Efficiency Equity And Legitimacy The Multilateral Trading System At The Millennium:

Efficiency, Equity, and Legitimacy Roger B. Porter, 2001 Despite its widely acknowledged contribution to global prosperity over the past half century the movement toward further liberalization has increasingly been challenged This collection of essays examine several key issues at the heart of the debate over the multilateral trading system **Efficiency, Equity and Legitimacy**, 2000 *Trading Services in the Global Economy* Juan R. Cuadrado Roura, Luis Rubalcaba-Bermejo, J. R. Bryson, 2002-01-01 This book provides one of the first interdisciplinary reviews of the relationship between services globalisation and trade liberalisation as we enter the twenty first century Written by academics and policymakers it contains a detailed analysis of the characteristics of service trade and of recent and current service trade negotiations **C. Fred Bergsten and the World Economy** Michael Mussa, 2006-12-20 This engaging and informative book covers the range of issues on which C Fred Bergsten and the Peterson Institute have distinguished themselves over the last 25 years including trade liberalization exchange rate regimes international financial architecture debt economic sanctions and the impact of technology and globalization Most of the Institute s senior research staff have contributed chapters which are both retrospective and prescriptive *The Oxford Handbook on The World Trade Organization* Amrita Narlikar, Martin Daunton, Robert M. Stern, 2012-05-31 The Oxford Handbook on the World Trade Organization provides an authoritative and cutting edge account of the World Trade Organization Its purpose is to provide a holistic understanding of what the WTO does how it goes about fulfilling its tasks its achievements and problems and how it might contend with some critical challenges The Handbook benefits from an interdisciplinary approach The editorial team comprises a transatlantic partnership between a political scientist a historian and an economist The distinguished and international team of contributors to the volume includes leading political scientists historians economists lawyers and practitioners working in the area of multilateral trade All the chapters present original and state of the art research material They critically engage with existing academic and policy debates and also contribute to the evolution of the field by setting the agenda for current and future WTO studies The Handbook is aimed at research institutions university academics post graduate students and final year undergraduates working in the areas of international organization trade policy and negotiations global economic governance and economic diplomacy As such it should find an enthusiastic readership amongst students and scholars in History Economics Political Science International Relations Public Policy and Law Equally important the book should have direct relevance for diplomats international bureaucrats government officials and other policy makers and practitioners in the area of trade and economic governance [An Institutional And Normative Analysis of the World Trade Organization](#) Mary E. Footer, 2006 This book establishes a framework for analysis of the institutional and normative character of the WTO by locating the organization in a broader theory of international institutional law and in determining the basis for the conferral and exercise of powers in relation to its executive legislative and adjudicative functions The WTO is also read as an

international regime in order to go beyond its formal legal and constitutional bases and to observe the Members practice in the context of the former semi institutionalised GATT treaty regime with which it retains strong links WTO decision making which underpins and informs its institutional and normative acts is analysed in order to better understand the dynamics of the organization Normative developments in the WTO are reviewed from the perspective of the creation maintenance and revision of legally binding and non binding or soft law norms in the sense of principles rules and standards contained in primary treaty rules which set out the rights and obligations of the Members and subsidiary rule making activity by WTO bodies

Science and Risk Regulation in International Law Jacqueline Peel, 2010-11-04 The regulation of risk is a preoccupation of contemporary global society and an increasingly important part of international law in areas ranging from environmental protection to international trade This book examines a key aspect of international risk regulation the way in which science and technical expertise are used in reaching decisions about how to assess and manage global risks An interdisciplinary analysis is employed to illuminate how science has been used in international legal processes and global institutions such as the World Trade Organization Case studies of risk regulation in international law are drawn from diverse fields including environmental treaty law international trade law food safety regulation and standard setting biosafety and chemicals regulation The book also addresses the important question of the most appropriate balance between science and non scientific inputs in different areas of international risk regulation

Dilemmas of a Trading Nation Mireya Solis, 2017-08-01 The balancing of competing interests and goals will have momentous consequences for Japan and the United States in their quest for economic growth social harmony and international clout Japan and the United States face difficult choices in charting their paths ahead as trading nations Tokyo has long aimed for greater decisiveness which would allow it to move away from a fragmented policymaking system favoring the status quo in order to enable meaningful internal reforms and acquire a larger voice in trade negotiations And Washington confronts an uphill battle in rebuilding a fraying domestic consensus in favor of internationalism essential to sustain its leadership role as a champion of free trade In *Dilemmas of a Trading Nation* Mireya Solis describes how accomplishing these tasks will require the skillful navigation of vexing tradeoffs that emerge from pursuing desirable but to some extent contradictory goals economic competitiveness social legitimacy and political viability Trade policy has catapulted front and center to the national conversations taking place in each country about their desired future direction economic renewal a relaunched social compact and projected international

influence Dilemmas of a Trading Nation underscores the global consequences of these defining trade dilemmas for Japan and the United States decisiveness reform internationalism At stake is the ability of these leading economies to upgrade international economic rules and create incentives for emerging economies to converge toward these higher standards At play is the reaffirmation of a rules based international order that has been a source of postwar stability the deepening of a bilateral alliance at the core of America s diplomacy in Asia and the ability to reassure friends and rivals of the staying power of the United States In the execution of trade policy today we are witnessing an international leadership test dominated by domestic governance dilemmas

