Writing In Holiness David Bergsland,2015-01-02 In the new millennium an incredible opportunity has appeared to the Body of Christ the new self publishing paradigm It is my belief that the Lord intends to use this gift as a tool to disciple the church and to plant seeds for the final harvest Only time will tell about this Regardless the role of Christian author in the midst of all that is going on in the world needs careful examination If the Lord has called you to write what does that mean You have been called by the Lord of Lords to do this work He has given you to do That s real serious This is God talking to you What does He expect from you How are you to respond What skills will you need How will you get your books to sell The questions keep appearing before our eyes one after the other as we struggle to make sense of it all So who am I to try and help One compelled to write about these issues and to encourage Christian authors to walk the strait and narrow path I ve been teaching scripture since 1974 which is almost as long as I have been working for publishers and designing books I was a teaching pastor for over a decade But none of that matters What matters is how you react to the message Qualitative Research in Education Marilyn Lichtman,2023-01-31 The fourth edition of this reader friendly book offers an accessible introduction to conducting qualitative research in education The text begins with an introduction to the history context and traditions of qualitative research and then walks readers step by step through the research process Lichtman outlines research planning and design as well as the methodologies techniques and strategies to help researchers make the best use of their qualitative investigation Throughout chapters touch on important issues that impact this research process such as ethics and subjectivity and making use of technology The fourth edition has been thoroughly revised and updated featuring new examples an increased focus on virtual and digital data collection and the latest approaches to qualitative research Written in a practical conversational style and full of real world scenarios drawn from across education this book is a practical compendium on qualitative research in education ideal for graduate and advanced undergraduate research methods courses and early career researchers alike Hear Marilyn discuss what inspired her to write this fourth edition and what readers can expect In this podcast episode of The Qualitative Report she discusses the various types of qualitative research and what defines quality and rigor as well as current issues in education and how qualitative research methods can be used to address them Finally she shares her thoughts about technology and the future of qualitative research **Reading Literature and Writing Argument** Alan Merickel,Missy James,2004-08 **Yippee Ki-Yay, Motherf*cker!** Mark Leslie,2023-07-20 Come out to the coast we ll get together have a few laughs That line from one of many quotable moments from Die Hard was an on the spot insertion during filming by actor Bruce Willis and director John McTiernan That s just one of numerous ad lib or almost accidental elements added to the film which make it such a memorable modern classic When Die Hard premiered in July 1988 John McClane didn t just become a fly in Hans Gruber s ointment he heralded in a new era
