Compañeras Zapatista Womens Stories:

Compañeras Hilary Klein, 2015-02-24 *Compañeras* is the untold story of women's involvement in the Zapatista movement the indigenous rebellion that has inspired grassroots activists around the world for over two decades Gathered here are the stories of grandmothers mothers and daughters who became guerilla insurgents and political leaders educators and healers who worked collectively to construct a new society of dignity and justice *Compañeras* shows us how after centuries of oppression a few voices of dissent became a force of thousands how a woman once confined to her kitchen rose to conduct peace negotiations with the Mexican government and how hundreds of women overcame ingrained hardships to strengthen their communities from within *Revolutionary Nonviolence* Professor Richard Jackson, Joseph Llewellyn, Griffin Manawaroa Leonard, Aidan Gnoth, Tonga Karena, 2020-03-15 *Revolutionary Nonviolence Concepts Cases and Controversies* provides an advanced introduction to the central philosophy ideas themes controversies and challenges of applying revolutionary nonviolence in political struggles today with a particular emphasis on reframing nonviolence through a postcolonial lens Bringing together an eminent group of researchers and activist scholars this collection focuses on a number of important questions Is a commitment to radical nonviolence a necessity for generating revolutionary change in society Should revolutionary movements abandon their reliance on political violence as a tool of change What are some of the practical and theoretical challenges of adopting revolutionary nonviolence today What can we learn from groups actors and cases of people who have used revolutionary nonviolence to struggle against injustice With a mix of theoretical and case study based chapters the volume explores these and other important questions about how to generate necessary and lasting revolutionary change today **Re-enchanting the World** Silvia Federici, 2018-11-01 Silvia Federici is one of the most important contemporary theorists of capitalism and feminist movements In this collection of her work spanning over twenty years she provides a detailed history and critique of the politics of the commons from a feminist perspective In her clear and combative voice Federici provides readers with an analysis of some of the key issues and debates in contemporary thinking on this subject Drawing on rich historical research she maps the connections between the previous forms of enclosure that occurred with the birth of capitalism and the destruction of the commons and the new enclosures at the heart of the present phase of global capitalist accumulation Considering the commons from a feminist perspective this collection centers on women and reproductive work as crucial to both our economic survival and the construction of a world free from the hierarchies and divisions capital has planted in the body of the world proletariat Federici is clear that the commons should not be understood as happy islands in a sea of exploitative relations but rather autonomous spaces from which to challenge the existing capitalist organization of life and labor **Visible Dissent** Teresa V. Longo, 2018-05-15 As Teresa Longo's groundbreaking examination reveals North America's dissident literature has its roots in the Latin American literary tradition From Pablo Neruda's *Canto General* to Eduardo Galeano's *Open Veins of Latin America* to Gabriel García Márquez's *One Hundred Years*

of Solitude among others contemporary writers throughout the Americas have forced us to reconsider the United States s relationship with Latin America and more broadly with the Global South Highlighting the importance of reading and re reading the Latin American canon in the United States Longo finds that literature can be an instrument of progressive social change and argues that small literary presses City Lights Curbstone and Seven Stories have made that dissent visible in the United States In the book s final two chapters on the Robert F Kennedy Center s Speak Truth to Power initiative and the publication of Marc Falkoff s Poems from Guant namo the author turns our attention further outward probing the role poetry theater and photography play in global human rights work Locating the work of artists and writers alongside that of scholars and legal advocates Visible Dissent not only unveils the staying power of committed writing it honors the cross currents and the on the ground implications of humane political engagement

Constructive Resistance Majken Jul Sørensen,Stellan Vinthagen,Jørgen Johansen,2023-09-12 Constructive resistance occurs when people start to build the society they desire independently of and in opposition to the dominant structures already in place Through case studies and illustrative examples from around the world this book explores how people working for a more just sustainable and peaceful future combine construction and resistance The book provides students and practitioners of resistance with tools to detect critically discuss and evaluate cases of constructive resistance While some movements focus mainly on either construction or resistance the authors argue that those who manage to creatively combine the two are likely to achieve more far reaching goals and see their results become more durable

A Beginner's Guide to Building Better Worlds Levi Gahman,Nasha Mohamed,Filiberto Penados,Johannah-Rae Reyes,Atiyah Mohamed,Shelda-Jane Smith,2022-05-31 This ambitious book offers radical alternatives to conventional ways of thinking about the planet s most pressing challenges ranging from alienation and exploitation to state violence and environmental injustice Bridging real world examples of resistance and mutual aid in Zapatista territory with big picture concepts like critical consciousness social reproduction and decolonisation the authors encourage readers to view themselves as co creators of the societies they are a part of and be Zapatistas wherever they are Written by a diverse team of first generation authors this book offers an emancipatory set of anti colonial ideas related to both refusing liberal bystanding and collectively constructing better worlds and realities

