Essays In Humanitarian Action:

Making the Voice of Humanity Heard Liesbeth Lijnzaad, Johanna van Sambeek, Bahia Tahzib-Lie, 2021-11-08 HRH Princess Margriet of the Netherlands has made her mark in the annals of the International Red Cross and Red Crescent Movement In this anthology prominent members of the world community and global experts and practitioners come together to pay tribute to Princess Margriet for her decades of dedicated service to the Movement and the Netherlands Red Cross Society This tribute takes place on the occasion of the end of her eight year tenure as Chair of the Standing Commission of the Red Cross and Red Crescent Under the Princess s guidance the Standing Commission has come to play a strong and unifying role in the Movement This unique collection of scholarly and inspirational essays offers a wealth of information on the constituent components and statutory bodies of the Movement and contemplates its mission to help victims and improve the lives of vulnerable people It addresses the humanitarian concerns and challenges of our time The anthology further provides a unique forum for the current debates on the application and development of international humanitarian law It also discusses the Movement s relations with governments and external partners and the contribution of volunteers This is the first book to bring the relatively unknown Standing Commission of the Red Cross and Red Crescent and its work prominently to the fore Making the Voice of Humanity Heard is essential and accessible reading for anyone interested in the daunting tasks and fundamental role of the International Red Cross and Red Crescent Movement as well as the contemporary threats and challenges to humanitarian assistance and international humanitarian law

Humanitarian Intervention Aleksandar Jokic, 2003-02-21 International law makes it explicit that states shall not intervene militarily or otherwise in the affairs of other states it is a central principle of the charter of the United Nations But international law also provides an exception when a conflict within a state poses a threat to international peace military intervention by the UN may be warranted Indeed the UN Charter provides for an international police force though nothing has ever come of this provision The Charter and other UN documents also assert that human rights are to be protected but in the past the responsibility for the protection of human rights has for the most part been allowed to rest on the government of the state where the violation of rights occurs Not surprisingly in this context the question of what protection if any should be provided by the UN or otherwise to individuals when their human rights are violated by their governments or with the complicity of their governments remains a contentious issue Should the principle of respect for state sovereignty trump the principle of respect for human rights Historically it has been allowed to do so but recently it has been more and more widely argued that when states fail to respect the human rights of their citizens or of others who reside within their boundaries they may be held accountable for their actions Is military humanitarian intervention justifiable And if so under what circumstances Those are the questions addressed in this collection of essays The focus of the volume is on the abstract principles involved though reference is sometimes made to specific cases the essays here consist primarily of philosophical reflection on the abstract issues A

companion volume on the specific issues surrounding a particular case Lessons of Kosovo is being published simultaneously

The Paradoxes of Aid Work Silke Roth, 2015-03-24 This book explores what attracts people to aidwork and to what extent the promises of aidwork are fulfilled Aidland is a highly complex and heterogeneous context which includes many different occupations forms of employment and organizations Analysing the processes that lead to the involvement in development cooperation emergency relief and human rights work and tracing the pathways into and through Aidland the book addresses working and living conditions in Aidland gender relations and inequality among aid personnel and what impact aidwork has on the life courses of aidworkers In order to capture the trajectories that lead to Aidland a biographical perspective is employed which reveals that boundary crossing between development cooperation emergency relief and human rights is not unusual and that considering these fields as separate spheres might overlook important connections Rich reflexive data is used to theorize about the often contradictory experiences of people working in aid whose careers are shaped by geo politics changing priorities of donors and a changing composition of the aid sector Exploring the life worlds of people working in aid this book contributes to the emerging sociology and anthropology of aidwork and will be of interest to professionals and researchers in humanitarian and development studies sociology anthropology political science and international relations international social work and social psychology Routledge Companion to Media and Humanitarian Action Robin

