which every fifth one is a review In addition to this Lessons XXXVII XL review the first half and Lessons LXV LXXII the whole book taking up at the same time the irregular verbs These last eight lessons form an excellent summary with which to begin the second year Special attention is invited to the way in which the grammar is developed After the first essentials are finished each important topic is treated in a group of five lessons making the book particularly systematic and thorough Modals are introduced early as they are vital The treatment of the Dependent Order is put off till the relative pronoun occurs and then the first half of the book is reviewed with the Dependent Order making that the one new subject in Lessons XXXVII XL The Subjunctive is brought in earlier than in most books to allow more time for practice The plan of each lesson is simple The memory gems or idioms are to be learned by heart Up to Lesson XX they are translated for the pupil About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