Insurgent Universality Massimiliano Tomba,2019 Scholars commonly take the Declaration of the Rights of Man and Citizen of 1789 written during the French Revolution as the starting point for the modern conception of human rights According to the Declaration the rights of man are held to be universal at all times and all places But as recent crises around migrants and refugees have made obvious this idea sacred as it might be among human rights advocates is exhausted This book suggests that we need to think of a different idea of universality that exceeds the juridical universalism of the Declaration Insurgent Universality investigates alternative trajectories of modernity that have been repressed hindered and forgotten Investigating radical upheavals Tomba excavates an alternative idea of universality that is based on popular political practices that disrupt and

reject the existing political and economic order The book shows how this tradition builds bridges between European and non European political and social experiments

Twelve Feminist Lessons of War Cynthia Enloe, 2023-09-07 Cynthia Enloe is a force to be reckoned with and utterly tireless Her work has long spanned intersectional analyses of gender race and class she repeatedly questions which things society pays attention to and which we consider insignificant She is an inspiration Laura Bates A triumph Chatham House Twelve Feminist Lessons of War draws on sharp insights of women as survivors activists and scholars from Ukraine to Sudan and Myanmar to show how diverse women s experiences of war must be taken seriously if we are to prevent and shorten wars and make gender justice central to recovering from wars Women s wars are not men s wars Wartime shapes the gendered politics of marriage prostitution journalism economics childcare domestic violence and rape Enloe s razor sharp analysis highlights how understanding this can prevent wars and even end them With fresh fierce and vital thinking she shows that by paying more attention to the wounded and the women who care for them we will be more realistic about the long post war and that by listening to feminists on the ground in Ukraine and elsewhere we will better understand what is happening to our world Cynthia is one of only 100 women named on the Gender Justice Wall in The Hague

Autonomy Is in Our Hearts Dylan Eldredge Fitzwater, 2019-02-01 Following the Zapatista uprising on New Year s Day 1994 the EZLN communities of Chiapas began the slow process of creating a system of autonomous government that would bring their call for freedom justice and democracy from word to reality Autonomy Is in Our Hearts analyzes this long and arduous process on its own terms using the conceptual language of Tsotsil a Mayan language indigenous to the highland Zapatista communities of Chiapas The words Freedom Justice and Democracy emblazoned on the Zapatista flags are only approximations of the aspirations articulated in the six indigenous languages spoken by the Zapatista communities They are rough translations of concepts such as ichbail ta muk or mutual recognition and respect among equal persons or peoples a mtel or collective work done for the good of a community and lekil kuxlejal or the life that is good for everyone Autonomy Is in Our Hearts provides a fresh perspective on the Zapatistas and a deep engagement with the daily realities of Zapatista autonomous government Simultaneously an exposition of Tsotsil philosophy and a detailed account of Zapatista governance structures this book is an indispensable commentary on the Zapatista movement of today

Sustainable Food Futures Jessica Duncan, Megan Bailey, 2017-08-04 Securing sustainable food for everyone is one of the world s most pressing challenges but research policy and programmes remain fragmented and effective solutions have been slow to emerge This book takes on these challenges by proposing a range of solutions that can advance pathways towards sustainable food futures Complete with recipes this book is structured so that readers are taken in a logical progression through discussions of solutions highlighting the need to recognise the importance of place and the importance of participation and to challenge dominant descriptions of markets through to re designing food systems The solutions presented in this book are based on real world cases but discussions remain deliberately broad to encourage thinking in new ways Cases are drawn from Africa

Asia Europe and North and South America The book is of relevance to those interested in sustainable food futures and can serve as a supplementary textbook for a wide range of courses in food studies and related disciplines **The**

Radicalization of Pedagogy Simon Springer, Marcelo Lopes de Souza, Richard J. White, 2016-05-27 How do activists learn radical politics Does the increasing neoliberalisation of education limit the possibilities of transgressive pedagogies And in what contexts have anarchist geographers successfully shaped alternative pedagogic practices Pedagogy is central to geographical knowledge and represents one of the key sites of contact where anarchist approaches can inform and revitalize contemporary geographical thought This book looks at how anarchist geographers have shaped pedagogies that move towards bottom up organic transformations of societies spaces subjectivities and modes of organizing where the importance of direct action and prefigurative politics take precedence over concerns about the state Examining contemporary and historical case studies across the world from formal and informal contexts the chapters show the potential for new imaginaries of anarchist geographies that will challenge and inspire geographers to travel beyond the traditional frontiers of geographical knowledge

