

# Design & Construction of Ports & Marine Structures

BY  
ALEXANDER D. F. GUNN

The book is a comprehensive treatise on the design and construction of ports and marine structures. It covers the entire field from the selection of sites to the construction of the structures themselves. The author is a leading expert in the field and the book is highly regarded by engineers and architects alike.

The book is divided into two main parts. The first part deals with the design of ports and the second part deals with the construction of marine structures. The design part covers the selection of sites, the layout of the port, and the design of the structures. The construction part covers the construction of the structures themselves.

The book is written in a clear and concise style and is highly readable. It is a valuable reference work for anyone involved in the design and construction of ports and marine structures.
