Communities of Resistance and Solidarity Sharon D. Welch, 2017-01-05 Sharon D Welch boldly continues to be a crucial liberative voice who refuses to embrace simplistic truth claims or gloss over Christian based violence which leads many to hopelessness She critically analyzes what it means to be a scholar activist forcing the rest of us who use such a label to question what our faith and actions rests upon Cognizant of her privileges she nevertheless focuses on the particular and moves forward in constructing a liberationist response attuned to a critical thinking paradigm which remains rooted in praxis Maybe this theological shift might just save liberal Christianity Regardless if it does such a move positions Welch and those who take her work seriously to authentically stand in solidarity with different marginalized communities in resistance to social structures responsible for so much of today s global oppression Miguel De La Torre

**BACK COVER** *Biblical Hermeneutics in Context and the Struggle for Meaning* Aliou Cisse Niang, Andrew M. Mbuvi, Alice Yafeh-Deigh, Tinyiko Maluleke, Kenneth Ngwa, 2024-10-24 The meaningful juxtaposition of academics experts with the day to day lives of nonacademics nonexperts has animated Gerald O West's work from the beginning Seeking to bridge this chasm West's approach of reading the Bible with the ordinary people typically marginalized communities became a core practice not only of his church work but of his scholarship West has been a strong proponent of taking seriously the ordinary reader as a viable and legitimate contributor to our understanding of biblical interpretation Not only does this undo the ivory tower elitism that tends to pervade academic halls of learning but it also reflects a form of scholarly humility that has been a mainstay of West's and should be perpetuated more broadly in biblical scholarship

*Reckoning with Aggression* Kathleen J. Greider, 1997-01-01 Aggression is ambiguous in our society according to Kathleen Greider While giving us strength to fight the world's social ills or to create vital and powerful lives aggression can also lead to rage and violence Thus society has often viewed aggression as evil or sinful Greider wants Christians to repair their view of aggression and realize that aggression is what can spur them to make the world better In exploring aggression from feminist pastoral and theological perspectives Greider examines the relationships between violence and vitality passion and aggression and finds that Christians can be strong without being destructive

**Faith Without Certainty** Paul B. Rasor, 2005 *Bound to Sin* Alistair McFadyen, 2000-08-15

This book tests the explanatory and descriptive power of the doctrine of sin in relation to two concrete situations sexual abuse of children and the holocaust Taking seriously the explanatory power of secular discourses for analysing and regulating therapeutic action in relation to such situations the book asks whether the theological language of sin can offer further illumination by speaking of God and the world together Through its discussion of abuse and the holocaust an engagement with Augustine original sin and feminism a fresh and sometimes surprising perspective is offered both on the theology of sin and on the pathologies under consideration The understanding of sin that emerges is centred on joyful worship of the trinitarian God This essay is more systematic and more theological than most practical pastoral or applied theology and more practical and concrete than most systematic or constructive theology It is a genuinely concrete systematic theology