Andersen, Purnaka L. de Silva, 2017-09-14 In this moment of unprecedented humanitarian crises the representations of global disasters are increasingly common media themes around the world The Routledge Companion to Media and Humanitarian Action explores the interconnections between media old and new and the humanitarian challenges that have come to define the twenty first century Contributors including media professionals and experts in humanitarian affairs grapple with what kinds of media language discourse terms and campaigns can offer enough context and background knowledge to nurture informed global citizens Case studies of media practices content analysis and evaluation of media coverage and representations of humanitarian emergencies and affairs offer further insight into the ways in which strategic communications are designed and implemented in field of humanitarian action Essentials of Essay Writing Jamie Q

Roberts, Robert Buch, 2017-04-24 This engaging text shows students what markers look for in their work and helps them to develop the skills they need to produce a first class essay It focuses on all the core elements of effective essay writing including devising a question critical thinking engaging with the literature and structuring an essay Chapters include clear and concise guidance on meeting marking criteria illustrated with real students essays from a range of disciplines and activities which encourage students to put their new skills into practice This is an essential resource for all university students for whom essays and coursework form part of their assessment It is also ideal for further education students and those preparing for university level study **Exploring the Role of International Humanitarian Organizations in**

Providing Mental and Health Psychosocial Support Larissa Kodama, 2025-01-28 This book offers a comprehensive

analysis of the role of international organizations in providing mental health psychosocial support MHPSS in humanitarian settings Giving examples of organizations such as the International Committee of the Red Cross ICRC the UN and Doctors Without Borders the work examines how these actors act in the midst of crises and catastrophes providing support to populations affected by disasters conflicts and emergencies From an approach centered on the right to mental health as a human right the book discusses international conventions protocols and State duties in addition to exploring the cultural religious and political challenges that hinder the implementation of effective mental health and psychosocial support The work also addresses the lack of investment in the area and the stigma that still surrounds the topic in different parts of the world Based on concrete data and case studies the book details research methodologies and presents results that illustrate both the difficulties faced and the successes achieved It is essential reading for health law and humanitarian assistance professionals as well as scholars interested in the intersection between mental health and human rights in crisis contexts This work is an adaptation of the master s thesis of the international relations course at Middlesex University Dubai

Essays in Celebrity Culture Pramod K. Nayar, 2021-05-11 The collection of essays in the book moves from the largest domain of celebrity culture in India Bollywood through celebrity life writing and biopics and finally to the politics of and by celebrity culture The book begins with an exploration of films made around celebrity victims to the vernacular cosmopolitanism of Bollywood stars philanthropic and humanitarian work and finally to celebrity charisma and its role in the current era of post truth Two studies of celebrity biopics and auto biographies from sports stars to Bollywood stars and their disease memoirs are included Finally a section of essays are devoted to celebrity cultural politics including Indian writing as a celebrity the Narmada River as a celebrity the desacralization of celebrity statues Arundhati Roy s celebrated and celebrity activism and the self fashioning of Indian authors in the age of digital culture Thinking about Global Governance Thomas

G. Weiss, 2012-04-27 One of the more prolific and influential analysts of multilateral approaches to global problem solving over the last three decades is Thomas G Weiss *Thinking about Global Governance Why People and Ideas Matter* assembles key scholarly and policy writing This collection organizes his most recent work addressing the core issues of the United Nations global governance and humanitarian action The essays are placed in historical and intellectual context in a substantial new introduction which contains a healthy dose of the idealism and ethical orientation that invariably characterize his best work This volume gives the reader a comprehensive understanding of these key topics for a globalizing world and is an invaluable resource for students and scholars alike **Current Challenges to Peacebuilding Efforts and**

Development Assistance Konrad Pędziwiatr, 2011 New Essays on The Rise of Silas Lapham Donald E. Pease, 1991-05-31 Argues the renewed importance of Howells s novel for an understanding of literature as a social force as well as a literary form *Essays on International Law* Graeme Baber, 2017-01-06 This book contains ten writings on different aspects of

international law each of them cross referenced in instances in which information in one is relevant to points made in another

