Shaping Citizenship Claudia Wiesner, Anna Björk, Hanna-Mari Kivistö, Katja Mäkinen, 2017-12-14 Citizenship is a core concept for the social sciences and citizenship is also frequently interpreted challenged and contested in different political arenas Shaping Citizenship explores how the concept is debated and contested defined and redefined used and constructed by different agents at different times and with regard to both theory and practice The book uses a reflexive and constructivist perspective on the concept of citizenship that draws on the theory and methodology of conceptual history This approach enables a panorama of politically important readings on citizenship that provide an interdisciplinary perspective and help to transcend narrow and simplified views on citizenship The three parts of the book focus respectively on theories debates and practices of citizenship In the chapters constructions and struggles related to citizenship are approached by experts from different fields Thematically the chapters focus on political representation migration internationalization sub and transnationalization as well as the Europeanisation of citizenship An indispensable read to scholars and students Shaping Citizenship presents new ways to study the conceptual changes struggles and debates related to core dimensions of this ever evolving concept

Parliament and Parliamentarism Pasi Ihalainen, Cornelia Ilie, Kari Palonen, 2016-01-01 Parliamentary theory practices discourses and institutions constitute a distinctively European contribution to modern politics Taking a broad historical perspective this cross disciplinary innovative and rigorous collection locates the essence of parliamentarism in four key aspects deliberation representation responsibility and sovereignty and explores the different ways in which they have been contested reshaped and implemented in a series of representative national and regional case studies As one of the first comparative studies in conceptual history this volume focuses on debates about the nature of parliament and parliamentarism within and across different European countries representative institutions and genres of political discourse

The UN Convention on the Rights of Persons with Disabilities in Practice Lisa Waddington, Anna Lawson, 2018-05-24 Introduced in 2008 the UN Convention on the Rights of Persons with Disabilities has existed for nearly a decade This comprehensive study examines how courts in thirteen different jurisdictions make use of the Convention The first sustained comparative international law analysis of the CRPD Waddington and Lawsons ground breaking text illuminates the intersection between human rights law disability law and international law through an examination of the role of courts The first part of the book contains chapters specific to each jurisdiction The second part consists of comparative chapters which draw on the rich analysis of the jurisdiction specific chapters These chapters reflect on emerging patterns of judicial usage and interpretation of the CRPD and on the wider implications for human rights theory and the nascent field of international comparative human rights law This volume is a vital and thought provoking addition to the literature on comparative international law and disability rights

Parliaments and Parliamentarism Pasi Ihalainen, Cornelia Ilie, Kari Palonen, 2018 Parliamentary theory practices discourses and institutions constitute a distinctively European contribution to

modern politics Taking a broad historical perspective this cross disciplinary innovative and rigorous collection locates the essence of parliamentarism in four key aspects deliberation representation responsibility and sovereignty and explores the different ways in which they have been contested reshaped and implemented in a series of representative national and regional case studies As one of the first comparative studies in conceptual history this volume focuses on debates about the nature of parliament and parliamentarism within and across different European countries representative institutions and genres of political discourse

The Ideal of Parliament in Europe since 1800 Remieg Aerts, Carla van Baalen, Henk te Velde, Margit van der Steen, Marie-Luise Recker, 2019-11-30 This edited collection explores the perceptions and memories of parliamentarism across Europe examining the complex ideal of parliament since 1800 Parliament has become the key institution in modern democracy and the chapters present the evolution of the ideal of parliamentary representation and government and discuss the reception and value of parliament as an institution It is considered both as a guiding concept a Leitidee as well as an ideal an Idealtypus The volume is split into three sections The establishment of parliament in the nineteenth century and the transfer of parliamentary ideals models and practices are described in the first section based on the British and French models The second part explores how the high expectations of parliamentary democracy in newly established states after the First World War gradually started to subside into dissatisfaction Finally the last section attests to its resilience after the Second World War demonstrating the strength of the ideal of parliament and its power to incorporate criticism Examining the history of parliament through concepts and ideals this book traces a transnational European exchange of models routines and discourse

Parliamentarism and Encyclopaedism Giovanni Rizzoni, 2024-02-08 This book explores a specific aspect of modern parliamentarism its ability to produce and organise political knowledge The book argues that the very meaning of modern parliamentarism cannot properly be understood without considering the cognitive value which is inherent in the representative function discharged by parliaments vis a vis the political community It does so by studying the encyclopaedic patterns underlying modern parliamentarism Exploring the concept from ancient times to modernity it addresses the fundamental question of the relationship between knowledge and democratic decision making This is a truly innovative book challenging provocative and asking crucial questions of how parliaments work and legislate

