[The Ugly Wife Is a Treasure at Home](#) Melissa Margaret Schneider,2014-08-15 The ugly wife is a treasure at home is not just an idle expression in China For centuries Chinese marriage involved matchmakers child brides dowries and concubines until the People s Republic of China was established by Mao Zedong and his Communist Party in 1949 Initially encouraging citizens to reject traditional arranged marriages and instead wed for love the party soon spurned the sin of putting love first fearful that romantic love would distract good Communists from selflessly carrying out the State s agenda Under Mao the party established the power to approve or reject proposed marriages dictate where couples would live and even determine if spouses would live together By the 1960s and 1970s romantic love became a counterrevolutionary act punishable by struggle sessions or even imprisonment The importance of Chinese sons however did not wane during Mao s thirty year regime As such in a world where nobody spoke of love 99 percent of young women still married The Ugly Wife Is a Treasure at Home draws the reader into the world of love in Communist China through the personal memories of those who endured the Cultural Revolution and the generations that followed This collection of intimate and remarkable stories gives readers a rare view of Chinese history social customs and Communism from the perspective of today s ordinary citizens

Harry, A History - Enhanced with Videos and Exclusive J.K. Rowling Interview Melissa Anelli,2011-07-05 A new enhanced e book edition featuring an extended transcript from Melissa Anelli s exclusive interview with J K Rowling a new updated chapter and special videos made just for this edition Melissa Anelli wears a ring that was a gift to her from J K Rowling given as a measure of appreciation for the work she does on The Leaky Cauldron where her job entails being a fan reporter guardian and spokesperson for the Harry Potter series For ten years millions of fans have lived inside literary history the only fans to know what it was like when Harry Potter was unfinished When anticipation for a book was just as likely to cause a charity drive as a pistol shootout When millions of rabid fans looked to friends families neighbors forums discussion groups fan fiction and podcasts to get their fix between novels When the death of a character was a hotter bet than who d win the World Series When one series of books had the power to change the way books are read This has been a time when a book was more popular than movies television and video games The series has spawned a generation of critical thinkers and new readers The New York Times changed the way it reported book sales just to avoid a continual overpowering of its bestseller list These events must be given their proper context and this moment must be preserved The series will remain important to literature and pop culture but the experience

will change Harry's fate will be as commonly known as the identity of Luke Skywalker's father and readers who never had to wait for a Harry Potter book will have no idea what transpired when the series had hundreds of millions of people waiting desperately for the next volume. We are the first wave of Harry Potter fans, the ones that are living in the time that shapes how Harry Potter will be remembered for all time. But when this era is over, fans will need some way to remember this strange, wonderful, dizzying experience. Future fans too will want to know what they missed. Harry Potter will exist as a seven-book series, but without the indivisible story of the cultural, literary, and emotional impact the series has made, the story is incomplete. How can a fan understand Harry Potter without hearing about the midnight book parties, the scams, the theories, the burglaries, the bets, the bannings, and most importantly, the worldwide camaraderie spurred on by mutual love of a boy wizard? How can they know how Harry Potter changed and touched the lives of so many without hearing it first hand? Harry Potter History tells this story. It tells the personal story of Melissa Anelli's journey through the very heart of Harry Potter fandom. And it wraps this phenomenon up into one narrative, factual volume, one book that tells what happened when Harry Potter met the world.
