Constitucional español José Fernández Alles, 2018-04-20 Es suficiente el concepto de normatividad constitucional para saber si una Constitución está cumpliendo los fines y los mandatos que fueron incorporados a su texto por el poder constituyente Como ocurriera en Italia en 1947 o en Alemania en 1949 nada más promulgarse la Constitución de 1978 el principal objetivo que asumieron las Cortes Generales el Gobierno el Tribunal Constitucional y las distintas escuelas jurídicas fue conquistar la consideración de la Constitución como norma jurídica suprema García de Enterría y como pacto fundacional de convivencia Y junto a este objetivo transformador de todos los órdenes de la comunidad política lograr por vez primera en la historia constitucional española nacida en Cádiz que esa normatividad y ese pacto fundacional fueran perdurables En el 40 Aniversario de su aprobación puede asegurarse que esos esfuerzos legislativos jurisprudenciales y doctrinales han conseguido hacer realidad razonablemente la normatividad de la Constitución de 1978 en virtud del art 9.1 CE la Constitución ha sido aplicada tanto en el día a día de los órganos legislativos gubernamentales jurisdiccionales y administrativos a pesar de ser con serios problemas de desgobierno judicial y administrativo Alejandro Nieto como en los procesos de mayor relevancia constitucional desde la conversión del Estado centralista en uno de los tres Estados más descentralizados que se conocen en Derecho Comparado hasta la integración supraestatal europea en virtud del art 93 CE el retorno a Europa soñado por los regeneracionistas pasando por la siempre inacabada realización de la igualdad real art 9.3 CE Y sin embargo el éxito que ha supuesto normalizar la normatividad constitucional la historia de un éxito incompleto según Gabriel Cisneros convive con una indisimulable conflictividad territorial política y social que ha puesto al límite la unidad de España declaración de independencia de Cataluña y el regular funcionamiento de las instituciones del Estado gobiernos en funciones repetición de elecciones prorroga de presupuestos bloqueo en la renovación de los órganos constitucionales parálisis legislativa Esta realidad constitucional nos lleva a reflexionar acerca del real y verdadero cumplimiento de los fines de la Constitución de 1978 como norma suprema que además de unos contenidos formales materiales y valorativos debe integrar constitucionalmente los elementos del Estado renovar día a día el acuerdo fundacional de convivencia y lo más importante que el pueblo soberano sienta y consienta su Constitución A partir de los postulados funcionalistas defendidos por Norberto Bobbio De la estructura a la función 1977 y siguiendo un criterio de interpretación teleológica en Las funciones de la Constitución se plantea la posible

insuficiencia de la normatividad constitucional como nica categor a v lida para analizar si una Constituci n est cumpliendo los fines propuestos por el poder constituyente y sobre todo para comprobar si ha alcanzado los resultados esperados por los ciudadanos Y se concluye que la ley de leyes concebida como norma fundamental del ordenamiento jur dico adem s de por su esencial normatividad se define tambi n por la funcionalidad inherente a su vocaci n integradora garantista cultural estabilizadora y promotora del pacto fundacional de convivencia En virtud esta vocaci n algunos de cuyos contenidos cl sicos han sido tratados por autores como Montesquieu De Salas Stuart Mill Hauriou Smend Heller Mortati De Otto Sternberger o H berle la Constituci n es susceptible de cumplir unas funciones que no se pueden obviar a la hora de resolver constitucionalmente los problemas territoriales pol ticos y sociales del Estado Las funciones de la Constituci n En s ntesis mediante el cumplimiento de esas funciones la funcionalidad constitucional complementa la normatividad para en defensa de esta misma normatividad y siempre con respeto a su metodolog a esencialmente jur dica advertir los desajustes entre la Constituci n y la realidad constitucional y corregirlos a trav s de mandatos promocionales de la integraci n la cultura constitucional el pluralismo y la convivencia llamados a vincular positiva y negativamente a los poderes p blicos y a los ciudadanos

Ensayos de derecho constitucional y procesal constitucional Domingo Garcia Belaunde, 2023-12-06 Lo que m s me agrada de este libro no solo es que salga publicado en Chile y en una novel y pujante editorial sino que incorpore en su t tulo el concepto de derecho procesal constitucional que es quiz la gran aportaci n de nuestra Am rica a la defensa de la Constituci n Nombre que me parece mucho m s ajustado que el de justicia constitucional que se sigue usando todav a en forma mim tica y que considero como de car cter precient fico pues es lo mismo que hablar de justicia civil o justicia penal y m s t cnico que el de jurisdicci n constitucional que por lo menos es m s ajustado y se entiende perfectamente

Brewer Carías, 2023-11-24

All over the world in all democratic States independently of having a legal system based on the common law or on the civil law principles the courts special constitutional courts supreme courts or ordinary courts have the power to decide and declare the unconstitutionality of legislation or of other State acts when a particular statute violates the text of the Constitution or of its constitutional principles This power of the courts is the consequence of the consolidation in contemporary constitutionalism of three fundamental principles of law first the existence of a written or unwritten constitution or of a fundamental law conceived as a superior law with clear supremacy over all other statutes second the rigid character of such constitution or fundamental law which implies that the amendments or reforms that may be introduced can only be put into practice by means of a particular and special constituent or legislative process preventing the ordinary legislator from doing so and third the establishment in that same written or unwritten and rigid constitution or fundamental law of the judicial means for guaranteeing its supremacy over all other state acts including legislative acts Accordingly in democratic systems subjected to such principles the courts have the power to refuse to enforce a statute when deemed to be contrary to the Constitution considering it null or void through what is known as the diffuse system of judicial review and in many cases they even have the power to annul the said unconstitutional law through what is known as the concentrated system of judicial review The former is the system created more than two hundred years ago by the Supreme Court of the United States and that so deeply characterizes the North American Constitutional system The latter system has been adopted in constitutional systems in which the judicial power of judicial review has been generally assigned to the Supreme Court or to one special Constitutional Court as is the case for example of many countries in Europe and in Latin America This concentrated system of judicial review although established in many Latin American countries since the 19th century was only effectively developed particularly in the world after World War II following the studies of Hans Kelsen Of course during the past thirty years many changes have occurred in the world on these matters of Judicial Review in particularly in Europe and specifically in the United Kingdom where these Lectures were delivered Nonetheless I have decided to publish them hereto in its integrality as they were the written work of a law professor made as a consequence of his research for the preparation of his lectures not pretending to be anything else but the academic testimony of the state of the subject of judicial review in the world in 1985 1986 Allan R Brewer Carías

Constitutions of Nations: pts. 1-2. The Americas Amos Jenkins Peaslee, 1970 Curso de derecho constitucional Tomo II Ángela Vivanco Martínez, 2021-10-30 El tomo II de esta obra aborda la evolución y antecedentes de la actual Carta Fundamental de 1980 y se presenta un profundo y pormenorizado análisis de los temas que plantean sus capítulos Bases de la

Institucionalidad Nacionalidad y Ciudadanía y Derechos y Deberes Fundamentales Si bien el texto sigue el espíritu del tomo I en el sentido de hallarse dirigido al alumno de Derecho la riqueza de su temática no solo es de interés de profesionales del área y personas interesadas en la disciplina misma sino también constituye un instrumento indispensable para la comprensión y aplicación material de la Constitución en nuestro país Esta tercera edición ampliada examina todas las reformas constitucionales que ha tenido la Constitución de Chile hasta marzo de 2021 Del mismo modo realiza un análisis crítico del proceso de elección de los miembros de la Convención Constituyente siendo un aporte para el proceso de elaboración de una nueva Constitución