The Europeanisation of Parliamentary Democracy Katrin Auel, Arthur Benz, 2006-05-04 This groundbreaking new study shows how the process of creating an ever closer European Union affects not only the policy making but also the politics and polity of the Member States Empirical studies on the domestic impact of Europe identified different forms of Europeanization due to alternative mechanisms of internalising the new norms and rules Although many studies have since focused on the question of how to what degree in what direction at what pace and at what point of time Europe matters the Europeanization of one particular structural determinant of the Member States namely the system of parliamentary democracy is still under researched This is all the more astonishing as democracy in the EU depends to a large extent on the

democratic legitimacy of procedures at the national level This volume addresses the key issue of the Europeanisation of parliamentary systems and thus contributes to the ongoing debate on the parliamentary dimension of the European Union It brings together theoretical concepts as well as cross national empirical research on the Europeanization of the member states parliamentary systems focussing on different elements such as structures procedures and decision making processes as well as on the question how parliamentarians as actors react to these changes and actively shape this Europeanization This book was previously published as a special issue of The Journal of Legislative Studies *Parliament and Europe* Claudia Wiesner, Tapani Turkka, Kari Palonen, 2011 **Parliament and Europe** Claudia Wiesner, Tapani Turkka, Kari Palonen, 2011 The book presents the key results of an international cooperation network connecting scholars and politicians from Finland Germany France Sweden Austria Italy and Canada who worked on the development rhetorical challenges political and interpretative struggles and relationships between two key concepts of contemporary political thinking and debate Parliament and Europe The volume contains chapters discussing different key aspects of the relations between these two concepts Claudia Wiesner Kari Palonen and Tapani Turkka p 5 **The Politics of Dissensus** Anna Björk , Elena García Guitián , Taru Haapala , Pasi Ihalainen , Hanna-Mari Kivistö , Anna Kronlund , Jussi Kurunmäki , Raija-Leena Loisa , Rosario López , Anthoula Malkopoulou , Kyösti Pekonen , Onni Pekonen , Antonio Rivera García , Suvi Soininen , Manuel Toscano , Tuula Vaarakallio, Claudia Wiesner , 2014-07-04 The Politics of Dissensus inverts the traditional perspective on the study of parliamentary politics by focusing on its less obvious and less well known aspects Dissensus instead of consensus becomes the condition for the intelligibility of parliamentary politics Such politics is indebted to the rhetorical culture of addressing issues from opposite perspectives and debating the alternatives pro et contra no motion is approved without a thorough examination of and confrontation among imaginable alternatives Establishing the openness of political debating parliamentarism has become a distinctive historical contribution to the rise of parliamentary democracy Parliament in Debate refers to the paradigmatic institution for political deliberation the debates surrounding its legislative activity as well as the supervision of government and administration Parliament has become a fascinating object of scrutiny as a political institution adopted and developed by different political traditions In a nutshell the book retrieves the study of parliamentary politics to present political theory and action in the parliamentary mode It is a book on the relevance of parliamentarism to the study of politics and a book on the comparative conceptual and institutional history of parliamentary politics The Politics of Dissensus Parliament in Debate is the outcome of an international team of contributors coordinated by two ongoing research projects relying on a long lasting international cooperation namely the Academy of Finland project The Politics of Dissensus and the Spanish National Research Fund projects The Rhetorics of Democracy and The Civic Constellation *Challenges to Parliamentary Politics* Suvi Soininen, Tuula Vaarakallio, 2015 Intertwined political and economic crises have battered citizens of EU states for several years now Due to demanding austerity politics democracy seems to remain in many cases only an

