decision-Making for Social Workers Cheryl Regehr, 2018-10-30 Social workers regularly make high risk high impact decisions determining that a child has been abused that an individual may take their own life or that someone with a history of violence poses harm to another In the course of this work social workers are exposed to acute and prolonged workplace trauma and stress that may result in posttraumatic stress compassion fatigue and burnout These effects not only impact practitioners but also the decisions that social workers make and ultimately the quality of the services that they provide In this book Cheryl Regehr explores the intersection between workplace stress trauma exposure and professional decision making in social workers She weaves together practice experience research on the impact of stress and trauma on performance and decision making in other high risk professions including paramedics and police officers and the empirical study of competence and decision making in social work practice Covering a wide range of research and theory she surveys practical approaches to reducing stress and trauma exposure mitigating their effects in social work practice and improving decision making This book is critical reading for all social workers who engage in high stakes decision making from those newly embarking on a career to expert practitioners

Social Work: the Social Psychological Approach Glynis M. Breakwell, 2012-12-06 This book was created to describe the social psychological approach SPA to the social work process It has long been asserted that social workers need to understand and use social psychology in their practice Yet the literature available to social workers has been limited There have been no texts on social psychology specifically designed for social workers Instead social workers have been presented with various forms of individual psychology and macrosociology There is however an important contribution which social psychology the study of the individual in a social context can make to the

social work process This contribution is the central concern of this book Consequently the book is seen as filling a fundamental gap in the existing social work literature The structure of the book is dictated by the belief that social workers and social psychologists should collaborate in evolving a social psychological model of social work practice Such a model the result of collaboration between a social worker and a social psychologist is presented here The book is addressed not simply to teachers and students of social work but also specifically to social work practitioners and to social psychologists besides all those who deal with social work problems In addressing a wide audience it is important to establish a lingua franca social workers need to understand the basics of social psychology and social psychologists must understand the basis of social work practice Social Work, Social Justice & Human Rights Colleen Lundy, 2011-01-01 The second edition of this popular social work practice text more fully addresses the connection between social justice and human rights
