**Language Typology and Historical Contingency** Balthasar Bickel, Lenore A. Grenoble, David A. Peterson, Alan Timberlake, 2013-12-15 What is the range of diversity in linguistic types what are the geographical distributions for the attested types and what explanations based on shared history or universals can account for these distributions This collection of articles by prominent scholars in typology seeks to address these issues from a wide range of theoretical perspectives utilizing cutting edge typological methodology The phenomena considered range from the phonological to the morphosyntactic the areal coverage ranges in scale from micro areal to worldwide and the types of historical contingency range from contact based to genealogical in nature Together the papers argue strongly for a view in which although they use distinct methodologies linguistic typology and historical linguistics are one and the same enterprise directed at discovering how languages came to be the way they are and how linguistic types came to be distributed geographically as they are

New Perspectives on Historical Latin Syntax: Constituent syntax : adverbial phrases, adverbs, mood, tense Philip Baldi, Pierluigi Cuzzolin, 2009 New Perspectives on Historical Latin Syntax is a methodologically uniform multi authored work that traces main currents in the syntactic history of Latin The term history of Latin or of any other ancient IE language in its most widespread usage means history of phonology and morphology as they have developed from PIE Standard comparative grammars of Latin have concentrated primarily on the development of the phonological and morphological systems of the language with comparatively little attention paid to historical syntax This emphasis is reflective of the Indo European tradition in wh

**Constituent Syntax: Adverbial Phrases, Adverbs, Mood, Tense** Philip Baldi, Pierluigi Cuzzolin, 2010-07-19 New Perspectives on Historical Latin Syntax Constituent Syntax Adverbial Phrases Adverbs Mood Tense is the second of four volumes dealing with the long term evolution of Latin syntax roughly from the 4th century BCE up to the 6th century CE This volume along with Volume 3 comprises chapters dealing with structure and evolution of syntactic phenomena below the level of the sentence Topics treated in this volume include adverbs adverbial phrases mood modality and tense aspect Chapters are distinguished by their depth of treatment clear style and ample illustration with original citations Their readability is enhanced by the non technical presentation which characterizes all volumes in the set Key features first publication to investigate the long term syntactic history of Latin generally accessible to linguists and non linguists theoretically coherent formulated in functional typological terms does not require reading fluency in Latin since all examples are translated into English