The first essay considers the character of the subject and its relation to other entities of relevance to it such as its compatibility with national law and its relation to maritime law The second one considers different types of legal instruments in settings of international law and explains how to read a multilateral convention using the Convention for the International Sale of Goods as an example The third part discusses the characteristics of a state and the concept of recognition the fourth reviews the various roles that institutions take in international law concentrating in particular on major regional organisations and the fifth explores the extent to which the World Trade Organisation and the General Agreement on Tariffs and Trade provide for developing countries Essay Six summarises the framework for international labour law and investigates its contents and workings then the seventh considers which countries predominate in the running of international institutions The eighth paper explores how regional entities might co operate with international institutions in the harmonisation of the law and the ninth one investigates the place of negotiation as a method of international dispute resolution Finally the tenth essay considers the past present and future of international law and reviews especially the role of language

Essays on Twentieth-Century History Michael Adas, American Historical Association, 2010-05-28 Probing the paradoxes of the long twentieth century Unprecedented human opportunity and deprivation to the rise of the United States as a hegemon

The Prevention and Intervention of Genocide Samuel Totten, 2017-09-08 Over the last twenty years the world has witnessed four major genocides There was the genocide in Iraq 1988 in Rwanda 1994 in Srebrenica 1995 and in Darfur 2003 and continuing Most observers agree there is an urgent need to assess the international community's efforts to prevent genocide and to intervene once a genocide is under way in an effective and timely manner This volume the latest in a widely respected series on the subject of genocide provides an overview of a host of issues germane to this task The book begins with a cogent discussion of the issues of prevention and intervention during the Cold War years The second chapter discusses the abject failures and moderate though in some cases highly controversial successes at prevention and intervention carried out in the 1990s and early 2000s Further chapters examine latest efforts to develop an effective genocide early warning system and examine the complexity of and barriers to prevention The pros and cons of sanctions and the problems of enforcement and evaluation their effectiveness are then discussed Conflicts between state sovereignty and the protection of threatened populations are examined both in historical context and by incorporating the latest thinking Later chapters treat the issue of intervention why and how it has met with only limited success Concentrating on Rwanda and Srebrenica chapter 8 discusses various peace operations that were abject failures and those that were moderately successful The concept of an anti genocide regime is examined in terms of progress in developing such a regime as well as what the international community must do in order to implement it Chapters discuss key issues related to post genocidal periods those that need to be addressed in order to establish stability in a wounded land and populace as well as to prevent future genocides The final chapter asks whether bringing perpetrators to justice has any impact in breaking impunity ensuring

deterrence and bringing about reconciliation The contributors to the volume are all noted scholars some of whom specialize in the study of genocide and others who specialize in such areas as early warning peacekeeping and sanctions The Routledge Companion to Humanitarian Action Roger Mac Ginty, Jenny H Peterson, 2015-03-24 The Companion on Humanitarian Action addresses the political ethical legal and practical issues which influence reactions to humanitarian crisis It does so by exploring the daily dilemmas faced by a range of actors including policy makers aid workers the private sector and the beneficiaries of aid and by challenging common perceptions regarding humanitarian crisis and the policies put in place to address these Through such explorations it provides practitioners and scholars with the knowledge needed to both understand and improve upon current forms of humanitarian action The Companion will be of use to those interested a range of humanitarian programmes ranging from emergency medical assistance military interventions managing refugee flows and the implementation of international humanitarian law As opposed to addressing specific programmes it will explore five themes seen as relevant to understanding and engaging in all modes of humanitarian action The first section explores varying interpretations of humanitarianism including critical historical and political economic explanations as well as more practice based explorations focused on notions needs assessments and evaluation Following this readers will be exposed to the latest debates on a range of humanitarian principles including neutrality and sovereignty before exploring the key issues faced by the main actors involved in humanitarian crisis from international NGOs to local community based organizations The final two sections address what are seen as key dilemmas in regards to humanitarian action and emerging trends in the humanitarian system including the increasing role of social media in responding to crises Whilst not a how to guide the Companion contains many practical insights for policy makers and aid workers whilst also offering analytical insights for students of humanitarian action Indeed throughout the book readers will come to the realization that understanding and improving humanitarian action simultaneously requires both active critical reflection and an acceptance of the urgency and timeliness of action that is required for humanitarian assistance to have an impact on vital human needs Exploring a sector that is far from homogenous both practitioners and scholars alike will find the contributions of this book offers them a deeper understanding of the motivations and mechanics of current interventions but also insight into current changes and progress occurring in the field of humanitarian practice Censorship Derek Jones, 2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression Conflict

