Eichmann En Jerusalem Or Eichmann In Jerusalem Spanish Edition:

Past Human Rights Violations and the Question of Indifference: The Case of Chile Hugo Rojas,2021-12-13 This book contributes to the fields of memory and human rights It offers a novel and interdisciplinary theory on social indifference and in particular on the indifference of people to human rights violations committed against certain sectors of society in turbulent times These theoretical frameworks are explored empirically with respect to the Chilean case Through a blend of mixed methods the book explains the causes characteristics and social consequences of the current indifference of Chileans with respect to the human rights violations committed during the dictatorship of Augusto Pinochet 1973 90 The different findings are an invitation to rethink new challenges of transitional justice processes in fragmented societies and to strengthen public policies on human rights

La trinchera nostálgica Varios autores,2015-06-03 La Guerra Civil Española despertó entre las letras británicas un interés extraordinario que se tradujo en un caudal de textos sin parangón en las literaturas europeas La fascinación por un país cuya imagen quedaba teñida de mitos y tópicos seculares la expectativa ante el fenómeno revolucionario y la alarma ante lo que se contemplaba en muchos casos como un prólogo a un conflicto más amplio convirtieron el lejano enfrentamiento en un episodio capital dentro de la historia literaria de la Gran Bretaña de aquellos años e incluso de las décadas posteriores Durante algún tiempo España más que un país un estado o un territorio físico fue un tema casi un símbolo En los escritores que acudieron a la España de la guerra o que escribieron sobre ella hubo en ocasiones cinismo por tico idealismo ingenuo o un fervor de aventura y exotismo pero también sacrificio heroico y generosa entrega a una causa cada cual la suya en la que quisieron reconocer por un momento el interés del hombre Que aquella trinchera los llevara más tarde a la nostalgia era sólo cuestión de tiempo

El resurgir del pasado en España Paloma Aguilar Fernández, Leigh A. Payne,2018-01-11 Un libro a favor de una buena memoria histórica rica sensible y plural Durante mucho tiempo la Transición española se consideró modélica Sin embargo en los últimos años se ha visto ampliamente cuestionada al tiempo que cobraba fuerza la demanda de justicia y verdad sobre las atrocidades cometidas por los franquistas en la guerra y la posguerra El relato asentado durante la transición invitaba a dejar el pasado de lado como único modo posible de transitar pacíficamente hacia la democracia y se sustentaba en la idea de que todos habían sido igualmente culpables de la barbarie desatada en la contienda Este pilar fundamental de la transición comienza a agrietarse a medida que las exhumaciones de fusilados republicanos perturban el olvido en el que habían caído las víctimas del franquismo y las confesiones de los verdugos refieren verdades incómodas sobre el pasado Este excelente ensayo claro y sintético analiza cómo ha tenido lugar esta transformación Críticas Un tema de interés candente y dos autoras de credenciales impecables Un libro escrito con esmero y basado en un impresionante conocimiento de la enorme bibliografía existente sobre el tema Paul Preston Un análisis sorprendentemente original de la mano de dos destacadas especialistas del problema de las atrocidades la memoria y la responsabilidad en el caso español tanto por la amplitud de su perspectiva comparada como por la

