The Karmic Car Cycles Cliff Livingstone, 2009-08 The universally themed book titled *The Karmic Car Cycles* is a hilarious romp of car related misadventures by the author protagonist Cliff R Livingstone. The book hits the ground running and is still running at the end. Having led one of the wackiest most unusual and so far unlikely lives on the planet, the author romps through these awesome and oftentimes unbelievable Karmic Car adventures at the rate of about ten laughs a second. The author proposes that his car misadventures occurred because he had a Karmic Car Cycle going on. He then builds the case through a series of hilarious vignettes that work in their right own over and above the narrative. In writing it is hard to find an approach that stands out from the crowd. But this is what Livingstone has done with this distinctive work which lives up to its billing as a non stop romp morning noon and night. The writing style is uproariously funny conversational wry even whimsical at times and is never less than totally entertaining. The book is anything but your standard bowl of cornflakes. Writing is about addressing other people. Mr Livingstone has accurately identified the things about his life's experiences which could be of interest to others. This gives *The Karmic Car Cycles* a more universal appeal than an average straight forward narrative novel might offer. The book also has a universal appeal which everyone can enjoy in the sense that while located mainly in Canada the misadventures could just as easily have happened to anybody anywhere in the world whether rich poor male female sane zany or just plain still in their boots. Likewise the author's self imposed criterion that all included material be entertaining and or thought provoking for the benefit of others is a rule from which many writers could benefit.