After the Cold War Richard K. Betts, 2015-09-16 Edited by one of the most renowned scholars in the field Richard Betts Conflict After the Cold War assembles classic and contemporary readings on enduring problems of international security Offering broad historical and philosophical breadth the carefully chosen and excerpted selections in this popular reader help students engage key debates over the future of war and the new forms that violent conflict will take Conflict After the Cold War encourages closer scrutiny of the political economic social and military factors that drive war and peace The Culture of National Security Peter J. Katzenstein, 1996 The political transformations of the 1980s and 1990s have dramatically affected models of national and international security Particularly since the end of the Cold War scholars have been uncertain about how to interpret the effects of major shifts in the balance of power Are we living today in a unipolar bipolar or multipolar world Are we moving toward an international order that makes the recurrence of major war in Europe or Asia highly unlikely or virtually inevitable Is ideological conflict between states diminishing or increasing **Irony in Action** James Fernandez, Mary Taylor Huber, 2001-06-20 Irony today extends beyond its classification as a figure of speech and is increasingly recognized as one of the major modes of human experience This idea of irony as an integral force in social life is at the center of this provocative book The result of a meeting where anthropologists were invited to explore the politics of irony and the moral responsibilities that accompany its recognition this book is one of the first to lend an anthropological perspective to this contemporary phenomenon The first group of essays explores the limits to irony's liberating qualities from the constrained use of irony in congressional hearings to its reactive presence amid widening disparities of wealth despite decades of world development The second section presents irony's more positive dimensions through an array of examples such as the use of irony by Chinese writers and Irish humorists Framed by the editors' theoretical introduction to the issues posed by irony and responses to the essays by two literary scholars Irony in Action is a timely contribution in the contemporary reinvention of anthropology **The Responsibility to Protect** International Commission on Intervention and State Sovereignty, International Development Research Centre (Canada), 2001 Responsibility to Protect Research bibliography background Supplementary volume to the Report of the International Commission on Intervention and State Sovereignty **The Oxford Companion to Politics of the World** Joel Krieger, Margaret E. Crahan, 2001-08-02 The world has seen dramatic changes since the publication of the first edition of The Oxford Companion to Politics of the World in 1993 In the post Cold War world globalization now offers wealth and opportunities on a broader scale as well as greater international harmony but threatens to reinforce the advantage gap between wealthy and poor regions and intensify environmental degradation Conflict and squalor expressed in brutal brushfire wars epidemics and chronic underdevelopment vie with equally dramatic accounts of growth and democracy associated with a liberal political order and the global diffusion of trade investment and communications Drawing on the breadth of the first edition this updated edition reflects the changing world with a reassessment of many of the core themes of the Companion and new articles on the people concepts

and events that have shaped the world since 1993 The second edition includes biographies of Kofi Annan Tony Blair Bill Clinton and Gerhard Schroder articles on events such as the Rwandan Genocide and the war in Kosovo and coverage of international trade developments such as NAFTA and the World Trade Organization Eighty seven of the 672 articles in the Second Edition are completely new most others are thoroughly revised This edition also features a substantial new set of articles a dozen essays on critical issues written by influential figures Recognizing the importance of including varying viewpoints the editors have commissioned these essays to provide an informed and often passionate debate on controversial topics Discussions include Lani Guinier and Glenn Loury on Affirmative Action Francis Fukuyama and Milton Fisk on the Limits of Liberal Democracy and Lloyd Axworthy and John Bolton on the United Nations The contributors discuss nearly every nation in the world including extensive information on institutions political parties leaders and the sources of political mobilization and conflict The volume also includes biographies of more than seventy five political leaders and thinkers who have shaped the contemporary political world Articles include detailed discussions of critical historical developments and events concepts international law and organizations The Oxford Companion to Politics of the World Second Edition is an accessible timely thought provoking and comprehensive reference that captures the complexity and vitality of contemporary world affairs
