Resources in Education , 1984 **Effective Educational Leadership** Nigel Bennett, Megan Crawford, Marion Cartwright, 2008-03-25 Keith Grint's persuasive essay on the art of leadership in *Effective Educational Leadership* is uncannily accurate Tim Brighouse Times Educational Supplement its unique contribution is the exploration of links between leadership discourses and the themes that have emerged from the school effectiveness movements since the 1980s Riley and MacBeath provide one of the most valuable contributions to the volume by arguing that there are no generic recipes for educational leadership but ingredients which need to be carefully selected with a knowledge of specific contexts and needs I would use this book with graduate students and practitioners seeking to develop a perspective about contemporary educational leadership Its greatest contribution is its exploration of the links between effective leadership and effective education The book also provides optimism in that many of the authors have not capitulated to the reductionist visions of the past two decades There is still hope that educational theorists and practitioners view the life world as the true source of educational inspiration Journal of Educational Administration Leadership is the theme of this decade This series provides an enormously valuable overview of all the critical issues involved in designing leadership as the main strategy for educational

reform A great and timely collection Michael Fullan Dean OISE University of Toronto This book makes an excellent contribution to the current debate on Educational Leadership It blends theory with practice and as such provides an important resource for many aspects of leadership development programmes at a variety of levels Its ability to draw upon international perspectives along with examples beyond conventional educational parameters enhances its quality The book contains a well documented account of how leadership has been studied which will appeal both to the academic reader and to the professional provider of CPD in leadership offering a wealth of information that can be practically adopted and adapted for a range of courses Stephen Merrill Journal of Inservice Education Educational management and administration studies focus on leadership as a key determinant of effective educational institutions and currently much leadership preparation is characterized by a rational skills focused approach Placing current thinking in leadership studies in its organizational and historical context this book explores its implications for leadership preparation leadership theory in action and examines some of the dilemmas and tensions facing educational leaders in practice It draws on literature and research from both the private and public sectors It is deliberately international in its content and focus and examines a range of practice both within and outside education Each chapter has a short introduction by the editors setting it in context This book is for providers and students in higher educational institutions for postgraduate level courses in educational management and for leadership development provision for Headteachers induction programmes NPQH and LPSH It is also suitable for short courses and for practitioners occupying or aspiring to leadership roles in schools colleges and other educational organizations Sustainable Educational Leadership and the Climate Crisis Alexander Gardner-McTaggart, 2025-03-26

Challenging conventional leadership models this timely and pioneering volume offers a critical rethinking of educational leadership in the context of global crises particularly climate change and social inequality Chapters introduce transformative approaches that prioritise sustainability social justice and collaboration by critically examining historical and philosophical foundations of current educational leadership through a blend of scholarly analysis and practical insights Qualitative international data used in this book lend insight into educators lived perspectives This book introduces thinkers such as Habermas Serres Foucault Heidegger and Anders on knowledge generation as applied to educational leadership This book challenges neoliberal and patriarchal models of leadership that dominate the field It offers innovative frameworks such as degrowth and political ecology to address the pressing issues of climate change and social inequality Ultimately this book champions critical thinking as a tool for leadership and a resource for leading and will be of use to researchers scholars and postgraduate students interested in leadership strategy sustainability education training and leadership and the theory of education more broadly Those involved with higher education management and philosophy of education will also find this book of value **Introduction to Educational Leadership** Harold W. Boles, James A. Davenport, 1983-09-22 Originally published by Harper and Row in 1975 this volume is based on the premise that leadership is a process that occurs in a social

system and that a person can learn how to engage effectively in that process It explores four major content areas 1 the social milieu in which educational leadership occurs 2 the role that an educational leader is expected to play 3 the nature of the person who is an effective leader and 4 the occupation of educational leadership Daily Graphic Ransford
