Joannou, 2012-07-17 An original mapping of women's writing in the 1940s and 1950s this book looks at Englishness and national identity in women's writing and includes writing from Scotland Wales Ireland the Indian subcontinent and Africa The authors discussed include Virginia Woolf Daphne Du Maurier Doris Lessing and Muriel Spark After Austen Lisa Hopkins, 2018-11-11 This collection of twelve new essays examines some of what Jane Austen has become in the two hundred years since her death Some of the chapters explore adaptations or repurposings of her work while others trace her influence on a surprising variety of different kinds of writing sometimes even when there is no announced or obvious debt to her In so doing they also inevitably shed light on Austen herself Austen is often considered romantic and not often considered political but both those perceptions are challenged here as is the idea that she is primarily a writer for and about women Her books are comic and ironic but they have been reworked and drawn upon in very different genres and styles Collectively these essays testify to the extraordinary versatility and resonance of Austen's books **Historical Romance Fiction** Lisa Fletcher, 2016-04-22 The first book length study of romance novels to focus on issues of sexuality rather than gender Historical Romance Fiction moves the ongoing debate about the value and appeal of heterosexual romance onto new ground testing the claims of cutting edge critical theorists on everything from popular classics by Georgette Heyer to recent bodice rippers to historical fiction by John Fowles and A S Byatt Beginning with her nomination of I love you as the romance novel's defining speech act Lisa Fletcher engages closely with speech act theory and recent studies of performativity The range of

texts serves to illustrate Fletcher's definition of historical romance as a fictional mode dependent on the force and familiarity of the speech act I love you and permits Fletcher to provide a detailed account of the genre's history and development in both its popular and literary manifestations Written from a feminist and anti homophobic perspective Fletcher's subtle arguments about the romantic speech act serve to demonstrate the genre's dependence on repetition Romance can only quote and the shaky ground on which the romance's heterosexual premise rests Her exploration of the subgenre of cross dressing novels is especially revealing in this regard With its deft mix of theoretical arguments and suggestive close readings Fletcher's book will appeal to specialists in genre speech act and performativity theory and gender studies