Rendición de cuentas: La justicia transicional en perspectiva

histórica Jon Elster,2010-01-11 Objeto de creciente interés para la ciencia política la teoría del derecho y la sociología así como para los filósofos morales y los historiadores la justicia transicional es el conjunto de procesos interrelacionados de enjuiciamiento rendición de cuentas difusión de la verdad reparación de los daños sufridos por las víctimas y adopción de reformas institucionales que se producen como consecuencia de la sustitución de un régimen político autocrático La justicia transicional exige del nuevo régimen la realización de numerosas tareas y el cumplimiento de variadas metas establecer las responsabilidades del antiguo régimen y bloquear su influencia futura construir nuevas y mejores instituciones de gobierno establecer las reparaciones para las víctimas y las sanciones para los victimarios Se ocupa en suma del modo en que las sociedades responden a los crímenes y daños causados por los regímenes dictatoriales y de las distintas maneras en que saldan sus cuentas pendientes con el pasado Rendición de cuentas se divide en dos amplias secciones La primera parte El universo de la justicia transicional describe más de treinta casos desde la restauración de la democracia en Atenas en 411 a C hasta las numerosas transiciones en la Europa del siglo XX así como en América Latina y en África En la segunda parte Análisis de la justicia transicional el autor examina la estructura de la justicia transicional y propone un marco para explicar las diferencias entre casos particulares por qué en ocasiones los criminales del antiguo régimen son castigados con severidad y en otras sólo con moderación o no lo son en absoluto por qué las víctimas son a veces compensadas con generosidad y otras veces reciben escasa o ninguna reparación Luego de estudiar un amplio abanico de justificaciones y excusas de los criminales y los criterios para establecer quiénes son víctimas y cómo indemnizarlas la obra concluye con una discusión acerca de tres factores generales las constricciones políticas y económicas las emociones y el juego de los partidos políticos No hemos sido engañados Hugo Mercier,2023-03-13 Un libro a contracorriente que desmonta uno de los grandes bulos de nuestro tiempo el del poder de las fake news Un libro fascinante y esencial para nuestro tiempo Steven Pinker Un poderoso libro que te hará menos crédulo sobre la credulidad Barbara Kiser Nature En los últimos tiempos nos hemos acostumbrado a oír hablar del poder irresistible de las fake news y de cómo las estrategias de propaganda y los bulos consiguen embaucar a las masas incautas Pero la realidad es que si hay un bulo es precisamente el de la supuesta credulidad de los seres humanos Eso es lo que se propone demostrarnos el científico cognitivo Hugo Mercier en este libro a contracorriente Los seres humanos somos el resultado de millones de años de evolución así que parece poco probable que una especie tan poco habil en la selección de informaciones hubiera podido sobrevivir hasta nuestros días A partir de los últimos hallazgos en psicología experimental No hemos sido engañados nos explica cómo decidimos en quién confiar y qué creer Descubriremos cómo la evolución nos ha equipado con sofisticados sistemas de vigilancia que nos hacen estar en guardia ante informaciones poco fiables pero al mismo tiempo nos mantienen lo suficientemente abiertos de mente para cambiar de opinión si se nos presentan buenos

argumentos para hacerlo En este libro divertido y provocador descubriremos cómo prácticamente todos los intentos de persuasión masiva ya sea por parte de líderes religiosos políticos o publicistas fracasan estrepitosamente Lo único cierto es que del análisis riguroso de infinidad de ejemplos históricos de supuesta irracionalidad colectiva lo que se demuestra es que la narrativa sobre una supuesta credulidad generalizada es sencillamente errónea En un momento en que una parte de la sociedad parece creer que estamos irremediablemente condenados porque la otra parte es estúpida y fácilmente manipulable el libro de Mercier proporciona un antídoto que matiza tal idea basado en un examen cuidadoso de una gran cantidad de evidencia de la psicología y las ciencias sociales Felix Simon Medium **National Union Catalog** ,1973 Includes entries for maps and atlases **El cosmopolitismo y las geografías de la libertad** DAVID HARVEY,2017-04-01 Se suele invocar la idea de libertad para justificar la acción política Presidentes estadounidenses tan dispares como Woodrow Wilson Franklin D Roosevelt John F Kennedy Ronald Reagan y George W Bush han cimentado sus políticas en alguna variante del noble ideal de la libertad Sin embargo en la práctica los proyectos suelen chocar con las circunstancias específicas que se dan sobre el terreno Tal como prueban Abu Ghraib o Guantanamo la búsqueda de la libertad puede conducir a la violencia y la represión más severas y socavan nuestra fe en las teorías universales del liberalismo el neoliberalismo y el cosmopolitismo Aunando sus dos pasiones la política y la geografía David Harvey bosqueja un orden cosmopolita más acorde con una forma emancipatoria de entender la gobernanza global Cuando los proyectos políticos ignoran la complejidad de la geografía suelen fracasar Incorporar el saber geográfico en la formulación de las estrategias políticas y sociales es una condición necesaria para alcanzar una democracia genuina Harvey comienza con una aguda crítica de los usos políticos de la libertad en especial durante el gobierno de George W Bush A continuación mediante la investigación ontológica de las nociones fundacionales de la geografía el espacio el lugar y el medio reconstruye de una manera radical el conocimiento geográfico para reformular la teoría social y la acción política sobre nuevas bases Como Harvey deja meridianamente claro esa transformación alumbra un cosmopolitismo que está arraigado en la experiencia humana no en ideales ilusorios y nos pone en camino de alcanzar la liberación que necesitamos En *El cosmopolitismo y las geografías de la libertad* encontrar el lector una gran diversidad de reflexiones elaboradas al hilo de distintas disciplinas La síntesis es original y estimulante las propuestas importantes Es indudable que sus argumentos y las implicaciones que estos plantean darán lugar a numerosos debates Como toda obra de David Harvey el libro organizado con suma claridad está escrito con aplomo y tiene gancho Stuart Elden Universidad de Durham Aunando sus dos pasiones la política y la geografía David Harvey bosqueja un orden cosmopolita más acorde con una forma emancipatoria de entender la gobernanza global Una crítica perspicaz de los usos políticos de la libertad *Catalog of Government Publications in the Research Libraries* New York Public Library.