Honor Killings Lisa Idzikowski, 2017-07-15 Honor killings are acts of vengeance committed by male relatives against female relatives who have brought dishonor upon the family This dishonor can include refusal to enter into an arranged marriage being the victim of sexual assault seeking a divorce or having social or professional interactions outside the community These crimes often go unpunished or lightly punished in cultures in which the practice is enshrined and are often reported as suicides or accidents Honor killings occur worldwide including among immigrant communities within Western democracies The articles in this volume provide multiple perspectives on how best to prevent prosecute and punish such crimes how to safeguard women s safety and freedom and how to balance tradition religion and community standards against the protection of universal human rights

Critical Perspectives on Sexual Harassment and Gender Violence Bridey Heing, 2017-12-15 While awareness of sexual harassment and gender based violence has increased in recent years there is still much debate about what constitutes harassment what motivates gender violence and how best to combat both issues The impact of this particular kind of aggression is real it impacts the ability of women and other victims to go to school or work safely and leaves many either dead or forced to live with long term emotional or physical effects This book explores the many facets of the conversation surrounding sexual harassment and gender violence so that students understand the causes forms and impact of these two interconnected issues

The Revolutionary Imaginations of Greater Mexico Alan Eladio Gómez, 2016-09-06 Bringing to life the stories of political teatristas feminists gunrunners labor organizers poets journalists ex prisoners and other revolutionaries The Revolutionary Imaginations of Greater Mexico examines the inspiration Chicanas os found in social movements in Mexico and Latin America from 1971 to 1979 Drawing on fifteen years of interviews and archival research including examinations of declassified government documents from Mexico this study uncovers encounters between activists and artists across borders while sharing a socialist oriented anticapitalist

vision In discussions ranging from the Nuevo Teatro Popular movement across Latin America to the Revolutionary Proletariat Party of America in Mexico and the Peronista Youth organizers in Argentina Alan Eladio Gomez brings to light the transnational nature of leftist organizing by people of Mexican descent in the United States tracing an array of festivals assemblies labor strikes clandestine organizations and public protests linked to an international movement of solidarity against imperialism Taking its title from the greater Mexico designation used by Amrico Paredes to describe the present and historical movement of Mexicans Mexican Americans and Chicanas os back and forth across the US Mexico border this book analyzes the radical creativity and global justice that animated Greater Mexico leftists during a pivotal decade While not all the participants were of one mind politically or personally they nonetheless shared an international solidarity that was enacted in local arenas giving voice to a political and cultural imaginary that circulated throughout a broad geographic terrain while forging multifaceted identities The epilogue considers the politics of going beyond solidarity

Democracy Beyond the Nation State Joe Parker, 2017-06-26 Democracy promises rule by all not by the few Yet electoral democracies limit decision making to representatives and have always had a weakness for inequality How might democracy serve all rather than the few Democracy Beyond the Nation State Practicing Equality examines communities that govern their own lives without elites or centralized structures through assemblies and consensus Rather than claiming equality by abstract rights or citizenship these groups put equality into practice by reducing wealth and health divides or landlessness or homelessness and equalizing workloads These practices are found in rural India and Brazil in Buenos Aires London and New York and among the Iroquois the Zapatistas and the global networks of La Via Campesina farmers and the World Social Forum Readable accounts of these horizontal democracies document multiple political frames that prevent democracy from being frozen into entrenched electoral systems producing modern inequalities Using practice to rewrite political theory Parker draws on collective politics in Spivak and Derrida and embodied relations from Povinelli and Foucault to show that equal relations are not a utopian dream not nostalgia and not impossible This book provides many practical solutions to inequality It will be useful to students and scholars of political theory and social movements and to those who are willing to work together for equality

Educational Alternatives in Latin America Robert Aman, Timothy Ireland, 2019-04-16 This book explores diverse contemporary paradigms of educational praxis and learning in Latin America both formal and non formal Each contributor offers a unique perspective on the factors which lead to the production of paradigms rooted in other logics cosmologies and realities and how these factors may renegotiate and redefine concepts of education learning and knowledge The various chapters provide a road map for scholars activists artists students organizations and social movements to help begin to construct learning spaces that seek to engage with a new more horizontal form of participatory democracy