State Agency and the Patenting of Life in International Law Bitu Amani, 2009 This important and timely volume considers competing international obligations in relation to the patenting of life offering a pragmatic two step approach to state agency to resolve apparent conflicts between the regulatory options afforded by economic globalization and the need to forge domestic laws that reflect community values

The Reform of International Economic Governance Antonio Segura Serrano, 2016-05-05 The second half of the twentieth century saw the emergence of international economic law as a major force in the international legal system This force has been severely tested by the economic crisis of 2008 Unable to prevent the crisis the existing legal mechanisms have struggled to react against its direst consequences This book brings together leading experts to analyse the main causes of the crisis and the role that international economic law has played in trying to prevent it on the one hand and worsening it on the other The work highlights the reaction and examines the tools that have been created by the international legal field to implement international cooperation in an effort to help put an end to the crisis and avoid similar events in the future The volume brings together eminent legal academics and economists to examine key issues from the perspectives of trade law financial law and investment law with the collective aim of reform of international economic governance

The Path of World Trade Law in the 21st Century Steve Charnovitz, 2014-11-07 The advent of the World Trade Organization WTO in 1995 transformed international economic law for states enterprises and nongovernmental organizations This book analyzes how the WTO is changing the path of international trade law and examines the implications of these trends for the world economy and the global environment Containing 18 essays published from 1999 to 2011 the book illuminates several of the most complex issues in contemporary trade policy Among the topics covered are Is there a normative theory of the WTO s purpose Can constitutional theory provide guidance to keep the WTO s levers in balance Should the WTO use trade sanctions for enforcement What can the WTO do to enhance sustainable development and job creation

The EU, the WTO and China Francis Snyder, 2010-09-02 This book presents a new theoretical framework for understanding the regulation of international trade For this purpose it analyses a series of integrated studies of relations between the EU the WTO and China It consists of three main parts Part I introduces the basic concepts It surveys the literature on law and globalisation introduces the concept of sites of governance and the theory of global legal pluralism and sketches the foundations of global legal pluralism

It shows that each site of governance has both a structural dimension consisting of institutions norms and dispute resolution processes and a relational dimension comprising its relations with other sites of governance The totality of sites of governance constitutes a new form of global legal pluralism Part II analyses global legal pluralism in action in relations between the EU the WTO and China It examines the construction of relations between sites ways in which relations between sites give rise to new legal concepts or transform the character of rules the tension between regionalism and international integration and the governance of international production networks It emphasises the reciprocal interaction between the structural features and the relational features of sites Part III explores new directions in global legal pluralism It first analyses regional trade agreements as a way of creating new sites of governance focusing on agreements involving China Then it considers how to enhance ethical values in international trade regulation Based on an institutional analysis of relations between the WTO and other sites of governance it proposes ways in which global legal pluralism can be used to reform the WTO today the predominant institution in the regulation of international trade including trade between the EU and China

The Social Foundations of World Trade Sungjoon Cho,2015 Sungjoon Cho critiques the conventional contract model of the WTO and proposes an alternative notion of community

The International Trading System Alice Landau,2005-02-03 The World Trade Organization WTO is without doubt one of our main instruments of globalization the controversy which is whipped up by this organization is arguably mainly caused by the mystery which surrounds it The International Trade System seeks to remove the clouds of misunderstanding that circle the multilateral commercial system by clearly

Trading Fish, Saving Fish Margaret A. Young,2011-04-14 Numerous international legal regimes now seek to address the global depletion of fish stocks and increasingly their activities overlap The relevant laws were developed at different times by different groups of states They are motivated by divergent economic approaches influenced by disparate non state actors and implemented by separate institutions such as the World Trade Organization and the United Nations Food and Agriculture Organization Margaret Young shows how these and other factors affect the interaction between regimes Her empirical and doctrinal analysis moves beyond the discussion of conflicting norms that has dominated the fragmentation debate Case studies include the negotiation of new rules on fisheries subsidies the restriction of trade in endangered marine species and the adjudication of fisheries import bans She explores how regimes should interact in fisheries governance and beyond to offer insights into the practice and legitimacy of regime interaction in international law

Governance and International Legal Theory I.F. Dekker,W.G. Werner,Rijksuniversiteit te Utrecht,2014-11-14 This book discusses the above mentioned topics from a multidisciplinary perspective

Redesigning the World Trade Organization for the Twenty-first Century Debra P. Steger,2010-05-06 Two high level commissions the Sutherland report in 2004 and the Warwick Commission report in 2007 addressed the future of the World Trade Organization and made proposals for incremental reform This book goes further it explains why institutional reform of the WTO is needed at this
