Tools of Justice Kalpana Kannabiran, 2013-02-01 In the years since independence the Indian subcontinent has witnessed an alarming rise in violence against marginalized communities with an increasing number of groups pushed to the margins of the democratic order Against this background of violence injustice and the abuse of rights this book explores the critical insurgent possibilities of constitutionalism as a means of revitalising the concepts of non discrimination and liberty and of reimagining democratic citizenship The book argues that the breaking down of discrimination in constitutional interpretation and the narrowing of the field of liberty in law deepen discriminatory ideologies and practices Instead it offers an intersectional approach to jurisprudence as a means of enabling the law to address the problem of discrimination along multiple intersecting axes The argument is developed in the context of the various grounds of discrimination mentioned in the constitution caste tribe religious minorities women sexual minorities and disability The study draws on a rich body of materials including official reports case law and historical records and uses insights from social theory anthropology literary and historical studies and constitutional jurisprudence to offer a new reading of non discrimination This book will be useful to those interested in law sociology gender studies politics constitutionalism disability studies human rights social exclusion etc

Disobedience Elena Loizidou, 2013-10-30 Disobedience has been practiced and considered since time immemorial The aim of this edited collection is to explore the concept and practice of disobedience through the prism of contemporary ideas and events Past writings on disobedience represented it as a largely political practice that revealed the limits of government or law It was not for example thought of as a subjective exigency and its discussion in relation to law and politics was tied to an unduly narrow conception of these terms Disobedience Concept and Practice reveals the multivalent multidisciplinary and poly local nature of disobedience The essays in this volume demonstrate how disobedience operates in various terrains and may be articulated in relation to textuality aesthetics and subjectivity as well as politics and law A rich and useful guide to current legal political and social possibilities this book provides a fresh perspective on a subject that is of both historical importance and contemporary relevance

Democratic Culture Akeel Bilgrami, 2013-02-01 A collection of essays by distinguished scholars this book delineates a substantial conception of democracy the great promise as well as the pitfalls of a democratic mentality and culture These essays go beyond the institutional and formal descriptions of democracy to its underlying cultural context expressed both historically and analytically descriptively and normatively

The Bloomsbury Handbook of Postcolonial Print Cultures Toral Jatin Gajrawala, Neelam Srivastava, Rajeswari Sunder Rajan, Jack Webb, 2023-08-10 The texts that make up postcolonial print cultures are often found outside the archival catalogue and in lesser examined repositories such as personal collections the streets or appendages to established collections This volume examines the published and unpublished writing magazines pamphlets paratexts advertisements cartoons radio and street art that serve as the intellectual forces behind opposition to colonial orders as meditations on the futures of embryonic nation states and as visions of new forms of equality The print cultures examined here are necessarily anti institutional they serve as a counterpoint to the colonial archive and relatedly to more traditional genres and text formats coming out of large scale publishers This means that much of the primary material analyzed in this book has not been scrutinized before Many of these print productions articulate collective liberation projects with origins in the grassroots They include debates around the shape of the postcolonial nation and the new state formation that necessarily draw on a diverse and contentious public sphere of opinion Their rhetoric ranges from the reformist to the revolutionary Reflecting the diversity indeed the disorderliness of postcolonial print cultures this book covers local national and transnational cultures from Asia Africa Europe and the Americas Its wide ranging essays offer a nuanced and taken together a definitive though that is not to say comprehensive or systematic study of a global phenomenon postcolonial print cultures as a distinct literary field The chapters recover the efforts of writers readers and publishers to produce a postcolonialism from below and thereby offer a

range of fresh perspectives on the meaning and history of postcolonialism **Caste and nature** Mukul Sharma, 2017-09-25

Rarely do Indian environmental discourses examine nature through the lens of caste Whereas nature is considered as universal and inherent caste is understood as a constructed historical and social entity Mukul Sharma shows how caste and nature are intimately connected He compares Dalit meanings of environment to ideas and practices of neo Brahmanism and certain mainstreams of environmental thought Showing how Dalit experiences of environment are ridden with metaphors of pollution impurity and dirt the author is able to bring forth new dimensions on both environment and Dalits without valorizing the latter's standpoint Rather than looking for a coherent understanding of their ecology the book explores the diverse and rich intellectual resources of Dalits such as movements songs myths memories and metaphors around nature These reveal their quest to define themselves in caste ridden nature and building a form of environmentalism free from the burdens of caste The Dalits also pose a critical challenge to Indian environmentalism which has until now marginalized such linkages between caste and nature

