of the evidence for coregency during the 12th Dynasty and a detailed analysis of the full corpus of royal statuary attributed to Senwosret III and Amenemhet III This study demonstrates that by the reign of Senwosret III the central government had developed a wide ranging visual textual and religious program that included a number of distinctive portrait types designed to convey the central political and cultural messages of the dynasty **Journal of the Royal Institute of British**

Iconography and Symbolism in Theban Coffin Decoration (21st Dynasty) Rogério Sousa,2018-03-15 Egyptian coffin decoration is a complex and multidimensional phenomenon with its own history and evolution Yellow coffins were crafted in Thebes during a particular critical period in the Egyptian History witnessing to a situation of political unrest and severe economic scarcity affecting Egypt the Near East and the Mediterranean And yet there is no evidence for a decline in the production of these outstanding funerary artefacts On the contrary the corpus of yellow coffins outnumbers the previous types of Egyptian anthropoid containers and stands out among the most complex and sophisticated objects ever crafted in the Ancient World Besides this historical paradox the yellow corpus presents important epistemological challenges for our understanding of Egyptian material culture what kind of space is created within the walls and forms of an anthropoid coffin What role plays variability and change in this process Last but not the least can we understand the meaning behind the multiple shapes and endless variations adopted in coffin decoration during this period This book addresses these questions presenting the results of a comparative study on coffin decoration involving an extensive sample of objects from the yellow corpus dispersed in museums around the world The results of this study reveal the principles of composition that ruled the work of the ancient Theban craftsmen and show how important coffin decoration was for the Theban priesthood of Amun to convey their own corporative values **A Brief History of Egypt** Arthur Goldschmidt,2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present *the latter-day saints' millennial star. vlume xxxviii a. carrington*,1876 *Art in Story* Marianne Saccardi,2007 Art in Story focuses on art of the ancient world of the East and Africa of the Middle
