Philosophy and the Puzzles of Hamlet Leon Harold Craig, 2014-07-31 Shakespeare's famous play Hamlet has been the subject of more scholarly analysis and criticism than any other work of literature in human history. For all of its generally acknowledged virtues, however, it has also been treated as problematic in a raft of ways. In *Philosophy and the Puzzles of Hamlet*, Leon Craig explains that the most oft-cited problems and criticisms are actually solvable puzzles. Through a close reading of the philosophical problems presented in Hamlet, Craig attempts to provide solutions to these puzzles. The posing of puzzles, some more conspicuous, others less so, is fundamental to Shakespeare's philosophical method and purpose. That is, he has crafted his plays, and Hamlet in particular, so as to stimulate philosophical activity in the judicious, as distinct from the unskillful, readers. By virtue of showing what so many critics treat as faults or flaws, are actually intended to be interpretive challenges, Craig aims to raise appreciation for the overall coherence of Hamlet, that there is more logical rigor to its plot and psychological plausibility to its characterizations than is generally granted, even by its professed admirers. *Philosophy and the Puzzles of Hamlet* endeavors to make clear why Hamlet, as a work of reason, is far better than is generally recognized, and proves its author to be not simply the premier poet and playwright, he is already universally acknowledged to be, but a philosopher in his own right. **Hamlet, by William Shakespeare**, 2001 *Brain Games - Shakespeare Word Search* Publications International Ltd., Brain Games, 2024-11-29 Relish William Shakespeare like never before in *Brain Games Shakespeare Word Search*. Contains over 80 puzzles based on familiar Shakespearean works and characters. Search for beloved characters, plays, and actors as you re-experience his classic works. Enjoy reading through Shakespeare's timeless sonnets as you search and solve key words. Some puzzles include interesting trivia about his plays and life to help you feel even more connected to this literary master. Answers in the back of the book. Spiral bound. 192 pages.
