## **Community Where God Dwells:**

*Enchanted Community* Robert Thornton Henderson, 2006-08-01 What Henderson has done in *Enchanted Community* is force us to confront the questions of why the church is and what it has to do with the good news of God in Jesus Christ He takes us on a fascinating journey into the mystery of the church and in the process challenges our understanding of what it means to be the authentic body of Christ For Henderson the church should not be identified with its institutional forms but rather in the authentic communities inhabited by the Holy Spirit that are part of God's missional movement We as believers are in a very real sense called out to be part of this New Creation community to lead transformed lives as a witness to God's revelation The journey leads us back to the Father the Son and the Holy Spirit as the only and ultimate source of enchantment in a disenchanted world As Henderson makes clear this journey is anything but non controversial harmless and spiritual but is in fact radical and subversive in its very essence This book offers to all of us from the pragmatic the idealistic and the honest to the slightly cynical and almost jaded practical steps to maintaining the integrity of our discipleship and the authenticity of our relationships as we struggle to live out our calling to be an enchanted people bearers of God's authentic New Creation humanity in the church and in our daily ministry as salt and light where we live and work

**Divine Presence and Community** Frank H. Gorman, 1997 This commentary by Frank Gorman shows how Leviticus though focusing largely on matters associated with the Levitical priesthood is also important to laypeople It issues a call to holiness and an appeal for ethical behavior in community

**Discipleship in Community** Mark E. Powell, John Mark Hicks, Greg McKinzie, 2020-06-16 Jesus said Go and make disciples So what exactly are we doing Western churches face a difficult future marked by numerical decline and evident signs of shrinking cultural influence But *Discipleship in Community* wisely asks the church to go back to basics What does it mean to follow Jesus What does a life of discipleship look like Trusted scholars Mark Powell John Mark Hicks and Greg McKinzie invite you to consider how good theology can lead to better more intentional discipleship In *Discipleship in Community* you will learn how the language of Trinity matters to everyday disciples how God's plan and mission is unfolding and how as disciples we can participate in that mission how the Bible is more than a book of facts and how it guides us into a relationship with God how baptism and the Lord's Supper allow us to experience God's saving power and how local churches can encourage intentional discipleship

[The Temple and the Community in Qumran and the New Testament](#) Bertil Gärtner, 2005-10-06 This is the first of a series of monograph supplements to the journal *New Testament Studies* The main purpose of the series is to make possible publication of work which is too long for inclusion in the journal The monographs will be published in either English French or German the present one is in English Dr Gärtners purpose is to follow in detail the parallels between the New Testament and Qumran writings in their concept of the community Christian or Essene as a spiritual temple The whole complex of relationships between Qumran and the early Church is studied with the purpose of extending our knowledge of the Jewish background of the New Testament Dr Gärtners conclusions lend strong

support to the view that it is from this Qumran type of Judaism that the Christian Church arose Sublime Community Anthony J. Kelly,2023-10-31 On Pentecost Sunday 24 May 2015 when Pope Francis issued Laudato Si On Care for our Common Home It broadened and deepened Catholic awareness and identity encouraged dialogue with many sciences and disciplines while stimulating ecumenical and even interreligious collaboration and communication This volume of essays looks at many aspects of an eco theology and examines Pope Francis Encyclical Laudato Si As the author writes A fundamental sense of community is the first requirement of any effective ecological commitment and communion But it is precisely on this level of community that increasing alienation has been most obvious The distancing and disaffection of the human from nature along with the violence and antagonism of human beings among themselves has long been the cause of alarm Alliances have been formed along political economic racial sexual cultural and religious lines Political economic and social superstructures have evolved to serve an alienating situation the common good is at best understood as a compromise amongst competing groups of self interest and greed In such a context ecology can easily restrict its aims to environmentalism and merely landscaping areas of poisoned earth How might the Eucharist shape an ecological vision It brings nature and culture together in a unique way bringing together what is too often kept apart in referring to say nature and culture person and community creation and the Creator The Eucharist as holy communion also brings together many gifts and many forms of giving From nature s giving we have the grain and the grapes From the giving expressed in human work and skill we have the gifts of bread and wine From the generous giving of family and friends flow the gifts of good meals and festive celebrations From Jesus self giving at the Last Supper the disciples were given his body and blood the food and drink to nourish life in him After his resurrection his giving continues as he breathes into his disciples his Holy Spirit And working in and through all these gifts and kinds of giving there is the gift of the Father who so loved the world Paul, the Community, and Progressive Sanctification James M. Howard,2007 What role does the Christian community play in the process of growing in Christian maturity This book argues that in Pauline theology the redeemed community is a necessary means for the progressive sanctification of the individual believer an idea that is largely misunderstood in parts of the Western church It evaluates foundational theological considerations traditionally omitted from sanctification studies and places them within the context of Pauline theology Included are the missiological nature of holiness the initiatory character of God the creation of the new humanity as reflecting the image of God and the impact upon the church resulting from the radical redefinition by Christ of the cultural symbols surrounding the Jewish temple system This book offers a corrective to the individualized approach to Christian growth For Paul the focus of God s transformative activity culminates with the community rather than the individual the goal of which is to reveal God s glory to the broader creation Holiness and Community in 2 Cor 6:14-7:1 J. Ayodeji Adewuya,2011-02-01 This book examines 2 Cor 6 14 7 1 and argues that its theological message is communal holiness It culminates in an attempt to posit a Pauline theology of corporate sanctification

