Celebrating Poetry Across the K-12 Curriculum Napoli, Mary, Day, Deanna, Ward, Barbara A., 2025-07-16 Poetry

provides opportunities to explore the universal and common experiences that connect us as human beings When teachers infuse poetry into their classroom it can foster compassion develop interdisciplinary connections and support literacy instruction However not all teachers use poetry in their classroom either because they are not aware of the value of poetry or because they have not had positive experiences with poetry Given the importance of sharing poetry with today s youth educators must feel confident in evaluating well written poetry and how to weave poetry from award winning poets to support interdisciplinary connections Celebrating Poetry Across the K 12 Curriculum aims to ensure that poetry for children is not neglected as part of the curriculum and to help educators feel more confident in their understanding of children s poetry its relevance to children s lives and its importance to supporting pedagogical connections Featuring interviews with well known poets this resource also showcases the latest pedagogical and scholarly research supporting the integration of poetry in the K 12 classroom Covering topics such as science content romanticism and diversity recognition this book is an excellent resource for educators classroom teachers literacy specialists librarians professionals researchers scholar academicians and more

Making Citizens Beth C. Rubin, 2012-05-23 Can social studies classrooms be effective makers of citizens if much of what occurs in these classrooms does little to prepare young people to participate in the civic and political life of our democracy Making Citizens illustrates how social studies can recapture its civic purpose through an approach that incorporates meaningful civic learning into middle and high school classrooms The book explains why social studies teachers particularly those working in diverse and urban areas should infuse civic education into their teaching and outlines how this can be done effectively Directed at both pre service and in service social studies teachers and designed for easy integration into social studies methods courses this book follows students and teachers in social studies classrooms as they experience a new approach to the traditional history oriented social studies curriculum using themes essential questions discussion writing current events and action research to explore enduring civic questions Following the experiences of three teachers working at three diverse high schools Beth C Rubin considers how social studies classrooms might become places where young people study ponder discuss and write about relevant civic questions while they learn history She draws upon the latest sociocultural theories on youth civic identity development to describe a field tested approach to civic education that takes into consideration the classroom and curricular constraints faced by new teachers

Designing World Language Curriculum for Intercultural Communicative Competence Jennifer Eddy, 2022-06-16 This book creatively redefines how teacher educators and faculty in secondary and post secondary language education can become designers with intercultural education in mind The author aligns theoretical frameworks with practical features for revising the modern language curriculum via themes and novel tasks that transfer language learning from classroom to community developing communicative competence for mediation and learner autonomy along the way For novice and experienced instructors alike this book empowers them to design curriculum from transferable concepts that are worthy of understanding and have value

within the cultures and to the learner develop assessments that ask the learner to solve problems and create products that transfer concepts or address needs of various audiences that they will encounter in community life and work direct language learners through a spiral articulated program that supports academic career and personal goals Pedagogical features include a glossary of key terms research to practice boxes scaffolded design tasks reflection questions and template samples representing language exemplars from the following languages and cultures Arabic Chinese d Yor b French German Hindi Italian Japanese Korean Ladino Nahuatl Portuguese Russian Spanish Te Reo Maori and Urdu The accompanying online resources offer blank templates PowerPoints and guides for designing bespoke curricula with key performance assessments

Celebrating Sunderland Marie Gardiner, 2023-07-15 A celebration of Sunderland's rich heritage and identity its people significant events and achievements across the centuries

The Irish Celebrating Marie-Claire Considère-Charon, Philippe Laplace, Michel Savaric, 2009-03-26 The Irish Celebrating is a collection of essays which focuses on the complex dynamics of celebrating its significance and its scope through Ireland's past and present experience This book studies the dual aspects of celebrating the festive and the tragic which while not necessarily

functioning as a binary opposition have long proved mutually constitutive of the Irish experience. Many different occasions and ways of celebrating are explored, be they associated with feasts, festivals, commemorations, re-enactments or mere merry-making. Irish literature abounds with motifs, symbols, allusions and devices that stand as ample testimony to the essential part played by celebration in the creative process. Both the treatment of mythical themes and figures and the perception of contrasted realities and moods all linked in some way or another with celebrating are examined in the works of Irish novelists, poets and playwrights. If celebrations undeniably had a crucial role to play throughout Ireland's troubled past, they continue to shape Irish society today, part and parcel of the deep social, economic and cultural changes it is currently experiencing. New representations of Irish identity as they are expressed through new forms of celebrating are explored in such varied contexts as emigration and immigration, alcohol addiction, church allegiance and European membership. The way the nationalist and unionist communities have been celebrating their past in Northern Ireland, often complacently and ostentatiously, is a theme dealt with in the final section of this collection. Irish, English, French, Spanish, Italian and American scholars apply a broad range of interdisciplinary expertise to original and illuminating essays which will undoubtedly provoke a new insight into the interplay between current trends and issues and the long-established patterns that thread through the volume.

Guide for Celebrating the Pastoral Care of the Sick J. Philip Horrigan, 2019. A thorough and pastoral walk through Pastoral Care of the Sick: Rites of Anointing and Viaticum. **Commemorative Events** Warwick Frost, Jennifer Laing, 2013-03-12. Commemorative Events emphasise remembering. They are held on the anniversaries of significant past events, either annually or after significant time periods. Commemorative events provide fascinating insight into how societies see themselves, their heritage and their identity. These events, however, carry high propensity for controversy as memory and identity are highly subjective and other stakeholders hold different views of what should be commemorated and why. This is the first book to provide an in-depth critical examination of commemorative events, particularly what they mean to societies and how they are used by governments as well as impacts on other stakeholders. The book fully explores these issues by reviewing all the major types of commemorative events, including nationhood or independence wars, battles, famous people and cultural milestones from varying geographical regions and stakeholder perspectives. By doing so, the book furthers understanding of these types of events in society as well as furthering knowledge of social and political uses and impacts of events. This thought-provoking volume will be valuable reading for students, researchers and academics interested in events.