Philosophies of Place Peter D. Herschok, Roger T. Ames, 2019-06-30 Humanity takes up space Human beings like many other species also transform spaces What is perhaps uniquely human is the disposition to qualitatively transform spaces into places that are charged with distinctive kinds of intergenerational significance There is a profound felt difference between a house as domestic space and a home as familial place or between the summit of a mountain one has climbed for the first time and the same rock pinnacle celebrated in ancestral narratives Contemporary philosophical uses of the word place often pivot on the distinction between space and place formalized by geographer philosopher Yi fu Tuan who suggested that places incorporate the experiences and aspirations of a people over the course of their moral and aesthetic engagement with sites and locations While spaces afford possibilities for different kinds of presence physical emotional cognitive dramatic spiritual places emerge as different ways of being present fuse over time and saturate a locale with distinctively collaborative patterns of significance This approach to issues of place however is emblematic of what Edward S Casey has argued are convictions about the primacy of absolute space and time that evolved along with the progressive dominance of the scientific imagination and modern imaginations of the universal The recent reappearance of place in Western philosophy represents a turn away from abstract and a priori reasoning and back toward

phenomenal experience and the primacy of embodied and emplaced intelligence Places are enacted through the sustainably shared practices of mutually responsive and mutually vulnerable agents and are as numerous in kind as we are divergent in the patterns of values and intentions The contributors to this volume draw on resources from Asian European and North American traditions of thought to engage in intercultural reflection on the significance of place in philosophy and of the place of philosophy itself in the cultural social economic and political domains of contemporary life The conversation of place that results explores the meaning of intercultural philosophy the critical interplay of place and personal identity the meaning of appropriate emplacement the shared place of politics and religion and the nature of the emotionally emplaced body

Between Ethics and Politics Eva Pförtl, 2016-03-16 Is it possible to build an authentically democratic system in politics without concrete ethical foundations Addressing this question in the wake of the contemporary crisis in democracy worldwide the volume re evaluates Mohandas Karamchand Gandhi s key thoughts It foregrounds their relevance to the ongoing struggles that attempt to reconcile the apparently dissimilar orientations of politics and ethics Collecting fresh interdisciplinary researches the book provides insights into Gandhi s complex and occasionally turbulent intellectual and political relationships with influential figures of Indian society and politics whether critics such as B R Ambedkar and friends like Rabindranath Tagore and Jawaharlal Nehru It also presents an informed political biography of Gandhi encapsulating the salient details of his long trajectory as a unique mass mobilizer socio political activist and ideologue from his days in South Africa to his death in independent India This book will immensely interest scholars and students of political theory philosophy ethics history and Gandhian studies

Religion in Diverse Societies Pauline Kollontai, Sue Yore, 2024-11-11 Religion in Diverse Societies Crossing the Boundaries of Prejudice and Distrust contributes to existing cutting edge research on the constructive way in which religion can support the promotion of respect dignity and justice for all people considered as essential features in shaping sustainable diverse and peaceful societies Through a combination of theoretical perspectives and theological analysis applied to real life contexts the diverse contributions examine the role of religion in helping to achieve this and thereby challenge the attitudes and practices that create walls of prejudice and distrust This timely volume provides a critical discussion of the complex role of religions in the public and political spheres in a range of global contexts and furthers the inter religious international and interdisciplinary understanding of how religion can contribute to promoting and helping create inclusive and diverse societies

Untouchable Fictions: Literary Realism and the Crisis of Caste Toral Jatin Gajarawala, 2013 Untouchable Fictions considers the crisis of literary realism progressive rural regionalist experimental in order to derive a literary genealogy for the recent explosion of Dalit untouchable caste fiction Drawing on a wide array of writings from Premchand and Renu in Hindi to Mulk Raj Anand and V S Naipaul in English Gajarawala illuminates the dark side of realist complicity a hidden aesthetics and politics of caste How does caste color the novel What are its formal tendencies What generic constraints does it produce

