Doing the Bible Better Marek P. Zabriskie, 2014-09 Bible reading program that transforms lives and the church experience Develops the power of a daily disciplined spiritual practice Despite the fact that Episcopalians are among the best educated Christian groups in the United States they also rank among the least biblically literate denomination The author maintains we can do Bible better and shows why it is absolutely critical to do so How can this weakness become a strength and source of spiritual growth for Episcopalians their churches and dioceses As an evangelist for biblical literacy and spiritual nourishment Zabriskie shows the way forward for the Episcopal Church and the Anglican Communion [Biblical Studies on the Internet](#) Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4 800 resources available at more than 10 000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages audio translations of the Bible in English and other languages commentaries dictionaries and other resource materials including ones in Greek Hebrew and other ancient languages The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself In cases when ten or more resources are listed on a single web page the author has assigned the web page a three digit code The code is used to identify this web page as a major resource within the main text while any needed instructions for use of the site are cross referenced separately in the final chapter In adopting this concise method the author was able to add hundreds of additional or updated web resources a surprising number of which can be downloaded onto a hard drive for immediate and continued use **Translating the Bible Into Action, 2nd Edition** Margaret Hill, Harriet Hill, 2022-06-15 When Jesus was born to Mary God translated himself into our human world This act of God's translation continues today wherever the gospel is expressed in each language and lived out in each culture that makes up our diverse world Unfortunately the church often ignores its cultural and linguistic diversity and instead imposes a dominant language and culture for expressing faith This textbook seeks to challenge that situation By identifying common barriers that prevent people from engaging with Scripture the authors explore the ways churches can maintain unity in Christ and celebrate the diversity of their membership Addressing a wide range of relevant issues and using practical applications this revised and updated edition re-establishes the importance of good contextual Scripture engagement A key resource in helping church leaders encourage people to communicate with God in their own language and to discover that Christ wants to make himself at home in their world [Over the Crystal Ball](#) Linda K.