European Political Parties Stanley Henig, John Pinder, 2025-09-12. *European Political Parties 1969* looks at the parties of Western Europe on a country-by-country basis, examining their roles in the increasing political integration in the European Economic Community. The party system is described with a structural-functional analysis of individual parties. Particular emphasis is given to the relationship between the parties and their respective parliamentary groups and between leaders and members.

Corruption and Democracy Council of Europe. Octopus Programme, 2008-01-01. Political corruption

contributes to the decline of citizens trust and confidence in democracy and weakens democratic principles and processes The contributions in this book identify risks that corruption poses to the future of democracy in Europe and propose a wide range of measures for action which are aimed at preventing political corruption including undue influence on the justice system enhancing transparency and accountability and rebuilding confidence in democracy Publisher s description

Managing Sport Mega-Events Stephen Frawley,2016-06-17 Managing Sport Mega Events explores global developments in the management of sport mega events Sport mega events such as the Olympic Games and the Football World Cup have been examined from a number of academic perspectives including history sociology politics urban planning and economics What is lacking however is a book which identifies and evaluates the current issues and complexities faced by those charged with the responsibility of managing these sport mega events This book fills the gap The book addresses three broad but interconnected themes First strategic matters are explored focusing on the rise of sport mega events the management of stakeholders and governance issues Second how organisers can best ensure the sustainable management of sport mega events is considered Third operational matters and related issues are examined including media management broadcast management venue management risk management marketing and sponsorship management The book draws on leading international sport management scholars each of whom has expertise in the organisation of sport mega events It makes a valuable contribution to the existing literature

Parties, Gender Quotas and Candidate Selection in France R. Murray,2010-04-09 Gender quotas are a growing worldwide phenomenon yet their variable implementation remains under researched Using the prominent case study of France this book approaches quotas from the perspective of the key actors responsible for them political parties

Political Parties in Advanced Industrial Democracies Paul Webb,David Farrell,Ian Holliday,2002-09-26 How relevant and vital are political parties in contemporary democracies Do they fulfill the functions that any stable and effective democracy might expect of them or are they little more than moribund anachronisms relics of a past age of political life now superseded by other mechanisms of linkage between state and society These are the central questions which this book aims to address through a rigorous comparative analysis of political parties operating in the world s advanced industrial democracies Drawing on the expertise of an impressive team of internationally known specialists the book engages systematically with the evidence to show that while a degree of popular cynicism towards them is often chronic though rarely acute parties have adapted and survived as organizations remodelling themselves to the needs of an era in which patterns of linkage and communication with social groups have been transformed This has enabled them to remain central to democratic

systems especially in respect of the political functions of governance recruitment and albeit more problematically interest aggregation On the other hand the challenges they face in respect of interest articulation communication and participation have pushed parties into more marginal roles within Western political systems The implications of these findings for democracy depend on the observer's normative and theoretical perspectives Those who understand democracy primarily in terms of popular choice and control in public affairs will probably see parties as continuing to play a central role while those who place greater store by the more demanding criteria of optimizing interests and instilling civic orientations among citizens are far more likely to be fundamentally critical

Comparative Politics is a series for students and teachers of political science that deals with contemporary issues in comparative government and politics The General Editors are Max Kaase Vice President and Dean of Humanities and Social Sciences International University Bremen and Kenneth Newton Professor of Government at Southampton University The series is published in association with the European Consortium for Political Research

Parties and Elections in America Louis Sandy Maisel, Mark D. Brewer, 2008 Provides a comprehensive introduction to the American political process covering national state and local elections nominating processes voting regulations campaigning and campaign finance the role of political parties and influence of the media

Now That's a Good Question! Erik M. Francis, 2016-07-22 In this book Erik M Francis explores how one of the most fundamental instructional strategies questioning can provide the proper scaffolding to deepen student thinking understanding and application of knowledge You'll learn Techniques for using questioning to extend and evaluate student learning experiences Eight different kinds of questions that challenge students to demonstrate higher order thinking and communicate depth of knowledge How to rephrase the performance objectives of college and career readiness standards into questions that engage and challenge students Francis offers myriad examples of good questions across content areas and grade levels as well as structures to help teachers create and use the different kinds of questions By using this book to fine tune your approach to questioning you can awaken the spirit of inquiry in your classroom and help students deepen their knowledge understanding and ability to communicate what they think and know

University of Pennsylvania Law Review, 1917

Parties, Politics, Peace Carrie Manning, Ian O. Smith, Ozlem Tuncel Gurlek, 2023-06-29 This pathbreaking book uncovers the important underappreciated role of armed opposition groups turned political parties in shaping long term patterns of politics after war Based on an empirically grounded and theoretically informed retrospective on nearly 30 years of post conflict democratic state building efforts it examines whether this practice has contributed to peace and finds that engaging post rebel parties in electoral politics has proven to be a viable long term strategy for bringing political stability that disengage post rebel parties from different political contexts invest heavily in electoral politics and that few post rebel parties actively seek return to civil conflict as a solution after becoming a political party This book will be of key interest to scholars students and practitioners in democracy governance elections political parties post conflict peacebuilding and more broadly to

international relations comparative politics and regional politics