in the Corinthian correspondence Paul's view of sanctification it is argued should be seen as multifaceted relational communal ethical and mission oriented Thus a coherent picture of Pauline teaching on holiness in the Corinthian correspondence emerges from this book For Paul the focus of God's redemptive activity is primarily the community and not the individual Paul's view on holiness has to do with communal holiness within the people of God the goal of which is to make God known to the wider society In sum this book argues that the teaching on holiness should not be and cannot be satisfactorily explained in terms of the individual but only as the individual stands in relation to the community of faith Thus the conclusion offers a corrective to some strands of modern interpretation that emphasize the individualistic experiential aspects of Christian holiness thus tending to reduce Christian holiness to morality Majority World Theology Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2020-12-01 More Christians live in the Majority World than in Europe and North America Yet most theological literature does not reflect the rising tide of Christian reflection coming from these regions Bringing together theological resources from past and present East and West this work engages conversations with leading global scholars on theology faith and mission for the enrichment of the entire church *True Friendship - Havruta Christ Discipleship Community* Eddy Leo, 2025-04-22 Jesus did not start His Ecclesia with the 12 but from 2 friends who were originally John the Baptist's disciples John and Andrew This friendship unit was the beginning of a powerful church that will destroy the kingdom of darkness and bring forth God's kingdom on earth It turns out that Jesus disciplined His disciples using a Jewish discipleship method called HAVRUTA meaning FRIENDSHIP This method has been used by the Jewish people since the time of the Babylonian exile until today After I studied this discipleship model my spiritual eyes were opened widely It brought me to a realization that many discipleship concepts that we previously applied were totally different when compared with the havruta model that Jesus applied *The Christian Community* Jesús A. Diez Canseco, 2022-08-29 The book presents the biblical foundations of the Christian community and its reasons to exist as an integral part of the human community in general **Djehuti Institute Publication Where Spirituality and Science Harmonize: Family and Community Focus Vol. 19 No. 2 July 1st-10th, 2012** Yehotifa Chesed Tau Mari, 2012-06-28 Join a monthly subscription to the Djehuti Institute Publication for a tri weekly journal sent to your home with little cost for you You will find many useful articles that contain thought and pro active solution that you will find no where else This publication is for the sharp mind and avid reader the seeker and the student of the holistic Kemetic Arts and a practical way of life For our generation of people across the world we are united in an attempt to free our minds Amen **The Matthean Community and the World** James P. Grimshaw, 2008 This study of the Matthean narrative uses the interpretive lens of food exchange to explore the Matthean community's relationship with the wider world While many studies depict this community as withdrawing from or in conflict with the larger society James P Grimshaw's focus on the daily need for food reveals a community that while distinct progressively integrates itself into the larger Jewish and Gentile society and the natural world In addition this view of

community corresponds to the view of a God who actively provides for and relates to all creation Grimshaw's alternative portrayal of the Matthean community whose interactions with its surrounding environment are more complex and sustained than often imagined is a compelling interpretation for today's stratified and disconnected world

