Building Global Labor Solidarity in a Time of Accelerating Globalization Kim Scipes, 2016-05-02 This anthology explores the international labor movements building worker solidarity across the Global South Since the 1980s the world's working class has been under continual assault by the forces of neoliberalism and imperialism In response new labor movements have emerged all over the world from Brazil and South Africa to Indonesia and Pakistan Building Global Labor Solidarity in a Time of Accelerating Globalization is a call for international solidarity to resist the assaults on labor's power This collection of essays by international labor activists and academics examines models of worker solidarity different forms of labor organizations and those models and organizations relationships to social movements and civil society **Making Public Employment a Model of Equal Opportunity**, 1975 *Toxinformer*, 2004 **Globalisation and Migration** Ronaldo Munck, 2013-09-13 This book critically examines the new issues and new politics regarding migration in the era of globalisation from a majority world perspective It examines the current shifts in the global political economy and the effects it has for example in relation to rural displacement When and how does this lead to national and or transnational migration We need to examine the ways in which migration is cut across and impacts on the generation of racism and xenophobia in the west The issue of remittances by migrants to the developing nations needs careful study as does the controversial issue of brain drain versus brain gain through migration The growing importance of trafficking for forced labour has now been taken up by various international bodies but is it the new normality or simply an unfortunate side effect of globalisation to be overcome through legislation Migration is becoming increasingly gendered in its composition and flows but also in the receiving countries where men and women do very different jobs We can predict the increasing racialization and gendering of migration but how will the state and society respond to these shifts This book was published as a special issue of Third World Quarterly *Collections of Information Antipiracy Act; Vessel Hull Design Protection Act; Trade Dress Protection Act; and Internet Domain Name Trademark Protection* United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts and Intellectual Property, 1999 *Global Backlash* Robin Broad, 2002-03-20 Global Backlash is the first book to move beyond the monolithic portrayal of the globalization protests that have escalated since Seattle and are not likely to abate soon With trenchant analysis and dozens of primary documents from a variety of popular and uncommon sources Robin Broad explores proposals and initiatives coming from the backlash to answer the question But what do they want A range of sophisticated propositions and a vibrant debate among segments of the backlash emerge Highly readable and analytically powerful this book is vital to understanding the most potent protest movement of our times *The Challenge of Child Labour in International Law* Franziska Humbert, 2009-08-27 Franziska Humbert analyses how the prohibition of child labour is protected under international law and proposes an agenda for reform Third Sector Organizations in Sex Work and Prostitution Isabel Crowhurst, Susan Dewey, Chimaraoke Izugbara, 2021-03-30 Third Sector
