## **Designing Contemporary Congregations Strategies To Attract Those Under Fifty:**

Designing Contemporary Congregations Laurene Beth Bowers, 2008 The task Bowers puts before congregations is design healthy contemporary congregations This can be achieved in three ways 1 blending traditional with contemporary trends 2 producing karmic balance as defined by Jesus the measure you give will be the measure you get and 3 allowing culture to influence organized religion in order to strengthen the connection between the two and to make them mutually receptive to the influence of the other Borrowing concepts from global religions and the new age movement she puts a new twist on blending contemporary and traditional ways of being church BOOK JACKET Refilling the Church's Fountain of Youth

Nicholas A. Meade, 2015-03-23 Refilling the Church's Fountain of Youth is a must read for any individual who has a need for grasping a further understanding of why the decline is occurring within churches amongst the young adult population Therefore pastors church leaders and the emerging population are encouraged to add this work to their repertoire to further enhance their knowledge and wisdom of the challenges that exist within retention and attraction of young adults Additionally the work provides the example of a strong church community that understands the benefits of providing the young adults with support love and the freedom to develop into disciples without fear of judgment or contradiction Finally the work is designed to provide assistance to any denomination or church that has recognized the decline of membership as it relates to emerging adults It is indeed a necessary tool that can provide assistance and guidance for anyone working in the trenches of ministry from the foreword by Lori D Spears D Min This book offers a portable and repeatable model of ministry that crosses denominations and ethnic boundaries within the church Are you a pastor looking to improve your young adult ministry Are you a leader of a teaching ministry looking for ways to be more effective Are you a parent seeking to understand your young adult child's faith journey so that you can minister effectively Are you a seasoned Christian who wants to be equipped to engage with young adults inside and outside your congregation Then this book is for you Transformative Worship

Laurene Beth Bowers, 2017-02-20 When people felt obligated to attend worship as in 1955 it didn't matter whether or not their religious needs were being met But since our culture has shifted to giving people a choice they are seeking something meaningful during worship something which helps them to change their lives In the church we talk a lot about changing people's lives but we do not articulate what it is that the church has to offer to those seeking to do so The author explores what happens during worship to provide a transformative experience and identifies which forms of worship are most conducive to this process The focus here is on small groups bible study and forms of interaction between and among leaders and worshippers For pastors and leaders discerning what forms of worship to experiment with in order to connect with seekers in their community and bring visitors back a second Sunday this book offers easy to implement practical ideas for church growth **Congregational Connections** Carroll Anne Sheppard, Nancy Burton Dilliplane, 2011-09-15

Congregational Connections challenges both clergy and lay leaders to become deeply sensitized to the demographic reality of

six separate generational cohorts being alive at once This is the first time in the worlds history that such a thing has happened to humans and none of us has the reality clear in our minds yet It takes work to analyze consciously what we are seeing when multiple generations are present We discover that we are quite happy when we see the expected three Elders Parents raising kids and the children themselves and we often fail to ask Who isnt here Demographers and marketers have created names for these six cohorts a cohort is a group of people born within a 20 or 25 year span who have some distinctive characteristics In America today we have Builders approximately ages 110 87 Silents 86 68 Boomers 67 51 48 GenXers 51 48 27 Millennials 27 11 and GenZ 10 and under The first three Builders Silents and Boomers are referred to in Congregational Connections as Olders and the second three GenX Millennials and GenZ are referred to as Youngers A great shift in worldview and preferred technologies separates Olders and Youngers Today five of these cohorts the youngest Builders Silents Boomers GenX and the oldest Millennials are playing adult roles in a world that recently seemed to be populated by Elders and Parents raising Children It is making everyone grumpy There does not seem to be psychological room for all these players The March 2011 cover of Philadelphia Magazine pictured a generic texting device with the following text Dear Baby Boomers Just die already Well take Philly from here Thanks XOXO Generation X In congregation after congregation Olders are wondering why the Youngers dont seem to be attending worship regularly Yet when they do come the Olders wish they would make their children stop texting and the parents would stop checking their cell phones Youngers are wondering why Olders want to have all these time wasting repetitive meetings and wont use e technologies to avoid them And why arent they being respected Congregational Connections offers a discussion of who these cohorts are and why they act the way they do Its nine chapters cover How We Got Here Six Different Cohort Experiences The Generational Divide Realities for Congregational Life Worship Christian Formation Programs and Space Community is Congregation and The Way Forward Hope The books aim is not only to have readers become aware of the six cohorts and their different attitudes and needs but also to offer insights through Congregational Moments case studies that let readers see how these realities play out in church life and suggest questions for discussion Why is it happening now In her book The Great Emergence Phyllis Tickle offers us a thesis that we are in the middle of the next Reformation These happen every five hundred years and take about 150 years to roll their paradigm shift of technology and worldview through society The last Reformation was fueled by printing technology that promoted widespread literacy and a worldview shift that supported increasing political democracy and social leveling The one that we are living through now is about electronic technology radio phone television computers internet and who knows and an even flatter social environment Those changes by themselves seem sufficient to make the Second Reformation happen Yet added to their pressures is the arrival of six generational cohorts on the worlds playing field Each cohort has its own identity but Olders and Youngers break into two different sides of the game Whats more by the time the Second Reformation finishes rolling through medical advances may add several decades to the average lifespan Perhaps

eight nine or even more generational cohorts will be alive together at its end Right now congre     *The Decline of Established Christianity in the Western World* Paul Silas Peterson,2017-09-22 While Church attendance in the West is often cited as being in decline it is argued that this applies primarily to the older established forms of Christianity Other expressions of the faith are in fact stable or even growing This volume provides multidisciplinary interpretations of and responses to one of the most complicated and controversial issues regarding the global transformation of Christianity today the decline of established Christianity in the Western world It also addresses the future of Christianity in the West after the decline Drawing upon historical research sociology religious studies philosophy and theology an international panel of contributors provide new theoretical frameworks for understanding this decline and offer creative suggestions for responding to it Established Christianity is conceptualized as historically culturally socially and politically embedded religion with or without official established status This is a dynamic volume that gives fresh perspective on one of the great social changes taking place in the West today As such it will be of great interest to scholars of religious sociology history and anthropology as well as theologians     **Exhibiting Craft and Design** Alla Myzelev,2017-06-14 Exhibiting Craft and Design Transgressing the White Cube Paradigm investigates the firmly established manner in which craft and design have typically been presented by museums and galleries what strategies curators have employed throughout the twentieth century and especially in more recent years how exhibiting design and craft objects challenges the notion of the modernist White Cube display paradigm     **Building Age** ,1922     The Divine Commodity Skye Jethani,2009-05-26 The challenge facing Christianity today is not a lack of motivation or resources but a failure of imagination A growing number of people are disturbed by the values exhibited by the contemporary church Worship has become entertainment the church has become a shopping mall and God has become a consumable product Many sense that something is wrong but they cannot imagine an alternative way The Divine Commodity finally articulates what so many have been feeling and offers hope for the future of a post consumer Christianity Through Scripture history engaging narrative and the inspiring art of Vincent van Gogh The Divine Commodity explores spiritual practices that liberate our imaginations to live as Christ s people in a consumer culture opposed to the values of his kingdom Each chapter shows how our formation as consumers has distorted an element of our faith For example the way churches have become corporations and how branding makes us more focused on image than reality It then energizes an alternative vision for those seeking a more meaningful faith Before we can hope to live differently we must have our minds released from consumerism s grip and captivated once again by Christ     **Transcending Architecture** Julio Bermudez,2015 Please fill in marketing copy     Temples for a Modern God Jay M.
