Essential Theology Creative Bible Lessons:

Creative Bible Lessons in Essential Theology Andrew A. Hedges, 2009-09-13 As a youth worker you have certainly spent much of your time addressing the current issues facing teens but have you stopped to think about what may be behind students behavior Many of the not so wise choices students make are the result of a confused worldview that comes from uncertainty about who God is It s easy for students to dismiss the truth when they learn from the world that all truth is relative Creative Bible Lessons Essential Theology uses a conversational approach to give students a theological foundation to better understand God and his purpose for how to live their lives Throughout the twelve sessions of this study students will learn how creation provides evidence of God s existence look at how God has chosen to reveal himself through his Word learn to live lives that reflect God s love for them understand their need for God s direction commit to following God s will as they make life decisions discover how God s invitation to enter his kingdom affects the direction of their lives examine where they are with God on a personal level Following in the tradition of the bestselling Creative Bible Lessons series you ll find audio visual and hands on activities to engage your students in the pursuit of theology And because every student learns differently each lesson includes options to help you reach your particular group of students whether they learn best from imaginative analytic common sense or dynamic teaching styles With all these tools at your disposal you are guaranteed to get your students fired up for seeking God and his plan for them

Creative Bible Teaching Lawrence O. Richards, Gary J. Bredfeldt, 2020-08-04 Bring the Bible to Your Students like Never Before Communicating the Scriptures is much like building a bridge However instead of ravines or rivers the teacher must span both cultural boundaries and great gulfs of time between the present and the pasts of Moses David Jesus and Paul Though God s Word is always relevant the teacher must help students see Scripture s vast treasures The effective engaging Bible teacher must therefore become creative Together Lawrence Richards and Gary Bredfeldt have created the ultimate guide to building bridges for those seeking to learn about God s Word Creative Bible Teaching offers a five step process by which Christian educators can construct a bridge across time geography and culture to help students of all ages connect with God s Word This newly revised edition makes learning about God s Word more accessible for both teachers and students today Simple clear and memorable the method laid out in Creative Bible Teaching provides a sure fire way of communicating God s Word in a way that sticks

Creative Bible Lessons in Ezekiel Anna Aven Howard, 2009-08-08 Most people avoid teaching from Ezekiel Not only is it a book full of strange and sometimes disturbing imagery but it also presents a vivid depiction of a God that won t fit neatly into the categories we typically have in mind for him It s because of these reasons that Ezekiel is an important book to study But don t be afraid Creative Bible Lessons in Ezekiel makes it a little easier to bring this bizarre and often confusing book to your students Following the history of the bestselling Creative Bible Lessons series this book introduces some new elements into your teaching Because Ezekiel is so unfamiliar to many people there is extensive background for leaders including research

from several commentaries and other books There s enough information there for you to understand the passage enough to be able to teach it confidently In addition to the background you ll find a combination of illustrations activities movie clips and song suggestions to help bring the passage to life Each section ends with a journaling exercise for your students to make the passage personal Since many adults steer clear of this imaginative book of the Bible this resource will not only help you teach your students you ll learn something yourself Help your students uncover this book and lead them closer to the God of Ezekiel the God who surprises us frequently and loves us completely
