Harvey Hill And His Contribution To The Battle Of Chickamauga Major Terrence W. Maki Jr.,2015-11-06 This study investigates Major General Daniel Harvey Hill s performance during the Chattanooga campaign focusing specifically on the Battle of Chickamauga Hill s early life and performance in the Army of Northern Virginia are evaluated for character development While Hill had proved himself a fearless division commander in the Army of Northern Virginia he nevertheless developed a reputation as an uncompromising carping and sarcastic subordinate When Hill arrived at Chattanooga in July 1863 relations between him and Braxton Bragg quickly began to sour Hill s failure to act promptly at McLemore s Cove was a result of his distrust in Confederate cavalry and Bragg s situational awareness After the first day of the Battle of Chickamauga Bragg decided to change his command structure by creating two Confederate Wing Commanders James Longstreet would command the Left Wing and Leonidas Polk commanded the Right Wing Bragg s plan was for Hill s Corps to initiate the Confederate attack at daylight on 20 September Hill was not informed of the attack until well after daylight The delay allowed Rosecrans Army to use precious daylight to fortify its positions After the battle Bragg relieved Hill of command Though Hill s performance at Chickamauga was lackluster it did not warrant his removal *American Passage* Katherine Grandjean,2015-01-05 Katherine Grandjean shows that the English conquest of New England was not just a matter of consuming territory of transforming woods into farms It entailed a struggle to control the flow of information who could travel where what news could be sent over which routes winding through the woods along the early American communications frontier **Capitalism by Gaslight** Brian P. Luskey,Wendy A. Woloson,2015-03-18 While elite merchants financiers shopkeepers and customers were the most visible producers consumers and distributors of goods and capital in the nineteenth century they were certainly not alone in shaping the economy Lurking in the shadows of capitalism s past are those who made markets by navigating a range of new financial instruments information systems and modes of transactions prostitutes dealers in used goods mock auctioneers illegal slavers traffickers in stolen horses emigrant runners pilfering dock workers and other ordinary people who through their transactions and lives helped to make capitalism as much as it made them Capitalism by Gaslight illuminates American economic history by emphasizing the significance of these markets and the cultural debates they provoked These essays reveal that the rules of economic engagement were still being established in the nineteenth century delineations between legal and illegal moral and immoral acceptable and unsuitable were far from clear The contributors examine the fluid mobility and unstable value of people and goods the shifting geographies and structures of commercial institutions the blurred boundaries between legitimate and illegitimate economic activity and the daily lives of men and women who participated creatively and often subversively in American commerce With subjects ranging from women s studies and African American history to material and consumer culture this compelling volume illustrates that when hidden forms of commerce are brought to light they can become flashpoints revealing the tensions fissures and inequities inherent in capitalism itself Contributors Paul Erickson Robert J Gamble Ellen Gruber Garvey Corey Goettsch Joshua R
