Seven Pillars of Christianity Dr. William Ekane, 2011-09-21 The revelations contained in the Bible serve as a supreme guide by which to measure all human conduct, creeds and religious opinions and today's Christians are in steady moral and spiritual decline. A 2010 survey by the Barna Research Group reveals that in American churches Christians have become less knowledgeable about the Bible, less interested in spiritual disciplines and more desirous of secular techniques to solve life's problems, thus blurring the distinction between their conduct and that of nonbelievers. In *Seven Pillars of Christianity: An Introduction to the Essential Christian Doctrines* Dr. William Ekane reveals the life-transforming foundations of the Christian faith and issues a clarion call for Christians to return to authentic Christianity. First presenting his compelling case for the scientific reliability and divine origin of the Bible, Dr. Ekane works closely with Scripture as he leads us through everything from the Lord Jesus Christ to trust and faith in the living God to finally the five major judgments and Revelation. These practical, strategic insights and essential truths are invaluable to new converts as well as mature believers. The Word of the Holy Spirit offers transformation, illuminating our hearts and minds as we strengthen our spiritual foundation and grow deeper in God.
