the Divine Here an English translation of the Siva Sutras has been provided together with an abstract of each sutra which throws a flood of light on the entire system of Saiva Yoga A glossary of technical terms and index are appended for the convenience of the reader Four commentaries on Siva Sutras are available at present the Vimarsini commentary of Ksemaraja in prose the Siva sutra vrtti by some anonymous author in prose the Siva sutra varrttikam by Varadaraja in verse The Siva Sutra vrtti is so close to Vimarsini that it appears to be either a preliminary draft or a later abstract of the Vimarsini There is a strong presumption that the author of the Vrtti was Ksemaraja himself For more information please head to www.mlbd.co.in

Shankara hill He was told that inside it he would find a huge rock on turning which he would receive the spiritual knowledge bestowed by Shiva himself He was directed to absorb it and spread it in the society The very next day Vasugupta went to the said place with a few others There he beheld the same cave and the same rock On turning the rock he found 77 sutras carved on it These same sutras have reached us through the blessings of the great Shiva devotee Vasugupta These sutras are in three parts 1 Shambhavopaya 2 Shaktopaya and 3 Anvopaya Lord Shiva the Adiguru of all the disciplines has given these indicators in the form of sutras out of compassion for such devotees who are ambitious to know the secrets of creation by becoming self realized through an ardent practice of yoga for those who would be able to understand and experience these truths in their lives Shiva Sutras Swami Lakshman Joo,2007 The Yoga of Vibration and Divine Pulsation Vasugupta,Jaideva Singh,1992-01-01 Spanda is the vibratory dynamism of the absolute consciousness In the first section of his commentary K emar ja presents spanda as identical with the essential self of each person The second section presents a methodology that allows access to the world of spanda yoga The third section describes the spiritual powers attained by the realization of spanda Through modern physics we have grown accustomed to thinking of physical reality as waves of energy as the matter energy continuum Tantric Shaivism presents the full matrix of energy pulsation of which physical reality is only a part From the relatively superficial perceptions of the senses to the progressively subtle forms of inner awareness a unified spectrum of spanda leads inward until the most delicate and powerful tendrils of individuality merge with the infinitely rapid vibration of the ultimate consciousness The text prescribes a continuous refinement of perception in order for that aspect of spanda which continuously subsides into infinity to be discovered in the awareness of the practitioner Through prescribed use of mantra the yogi develops a continuous attentiveness to the presence of the spanda the spanda that reveals itself to her as an ecstatic flashing forth within her own awareness The Guru enlivened mantra leads the yogi through the vibratory spectrum of awareness to the ever subtler domains within As this occurs the surface word form of the mantra falls away and only the original lively pulsation of enlightenment is left At a certain definite point the individual awareness is permanently caught up in this subtle pulsation of the ultimate It then transcends all of the relative spatial distinctions of inner and outer higher and lower above and below The nondimensional global encompassing of the individuality by the absolute consciousness is the state of jivanmukti the goal of the tantric practice prescribed by the Spanda Karikas Shiva Sutras Swami Lakshmanjoo,2002-04 The Shiva Sutras is one of the most important spiritual treasures of the Tantric tradition of Kashmir Shaivism The secret teachings and potent spiritual practices it contains are revealed for the first time by the great philosopher saint Swami Lakshmanjoo Threads of Transcendence Adi Suyash,2024-04-08 Threads of Transcendence stands as the most profound and comprehensive commentary on the Shiva Sutras to date Shiva Sutras like the Bhagavad Gita belong to the greatest spiritual classics of humanity and were revealed eleven centuries ago in the valley of Kashmir by Lord Shiva to teach the art of becoming free Yet so far no commentary has done full justice to the text Authored by Adi Suyash a

self realised mystic of the Kashmir Shaiva order of Tantriks Threads of Transcendence surpasses all existing commentaries It remains faithful to the heart of this long forgotten philosophy and bridges the gap between ancient wisdom and modern understanding It sheds light on all facets of non dual mysticism spanning from philosophy to practical aspect and covers all possible and accurate interpretations of each Sutra while maintaining simplicity profundity and straightforwardness Using simple parables and analogies it ensures easy comprehension even for the casual reader This book is written for devotees who yearn for the nectar like wisdom of Shiva who genuinely want to transform their lives they are the ones deserving of grace and it is to them that Shiva intended these teachings to reach