Rethinking Caste and Resistance in India Murzban

Jal,2023-06-23 This book is a collection of essays by prominent thinkers on the historicist and humanist transcendence of the caste system such that an authentic democracy can bloom in India It locates caste as not only a social problem but a moral evil and schizophrenia affecting India civilization Besides reflecting on Jotiba Phule Karl Marx and B R Ambedkar this book also traverses through Nietzschean genealogy communalism in colonial India the need for radical education to fulfil the democratic revolution the literature of Triveni Sangh questions of social exclusion and inequality the story of Eklavya in the Mahabharata and the asking of pertinent questions to the Indian left This book is co published with Aakar Books Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan **Social Work in India** Bishnu Mohan Dash,Mithilesh Kumar,Siddheshwar Shukla,2020-01-01 The present book is an attempt to decolonize the colonial legacy and professional imperialism in Social Work Education and has presented various Swadeshi indigenous perspectives and approaches relevant for social work education The book has tried to incorporate the significant contributions and developmental models propounded by the great Indian thinkers particularly Swami Vivekananda Dr Bhim Rao Ambedkar Mahatma Gandhi Vinoba Bhave and Nanaji Deshmukh which is highly relevant in the reconstruction of Indian Society The book will be extremely relevant for the students of social work sociology rural development development studies and allied social science disciplines at Bachelors and Masters level Ways of Remembering: Volume 1 Oishik Sircar,2024-05-31 Ways of Remembering tells a story about the relationship between secular law and religious violence by studying the memorialisation of the 2002 Gujarat pogrom postcolonial India s most litigated and mediatized event of anti Muslim mass violence By reading judgments and films on the pogrom through a novel interpretive framework the book argues that the shared narrative of law and cinema engenders ways of remembering the pogrom in which the rationality of secular law offers a resolution to the irrationality of religious violence In the public s collective memory the force of this rationality simultaneously condemns and normalises violence against Muslims while exonerating secular law from its role in enabling the pogrom thus keeping the violent legal order against India s Muslim citizens intact The book contends that in foregrounding law s aesthetic dimensions we see the discursive ways in which secular law organizes violence and presents itself as the panacea for that very violence *Great Soul* Joseph Lelyveld,2012-04-03 A highly original stirring book on Mahatma Gandhi that deepens our sense of his achievements and disappointments his success in seizing India s imagination and shaping its independence struggle as a mass movement his recognition late in life that few of his followers paid more than lip service to his ambitious goals of social justice for the country s minorities outcasts and rural poor A revelation Lelyveld has restored human depth to the Mahatma Hari Kunzru The New York Times Pulitzer Prize winner Joseph Lelyveld shows in vivid unmatched detail how Gandhi s sense of mission social values and philosophy of nonviolent resistance were shaped on another subcontinent during two decades in South Africa and then tested by an India that quickly learned to revere him as a Mahatma or Great Soul while following him only a small part of the way to the social transformation he

envisioned The man himself emerges as one of history's most remarkable self-creations a prosperous lawyer who became an ascetic in a loincloth wholly dedicated to political and social action Lelyveld leads us step by step through the heroic and tragic last months of this selfless leader's long campaign when his nonviolent efforts culminated in the partition of India the creation of Pakistan and a bloodbath of ethnic cleansing that ended only with his own assassination India and its politicians were ready to place Gandhi on a pedestal as Father of the Nation but were less inclined to embrace his teachings Muslim support crucial in his rise to leadership soon waned and the oppressed untouchables for whom Gandhi spoke to Hindus as a whole produced their own leaders Here is a vital brilliant reconsideration of Gandhi's extraordinary struggles on two continents of his fierce but finally unfulfilled hopes and of his ever evolving legacy which more than six decades after his death still ensures his place as India's social conscience and not just India's

The Magical Lantern Murzban Jal, 2022-11-28

The book The Magical Lantern is a collection of essays on Marxist philosophy It is based on the philosophical reflection on Marx's idea of phantasmagoria as the magical lantern that creates eerie images an idea that is central to Marx's theory of modern capitalist societies It talks of the importance of Marx's philosophy and its application in concrete politics especially in creating socialist humanist philosophy of human emancipation where global societies can be emancipated from the phantasmagorias that haunt them thus able to transcend global capitalism which is in terminal and permanent crisis It then critiques the rise of authoritarian regimes emerging all over the world and seeks to explain the rise of global totalitarianism But it claims that the answer to authoritarianism is not liberalism since liberalism is part of the late imperialism in permanent crisis as well as it involves what Slavoj Žižek calls the *Denkverbot* the prohibition against thinking and thus involves the return of the eerie phantasmagoria that does not allow critical thinking However the critique of liberalism does not relapse into orthodox Marxism since this book argues that in the genre of orthodox Marxism the ghosts of Stalin and Mao with their own authoritarianism haunt philosophies of human emancipation While Stalin is portrayed as a brutal counter-revolutionary who destroyed Marxism by evoking Marxism itself Mao is presented as the alchemist of the revolution and a peculiar form of Stalinism in rebellion against Stalinism itself The chapters in this book were originally published in *Critique Journal of Socialist Theory*
