**The Communication Handbook** Joyce Knudsen, 2014-02-28. Today we live in a world community, a multi cultural society, a world connecting people from every corner of our planet. Depending on your skills to interact with others, doors to a rewarding life will either be opened or closed to you. It is your choice. One of the keys to expand our opportunities in a work environment or through social networking for enjoyment is to understand that we are all different in so many ways. The Communication Handbook explores the unique differences of our fellow man, enabling you to better understand other people, how they process information and shows how what you say or do consciously or unconsciously project every waking moment of your life. Joyce is one of the hardest working people I know. Outside of work, she is bright, ethical, diligent, respectful and always focused on only one thing: how she can make someone's life better. She gives of herself completely in all her work and if you're lucky enough to be that person she is working for, you will benefit greatly from her single minded dedication to improve your life. Simply put, if you're lucky, you will get to experience her genius personally. Jay Niblick, Founder/CEO Innermetrix INC. As a stylist for many years, I've learned how to understand the needs of my clients. In Dr. Joyce's *The Communication Handbook*, I have learned different ways to interact both in my professional and even personal life.