empty phrase This book examines the challenges to parliamentary politics today but also explores its means to develop reform and even survive The book approaches these questions in terms of political rhetoric and conceptual history as well as more traditional style of political philosophy The writers of this volume come from different European backgrounds providing a versatile discussion and a fruitful insight to parliamentarism today in Europe Different perspectives comprise a historico-theoretical discussion for example by viewing parliament as a victim of its own success by seeing the European Parliament as a historically new possibility for democratic representation and by giving a sceptical view of parliamentary democracy in modern mass conditions Parliamentary Thinking Kari Palonen, 2018-07-05 The parliamentary style of politics has been formed over centuries nobody theorised it in advance This book presents a thought experiment to spell out key principles of the parliamentary ideal type of politics Max Weber offers the main intellectual inspiration Westminster parliament provides the main historical reference and the author's studies on parliamentary procedure and rhetoric provide the background for the book Parliamentary acting and thinking offer us the best example of politics as a contingent and controversial activity Using a parliamentary imagination the author constructs the ideal type in five main chapters dissensual modes of proceeding rhetoric of parliamentary debate parliamentary formation and control of government parliamentarians as politicians and parliamentary time as their common subtext In the last two chapters the book outlines the possibilities of extending parliamentary judgment to politics beyond parliaments proper and the chances for parliamentary politics succeeding today

British and French Parliaments in Comparative Perspective Gerhard Loewenberg, The representative assembly or parliament as it is most widely called is at once an old a ubiquitous and a controversial political institution In this century it has attracted the criticism of both disillusioned democrats and true believers in the superior representatives of mass movements or of charismatic leaders Even among its supporters the institution is constantly the object of reform This book deals with parliament the generic term for what also may be known as legislature congress assembly diet or kneset what it has been and is what it does and should do and what may become of it In a wide ranging and excellently organised introductory essay Loewenberg defines the parliamentary institution and discusses its role in modern times He points out that since its appearance in the Middle Ages the parliamentary system has been adopted by almost every country including in recent years the newly independent nations of Africa and the Middle East This essay is followed by differing and often contradictory views by American and European scholars of the role of a parliament Issues are defined in the form of examinations of specific parliamentary bodies such as the House of Commons the Bundestag the French Parliament under the Fifth Republic and the Indian Parliament Writing from the perspective of different national experiences the contributors display varied perceptions and expectations of the institution noting those that sustain it even while they make it controversial Intended primarily as provocative reading for students of comparative government and comparative political institutions this book illuminates one of the most enduring and widely applicable inventions of political man thus making it

also a valuable work for scholars as well as practitioners of the political and party process Gerhard Loewenberg is professor emeritus of political science at the University of Iowa He is also the director of the Comparative Legislative Research Center at the University of Iowa In addition he is the author or editor of numerous books including *Parliament in the German Political System and Legislatures Comparative Perspectives on Representative Assemblies* **The European Parliament, Second Edition** David Judge, David Earnshaw, 2008-11-13 The revised and updated 2nd edition of this broad ranging text examines the political dynamic of the European Parliament within the EU and sets it in the broader context of comparative legislative analysis The authors make important contributions to the debates surrounding the democracy legitimacy and parliamentarization of the European Union *The European Parliament in Comparative International Perspective* Robert M. Cutler, 2017 *The European Parliament* **Voice(s) in the European Parliament** Léa Roger, 2016 The study analyses deliberation and negotiation processes in the European Parliament How do parliamentarians from different nations and parties reach a mutual decision How do negotiation processes in committee debates and in informal arenas differ from each other In a parliament without majority persuasion matters and the negotiation process results in a compromise The strength of the EP is its internal unity this unity is reached in deliberative negotiations The study conceptualises decision making processes by combining deliberative approaches and role concepts The theoretical concepts are empirically examined in a comparative discourse analysis and in interviews with the decision makers **Parliaments in Time** Michael Koss, 2018 This volume provides a comparative explanation of the institutional evolution of parliaments since the intensification of political competition in the last third of the 19th century **Beyond Traditional Parliamentarism**, 1988 **Parliamentarism in Northern and East-Central Europe in the Long Eighteenth Century** István M. Szijártó, Wim Blockmans, László Kontler, 2022-09 This volume investigates the history of the representative assemblies of Sweden the Riksdag Poland the sejm and Hungary the diaeta in the final period of the ancien régime It concentrates on the practices and ideas of parliamentarism and constitutionalism and examines the ideologies that motivated the members of these parliaments Attempts at the suppression as well as the restoration of the estates power in all these three countries are examined as well as in the case of Hungary the establishment of popular representation that eventually replaced the estates These three early modern representative assemblies have never before been explored systematically in a comparative framework *Constitutional Preferences and Parliamentary Reform* Thomas Winzen, 2017 Advancing an explanation based on political parties constitutional preferences this volume investigates the nature and variation of parliamentary rights in European Union affairs across countries and levels of governance
