Companion To The Poor Christ In The Urban Slums:

Companion to the Poor Viv Grigg, 2004 When he entered the Manila squatter settlement of Tatalon in 1979 Grigg knew what he wanted to do but not how to do it The need was obvious to establish a Christian church among Asia's forgotten people the impoverished slum dwellers of its vast megalopolises The challenge was to find a way that did not treat people's spiritual needs in isolation from their poverty without simply becoming another economic or social relief program with no evangelistic component This book is the enthralling story of how the author met and solved this problem But in a sense it is an unfinished story What has begun is but the beginning of the founding of a Christian community in a dark place This is not Viv Grigg's story alone but God's story For it is God who is working in Tatalon and urban slums like it and giving people a hope that affects all of life Viv Grigg challenges us to reexamine our strategies and design new approaches that will build Christ's kingdom among the poor who comprise nearly half the world *Beyond Our Walls* Anita Rahma, 2022-11-15 Finding True Worth in the Slums With over one billion people living in urban slums today these communities are arguably one of the largest unreached demographics in the world The challenge is great as are the sacrifices of living there yet the Lord can do much with a willing follower So what if choosing to live in a slum is a way to become closer to Jesus *Beyond Our Walls* provides a unique window into what ministry in an urban slum setting can look like The author shares the amazing story of God's faithfulness in her life as she follows Jesus into the slums of Jakarta Indonesia and still lives there twelve years later with her husband and two young sons Not only have her Muslim neighbors had an opportunity to get to know a follower of Jesus but the author herself has been forever changed by her experiences Readers will be moved and challenged by this book It provides an intriguing testimony that will appeal to those interested in Muslim Christian relations And women already on the mission field will find it especially encouraging as the author reflects on the difficult aspects of mothering on the field and the faithfulness of Jesus through the hard years of parenting small children While life in the slums is often hard the joys are many as well **Linking Arms, Linking Lives** Ronald J. Sider, John Perkins, F. Albert Tizon, 2008-10-01 Among the various lines drawn between people in the church male and female young and old black and white rich and poor Republican and Democrat there is the line between the urban and the suburban The stereotypes of the edgy socially active multicultural urban Christian and the middle class comfortable upwardly mobile suburban Christian mix fact and fiction *Linking Arms Linking Lives* looks beyond stereotypes and makes a compelling case for partnership that crosses urban and suburban for effective ministry among the poor Drawing from a growing network of development practitioners pastors and theologians this book focuses on the experiences of partnership between urban and suburban entities to provide both theological foundations and practical guidelines for those who desire to partner effectively All who want to find viable ways to help the poor will welcome this thoughtful and hope-filled book Includes a Foreword by Noel Castellanos *Missions* Gailyn Van Rheenen, 2014-07-22 In a rapidly changing world the central missionary vision of the church must be constantly renewed lest

its foundations become lost in the confusion of change or its practices trapped in missionary models of the past In this second edition of *Missions* long time missionary Gailyn Van Rheenen revises and updates his classic text on Christian missions laying sound theological and strategic foundations for the missionary of today and tomorrow Van Rheenen helps renew the missionary vision by discussing areas such as The history of Christian mission and how it affects where we are today Spiritual formation for God's mission The missionary cycle Cross cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But *Missions* is more than blackboard theory Written by a long time missionary it carries the conviction and insights of one who has lived his subject Accessible to students practitioners and laypeople alike *Missions* provides a primary go to resource for understanding and becoming involved in the dynamic activity of world missions

Vulnerable Mission: Jim Harries, 2011-06-28 In this compendium Jim articulates the impact of the nature and shape of the interface between the West and Africa and how that interface works or does not work Read on if you are interested in Africa mission development globalisation communication linguistics theology dependency or power dynamics in intercultural perspective The conclusions reached in the fourteen articles in this compendium endorse Jim's deepening conviction that some Western missionaries and development workers ought to engage in their ministries in Africa and the majority world using indigenous languages and locally available resources To this end Jim and some of his missionary colleagues formed the Alliance for Vulnerable Mission in 2007

To Transform a City Eric Swanson, Sam Williams, 2010-09-07 *To Transform a City* is a timely compelling book that helps readers understand how to think about cities their own city and the broad strategies needed for kingdom impact The book begins with an overview of the importance of cities in the new day in which we live The authors address the process of transformation along with examples of where and how communities have been transformed throughout history After writing a persuasive chapter on kingdom thinking the authors unfold the meaning of the whole church the whole gospel and the whole city The book ends with the need for people of good faith to work together in the city with people of good will for the welfare of the city