**Kingdom Dynamics of the Apostolic Community** Dr. Allan S. Isaac, 2009-05-26 Every child of God encounters spiritual warfare on many fronts To help us to win our battles the Lord of Hosts gave us the Holy Spirit as our Helper against the forces of hell Relationship with Him is imperative as He brings with Him all that we will need to become more than conquerors Every believer needs to manifest the character of Christ in waging war against the enemy Every believer has a call of God is anointed and graced and must be able to function effectively in the Kingdom of God Every believer must become conscious of the spiritual strategy to wage war against the enemy and be victorious Every believer must become fully equipped to continue to establish God's Kingdom purpose on the earth Every believer must discover connection with the Master's vision of the results expected The Holy Spirit endows us with the capacity for winning every battle The Holy Spirit equips us with the ability to wage successful warfare The Holy Spirit encourages us with the strategy of a Kingdom warrior The Holy Spirit enlightens us with the mentality derived from the wisdom of God The Holy Spirit enables us with authority as we connect with the Master's vision The picture that God has of every Kingdom Warrior must become realized in our individual lives The church must align itself with the Vision that God has of it and not seek to compromise God's vision for His church We can be all that God said we will be do all that He raised us up to do and have all that He has promised us

*Early Judaism and the New Testament* Warren Carter, Ariel Feldman, 2025-09-09 The relationship between Early Judaism and the New Testament is a major issue in biblical studies one that has impacted Jewish Christian relations for centuries This impact has often been negative due to troubling misconceptions of both the New Testament and Jewish writings contemporaneous with it Misunderstandings have arisen from inaccurate information religious traditions and anti-Semitism Warren Carter and Ariel Feldman address and correct these misconceptions by engaging with the New Testament and major writings from Early Judaism including the Apocrypha Old Testament Pseudepigrapha and the Dead Sea Scrolls as well as Philo and Josephus The authors emphasize various interactions among these traditions for the purpose of better interpreting the New Testament and importantly avoiding anti-Jewish bias This is an ideal supplemental textbook for students of the New Testament as well as interested clergy and laity The text is straightforward and readable and unlike other books on the topic it does not assume prior knowledge of Early Judaism or of New Testament engagement with it Each chapter recognizes troubling misunderstandings that people often have about the interactions between Early Judaism and the New Testament and includes discussion prompts

The Church from Every Tribe and Tongue Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2018-07-05 The Book of Revelation describes a church from every tribe tongue people and nation glorifying the Lamb that was slain As the church expands in the Majority World and Christianity becomes an increasingly global faith this vision is an increasingly visible

reality The insights found in *The Church from Every Tribe and Tongue* are not commonplace Written by nine theologians and biblical scholars from Africa Asia Latin America and North America each provides fresh perspectives surveying the most pressing ecclesiological issues in their various regions The end result is a prescient analysis and constructive proposal detailing how the worldwide church can bear witness in a diverse and changing world

**Paul and the Corinthians: Studies on a Community in Conflict** Trevor J. Burke, Keith Elliott, 2014-04-09 This volume has 1 and 2 Corinthians as its main focus where the various contributors address significant aspects of text language background theology and exegesis The first part of the volume deals with the issues of textual criticism and traditions available to Paul while the second section is interdisciplinary in nature and integrates different methodologies such as social scientific and rhetorical criticism in order to provide new insights into the text The third and longest section addresses the varied theological problems which the community raised with Paul including sexual matters the timing of the resurrection the resurrection body authority and headship soteriology and the question of Paul's faithfulness and integrity The final section concentrates on the identity of Paul's opponents his visions and apologetics

**The Self-Understanding of the Dead Sea Scrolls Community** Paul Swarup, 2006-08-31 This is a study of two metaphors an eternal planting and a house of holiness which were used extensively by the DSS Community in expression of their self-understanding These two metaphors embrace a wide range of biblical themes which they appropriated for themselves The sectarian writings and non-sectarian writings used by the community have been examined in order to bring out the theology behind these two metaphors Each passage is compared and contrasted primarily with the Hebrew Bible to see how the text has been reworked or nuanced to suit its new context It is concluded that these two metaphors express the deep yearning of

the DSS Community for a complete restoration of Israel for a return to Edenic conditions as before the Fall and for a temple which was pure These metaphors contribute to the community s self understanding of themselves as the eternal planting or True Israel the faithful remnant who practised justice and righteousness and awaited the eschaton They beleived that they were indeed a kingdom of priests and a holy nation They understood themselves to be a proleptic temple in advance of the eschatological temple to be built by God They were also the true priests functioning in God s heavenly temple carrying out the priestly ministry of atonement teaching intercession and blessing These two metaphors appear to be quite distinct at first sight but on closer examination they are seen to convey many complementary theological ideas
