Descartes The Life And Times Of A Genius:

Descartes A. C. Grayling, 2006-09-04 Scientist mathematician traveller soldier and spy Ren Descartes has been called the father of modern philosophy Born in 1596 into an era still dominated by the medieval mindset he was one of the chief actors in the riveting drama that ushered in the modern world His life coincided with an extraordinarily significant time in history the first half of the miraculous seventeenth century replete with genius in the arts and sciences and wracked by civil and international conflicts across Europe Before his death in 1650 Descartes made immense contributions to an exceptionally wide range of fields and disciplines and his assertion Cogito ergo sum I think therefore I am has become one of the most famous maxims in all philosophy He was the very archetype of a Renaissance man and yet surprisingly little is known about him Drawing on new research and his own insights as one of our leading philosophers A C Grayling presents a stunningly accessible and fascinating portrait of the man and the remarkable era in which he lived **Descartes, His Life and Times** Elizabeth Sanderson Haldane, 1905 **The Journey of Modern Theology** Roger E. Olson, 2013-11-01 In this major revision and expansion of the classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to postmodernism now recast in terms of how theologians have accommodated or rejected modernity *The Number of the Heavens* Tom Siegfried, 2019-09-17 One of the most controversial cutting edge ideas in cosmology the possibility that there exist multiple parallel universes in fact has a long history Tom Siegfried reminds us that the size and number of the heavens have been contested since ancient times His story offers deep lessons about the nature of science and the quest for understanding **Narrative, Philosophy and Life** Allen Speight, 2014-11-25 This notable collection provides an interdisciplinary platform for prominent thinkers who have all made significant recent contributions to exploring the nexus of philosophy and narrative It includes the latest assessments of several key positions in the current philosophical debate These perspectives underpin a range of thematic strands exploring the influence of narrative on notions of selfhood identity temporal experience and the emotions among others Drawing from the humanities literature history and religious studies as well as philosophy the volume opens with papers on narrative intelligence and the relationship between narrative and agency It features special sections of in depth commentary on a range of topics How for example do narrative and philosophical biography interact Do celebrated biographical and autobiographical accounts of the lives of philosophers contribute to our understanding of their work This new volume has a substantive remit that incorporates the intercultural religious view of philosophy s links to narrative together with its many secular aspects A valuable new resource for more advanced scholars in all its constituent disciplines it represents a significant addition to the literature of this richly productive area of research *The Rough Guide to the Netherlands* Martin Dunford, Phil Lee, Suzanne Morton-Taylor, 2013-01-24 The Rough Guide to the Netherlands is the definitive guide to one of Europe s most intriguing countries You ll find insider tips on where the locals spend their time as well as advice on how to
