The content is systematically structured to cater to the specific requirements of students enrolled in this course, ensuring that they are equipped with both conceptual understanding and hands-on skills for effective teaching. The text is organized into three comprehensive units: Unit 1 introduces the concept of teaching, explores fundamental teaching skills, and examines the phases of teaching; Unit 2 focuses on the lesson plan as a cornerstone of effective teaching, discussing its meaning, nature, importance, and the criteria that make a lesson plan successful alongside Herbartian principles; Unit 3 provides practical guidance on preparing lesson plans for practice teaching, bridging the gap between theory and real-world application.
