The Old Men at the Zoo Angus Wilson, 2015-07-30 Set in a near future, the novel was first published in 1961 and is set in the period 1970-73. This is Angus Wilson's most allegorical novel about a doomed attempt to set up a reserve for wild animals. Simon Carter, secretary of the London Zoo, has accepted responsibility and power to the prejudice of his gifts as a naturalist. But power is more than just the complicated game played by the old men at the zoo. In the satirical first half of this novel, it lies very near to violence and in the second half, real life inexorably turns to fantasy, the fantasy of war. This tense and at times brutal story offers the healing relationship between

man and the natural world as a solution for the power dilemma

You Must Be Kidding Dr. Supratic Gupta, Prakash Chandra, Supratic Gupta, 2015-11-12. You must be Kidding Dr. Supratic Gupta. Want to change the world? Want to make people think sincerely? Why not? We all want a better world for our children. In pursuit of Happiness and Success, the lopsided and inequitable development of Indian society has prodded an IIT faculty to initiate a journey of explorations and observations through the maze of complex socio-cultural and systemic issues. It led to some new innovative concepts touching the roots of complex human problems. The new approach was based upon his life experiences including 12 years exposure to far eastern society. The problem lies in the rigid and outdated structures, systems, attitudes, research and educational systems. The suffering of children pursuing sports, music and dance in formal education system and their post retirement life led to the realization that children choosing sports, music and dance should have a complete separate curriculum of communication science and mathematics which will make a person complete entertainer and balanced personality. The authors have proposed to give more importance to flexibility, exercise in childhood, counselling of adolescent and youth, a holistic child care system and more scientific way of thinking. A series of portals controlled by public participation and involvement to assist the sports and research in India is also proposed. The Lankan Link Suman Mukherjee, 2017-06-22.
