Boundaries of Freedom Lee Thai,2019-01-10 Are our pains and sufferings preordained and fixed by God or are they the consequences of man s actions Can the immutable Lord ever change his mind in response to our prayers This dilemma of God s sovereignty and man s free will has been a quandary for the church for nearly two thousand years Previous solutions Calvinism Arminianism Molinism and Open Theism have not been successful in deciphering the enigma The problem is now resolved by exposing the fallacies

in man's claim that he is given no other choice but to do whatever the Lord foreknew and foreordained Using the analogy of the dual nature of light the quantum proposal affirms that man has alternative options that were created and foreknown by God within his predetermined boundaries From Adam's fall in Genesis to Paul's ministry in the New Testament alternative possibilities have always been offered Men are free to choose among the given options and must live with the consequences whether good or evil This groundbreaking work is a must read for all Christians who struggle with the dilemma of divine sovereignty and humans responsibility

Master Painter Jack R. Lundbom, 2015-03-19 Millions of people recognize the religious painting known as Head of Christ of which an estimated five hundred million prints have been sold Very few however know the artist Warner E. Sallmann Sallmann's lack of notoriety in professional art circles can be explained by the fact that he made little or no attempt to put himself forward as a Chicago or even a Swedish American artist He had no exhibitions of his works and his public life consisted largely of appearances before church and community groups to do chalk drawings More important was his attitude regarding personal fame Sallmann let the Christ he painted be in the foreground while the artist remained in the background The time has come argues Jack Lundbom for a broader public to know the man who stands behind the painting and the other artwork bearing the Sallmann signature Master Painter is a fascinating story of a gifted man with humble beginnings who overcame disappointment ill health and personal limitations in order to live out a vision that his art serve not only for the enjoyment of humankind but the practical end of instructing persons in the ways of God Readers who know the art can now know the artist It is a story eminently worth telling and one a broad public will be interested to know