Theory to Practice in Vulnerable Mission Jim Harries, 2012-02-20 Missionaries from the West like to hit the ground running to solve as many of other people's problems as possible in the increasingly short term they have available for service Hang on says Jim Harries After twenty four years in Africa observing how poverty traditional practices dependency and misunderstandings continue Harries asks what is the point of bringing solutions that local people cannot reproduce Harries challenges missionaries and development workers to counter dependency on the West by engaging in sustainable ministry that local people can imitate This requires some Westerners to work on the basis of local languages and resources a practice known as vulnerable mission Rooted in personal experience founded in a postmodern appreciation of language drawing on anthropology based in Christian theology Harries provides a case for the necessity of vulnerable mission in the twenty first century

Recovering the Full Mission of God Dean Flemming, 2013-11-03 Should our

proclamation of the gospel be in words or deeds or both What do the Scriptures say New Testament scholar and missionary Dean Flemming takes a look at this disputed question Rooted in the Old Testament and covering the Gospels Paul Acts Peter and Revelation Flemming provides a biblically sound basis for holistic evangelism Missional Fidelity of MoveIn Micah Kim,2023-03-06 How can the church go beyond mere social services to having an incarnational evangelistic impact on unreached urban immigrants This work explores how MoveIn a global prayer movement of regular lay Christians has become a model for how the church can authentically and radically share the gospel with unreached neighbors **By Word, Work and Wonder** Tom McAlpine,2003-06-30 What does holistic mission really mean If you are engaged in Christian mission this question is extremely important to you Chances are you have already embraced a definition of holism and applied it to your ministry In this groundbreaking book the author brings you several examples of holistic mission from Asia Europe and Latin America and encourages you to compare these cases against your own ministry We often limit our understanding of holistic mission to a linking of evangelism and social action If this is true of you then this thought provoking book will broaden your idea of holism and challenge you to reflect on a wide range of issues relating to mission McAlpine seeks nothing short of reframing the way in which the question of holism is put and expanding the range of issues it involves He also skillfully analyzes studies from the journal Transformation which has pioneered much of today s thinking on holism Through the exciting cases and analyses presented in this new work we begin to see the emerging shape of holistic mission **A New Vision, a New Heart, a Renewed Call** David Claydon,2005 **The Gifts for the City** Andy Singleterry,2023-10-20 How can I determine which spiritual gifts I have Wrong question Paul writes about the spiritual gifts in his letters as capacities of communities rather than individuals and he never makes a definitive definable list The gifts are fluid and dynamic refusing to be pinned down How can we start to describe how the Spirit works through us is a much more useful question This book helps you answer that question and then applies principles about spiritual gifts to urban ministry Cities present particular challenges to the teams who live and minister in them Certain spiritual gifts are crucial to teams trying to love their neighbors and their neighborhoods as themselves Living Mission Scott A. Bessenecker,2010-08-03 With a survey of the history of new friar movements and commentary by forerunner Viv Grigg this seminal book edited by Scott A Bessenecker paints a picture of the global mission of the new friars that is new only because it has been neglected for so long a mission that is truly good news **Christianity and Suffering** Rodney L. Reed,2017-12-14 We often hear these days that the centre of Christianity is moving toward the Global South and Africa is a key player in that movement This makes the study of African Christianity and African realities important even more so when it is being done by Africans themselves in their own context The Africa Society of Evangelical Theology ASET was created to encourage research and sustained theological reflection on key issues facing Africa by and for African Christians and those working within African contexts The volumes in the ASET series constitute the best papers presented at the annual conferences of ASET and together they seek to fill this important

gap in the literature of Christianity Africa is all too familiar with suffering Yet there is a dearth of sustained theological reflection on suffering by Africans or for Africans Christianity and Suffering African Perspectives addresses this need and is the fruit of the 5th Annual Conference of the Africa Society of Evangelical Theology The contributions address age old issues like why God does not prevent or relieve human suffering they wrestle with causes of suffering including witchcraft poverty curses and war and they also explore appropriate Christian responses to suffering all from within the African context The Africa Society of Evangelical Theology ASET is a professional society founded in 2009 for the purpose of fostering evangelical theological scholarship and to facilitate collegial relationships among scholars and practitioners of the Christian religion in Africa Its core values are 1 Faithfulness to the Bible 2 Professional ethics 3 Creative and critical thinking 4 Christ like humility 5 Community of scholars encouraging respecting and learning from one another and 6 Development and inspiration of young scholars To learn more about ASET please visit its Facebook page facebook com

AfricaSocietyOfEvangelicalTheology [Churches That Make a Difference](#) Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today's environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In Churches That Make a Difference best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to's of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did *Mission as Life* J. Randall Wallace, 2010-05 This book explores how both individuals and families can create an environment where authentic Christianity can flourish People grow best in a supportive community and families can provide the earliest expression of the type of community God intended Families can become a microcosm of the church as they allow Christ to live through them using their gifts to minister to a hurting world Building on a foundation of Scripture the goal of this book is to ignite within families a desire to make advancing the Kingdom of God a priority in how they use their time treasure and talents It outlines how regular community service anchors biblical values into family life and elevates personal spiritual development to new levels by putting faith into action By aligning their lives with God's values by serving together family
